The grand Bharat Mandapam in New Delhi hosted the historic 18th G20 Summit from September 9-10, 2023. The Ministry of Information & Broadcasting led the comprehensive outreach and publicity for the summit, effectively engaging the public and media.

The Union Minister for Information & Broadcasting, Youth Affairs and Sports, Shri Anurag Singh Thakur inaugurating the CBC Exhibition at Kala Academy during the 54th International Film Festival of India (IFFI), in Goa on November 21, 2023.

The Ministry of Information and Broadcasting is the face of the Government of India in reaching out to the masses. The crucial task of disseminating information about Government policies, schemes and programmes through different media vehicles is entrusted to the Ministry. Radio, television, films, press and print publications, digital and social media, posters, advertising, and traditional modes of communication such as dance, drama, folk recitals, puppet shows – all these are effectively brought into play by the Ministry and its media units in dissemination and free flow of information.

The Ministry assists the Government in focusing attention of the people of various age groups on issues of national integrity, environmental protection, healthcare and family welfare, eradication of illiteracy and issues relating to women, children, minorities and other disadvantaged sections of the society, and elicit their participation in developmental activities.

The Ministry is also the focal point regarding policy matters relating to private broadcasting, administering the public broadcasting service (Prasar Bharati), multimedia advertising and publicity of the policies and programmes of the Government of India, film promotion and certification, and regulation of print and digital media.

The Ministry is functionally divided into three sectors viz., Information, Broadcasting and Films. There are seven media units/ attached & subordinate offices, two autonomous bodies, three training institutes, and two Public Sector Undertakings (PSUs). The Main Secretariat of the Ministry is headed by a Secretary who is assisted by one Additional Secretary, one Additional Secretary & Financial Adviser (AS&FA), one Senior Economic Advisor,

four Joint Secretaries and one Joint Secretary (in-situ). They are supported by 25 officers at the level of Director/ Deputy Secretary/ Joint Director/Additional Economic Advisor/ PSO/Sr. PPS, 34 officers at the level of Under Secretary/Deputy Director/PPS, 69 Assistant Directors/ Section Officers/ Private Secretary level officers and 291 non-gazetted officers/ officials.

The **Information Sector** is responsible for information dissemination and awareness creation of the policies and activities of the Government of India through print, electronic and digital media, framing of policy guidelines for rate fixation of Government advertisements on print, electronic, and online platforms, and administering the Press and Registration of Periodicals Act, 2023, and the Press Council Act, 1978.

The **Broadcasting Sector** aids the Ministry in the far-reaching dissemination of Government schemes and initiatives via All India Radio and Doordarshan. The Sector oversees these public broadcasters by administering the Prasar Bharati (Broadcasting Corporation of India) Act, 1990. It also regulates private TV channels and the network of multi system operators and local cable operators through the Cable Television Networks (Regulation) Act, 1995 and policy guidelines issued from time-to-time. It gives licenses to DTH/HITS operators for their respective operations. The private FM radio network is regulated by the Ministry through auctioning of FM channels, operationalisation of Community Radio Stations in rural and remote areas.

The **Films Sector** is responsible for production, promotion and preservation of films and filmic content. It also includes documentaries, organisation of international film festivals and promotion of good cinema

by institution of awards. It administers the Cinematograph Act, 1952, which looks into certification of films for public exhibition, and handles other matters relating to film industry, including developmental and promotional activities.

The subjects of (i) content of publishers of news and current affairs on digital media and (ii) publishers of online curated content (OTT platforms) were transferred to Ministry of Information and Broadcasting through an amendment in Allocation of Business Rules, 1961 vide notification dated November 9, 2020. The Information Technology (Intermediary Guidelines and Digital Media Ethics Code) Rules, 2021 were notified under the Information Technology Act, 2000 on February 25, 2022, to provide an institutional mechanism for regulation of publishers of news and current affairs on digital media and publishers of online curated content (OTT platforms). Part-III of these Rules, *inter-alia* provides for a Code of Ethics for publishers of news and current affairs on digital media and publishers of online curated content (OTT platforms) and a three-level Grievance Redressal Mechanism to look into complaints/grievances in relation to violation of the Code of Ethics by OTT platforms.

The Central Government vide notification dated July 28, 2023 amended **Allocation of Business Rules** and subject relating to online advertisements, and content made available by online content providers/publishers has been brought under the mandate of Ministry of I&B. Revised entry under Allocation of Business Rules of the Ministry is as under:

“VA. **Digital/Online Media**

22A. Films and Audio-Visual programmes/ content made available by online content providers/publishers.

22B. News and current affairs content on online platforms.

NEW INITIATIVES

The Ministry of Information and Broadcasting undertook several initiatives during the year 2023-24 across all its organisations and divisions. An overview of the chief initiatives is as under:

ADMINISTRATION AND POLICY

- **The Cinematograph (Amendment) Act, 2023:** The Cinematograph (Amendment) Act, 2023 was notified on August 4, 2023 with the aim to curb the menace of piracy. The provisions include strict punishment of minimum three months imprisonment and fine of Rs. 3 lakh which can be extended up to three years imprisonment and fine up to 5 per cent of the audited gross production cost. The Government has also done away with the requirement to renew film's license every 10 years and has made it valid for lifetime. Additionally, the existing UA category of certification has been further sub-divided into three age-based categories viz. 7+ years, 13+ years and 16+ years which are only recommendatory in nature, meant for the parents or guardians to consider whether their children should view such a film.
- **The Press and Registration of Periodicals Act, 2023:** The Press and Registration of Periodicals Act, 2023 was notified on December 29, 2023. The colonial era law of the Press and Registration of Books Act, 1867 has thus been repealed, making the process of allotment of title and registration of periodicals simple and simultaneous through an online system without the requirement of any physical interface. The publishers would no longer be required to file a declaration with the District Magistrates or the local authorities and get such declarations authenticated. Further, printing presses would also not be required to furnish any such declaration instead only an intimation would be sufficient. The PRP Act, 2023 enables and empowers the Press Registrar General to fast track the process and to suspend/cancel the Certificate of Registration. The statute has been substantially decriminalised as against the PRB Act, 1867 and ushers in a new era of press freedom and ease of doing business. The PRP Act, 2023 came into effect from March 1, 2024.
- **Digital Advertisement Policy, 2023:** The Ministry of Information and Broadcasting, after wide-ranging discussions with multiple stakeholders, has formulated the Digital Advertisement Policy, 2023 to undertake campaigns in the digital media space by the Central Bureau of Communication (CBC). The policy will pave the way for wider Government outreach in the digital era and facilitate effective delivery of citizen-centric messages in a targeted manner, resulting in cost efficiencies in public-oriented campaigns. The policy enables CBC to empanel agencies and organisations in the OTT and Video on Demand Space, leverage the growing number of podcast listeners through empanelment of digital audio platforms and channelise its public service campaign messages through mobile applications.
- The Government of India vide notification dated July 28, 2023 amended Allocation of Business Rules and subject relating to online advertisements, and content made available by online content providers/publishers has been brought under the mandate of Ministry of Information and Broadcasting. Revised entry under Allocation of Business Rules of the

Ministry is as under:

- “VA. **Digital/Online Media**
 - 22A. Films and Audio-Visual programmes/content made available by online content providers/publishers.
 - 22B. News and current affairs content on online platforms.
 - 22C. **Online Advertisements.**”

RULES AND GUIDELINES

- **The Cinematograph (Certification) Rules, 2024:** The Ministry of Information and Broadcasting notified the Cinematograph (Certification) Rules, 2024 on March 15, 2024, replacing the Cinematograph (Certification) Rules, 1983. These rules aim to enhance transparency, efficiency, and ease of doing business in the Film Industry by introducing online certification processes, eliminating transactional time, and implementing Priority Screening of Films. Key improvements include provisions for accessibility features to make films inclusive for disabled persons, age-based certification categories (UA 7+, UA 13+, UA 16+), and greater representation of women in the Central Board of Film Certification (CBFC) Board and Advisory Panels.
- **Amendments in the Cable Television Network Rules, 1994:** This Ministry issued a Gazette Notification No. GSR 719(E) dated October 3, 2023 thereby amending the Cable Television Networks Rules, 1994 which are called the Cable Television Networks (Second Amendment) Rules, 2023. The Ministry of Information and Broadcasting amended the Cable Television Network Rules, 1994 which allows for the sharing of infrastructure by the Cable Operators with Broadband Service providers to promote internet penetration to the last mile and timely renewal window to ensure service continuity for Multiple System Operators (MSOs). In addition, the amended rules define “designated officer”, “local cable operator” and “platform services” and “registered office”.
- **Decriminalisation of the Cable Television Networks (Regulation) Act, 1995:** The Cable Television Networks (Regulation) Act, 1995, has been amended through the Jan Vishwas (Amendment of Provisions) Act, 2023, replacing the previous stringent measures of imprisonment and fines with a more flexible approach allowing for warnings, advisories, censures, or/and penalties up to Rs. 20,000 for the first contravention and up to Rs. 1.00 lakh for the second contravention thereby decriminalising the CTN Act.
- **Guidelines for Accessibility Standards in Public Exhibition of Feature Films:** The Ministry of Information and Broadcasting issued the ‘Guidelines of Accessibility Standards in the Public Exhibition of Feature Films in Cinema Theatres for Persons with Hearing and Visual Impairment’ on March 15, 2024. These guidelines aim to ensure the accessibility of films to persons with hearing and visual impairments. Feature films intended for public exhibition in cinema halls for commercial purposes are required to comply with these guidelines within six months for films certified in more than one language, and within 2 years for all others. The Accessibility Standards mandate the provision of at least one accessibility feature each for the hearing impaired and visually impaired, including Closed Captioning and Audio Description. Licensees of cinema theatres are required to deploy customised equipment in theatres, mobile apps, or other available technologies during regular shows.
- **Revision of Rates for Advertisements on Private FM Radio Stations:** As part of the ongoing efforts to ensure a fair

and sustainable pricing framework, the Ministry of Information and Broadcasting, Government of India in September 2023 approved new rates for advertisements to be issued on private FM radio stations for the Government policies and programmes, based on the recommendations of the Rate Structure Committee set up for this purpose. The advertisement rates have been revised by the Ministry after seven years.

STRENGTHENING OF INSTITUTIONS & INFRASTRUCTURE

- **Inauguration of Low Power FM Transmitters of capacity of 100 Watt at 91 locations:** Prime Minister,

Shri Narendra Modi on April 28, 2023 inaugurated Low Power FM Transmitters of capacity of 100 Watt at 91 locations in 84 districts of 20 States/UTs, which will add two crore listeners to All India Radio network and result in the expansion of coverage in about 35,000 sq. km area. Left Wing Extremism hit areas, Aspirational Districts, and border areas of the country have been given priority for the installation of the transmitters.

Hon'ble Prime Minister, Shri Narendra Modi at the foundation stone laying ceremony of various projects including Akashvani Dahod FM Relay Station Project at Bodeli, Chhotaudepur, Gujarat, September 27, 2023.

September 27, 2023, along with other projects at an event in Bodeli in the state. This station is strategically located in the tribal district of Dahod and will partially cover the neighbouring tribal districts of Madhya Pradesh, including Alirajpur and Jhabua. The initiative enriches the cultural and informational tapestry of the region and facilitates better communication and connectivity for the communities it serves.

- **Declaration of Indian Institute of Mass Communication (IIMC) as Deemed to be University:** Ministry of Education vide Gazette Notification dated January 31, 2024 has declared IIMC New Delhi alongwith its five regional campuses situated in Jammu (Jammu & Kashmir), Amravati (Maharashtra), Aizawl (Mizoram), Kottayam (Kerala), and Dhenkanal (Odisha) as Deemed to be University under the distinct category. With this elevated status, IIMC is empowered to confer degrees, including doctoral degrees.
- Union Minister for Information and Broadcasting, Shri Anurag Singh Thakur, unveiled **four transformative portals** on February 22, 2024, aiming to modernise the media landscape and facilitate ease of doing business in India:

a) **Press Sewa Portal:** To comply with the provisions of the Press and Registration of Periodicals Act, 2023 (PRP Act, 2023) the Press Sewa Portal (presssewa.prgi.gov.in) of the Press Registrar General of India has been launched with a user-friendly interface to receive applications as mandated by the new Act which will bring a paradigm shift in the registration process for periodicals and newspapers.

b) **Transparent Empanelment, Media Planning and e-Billing System** for enhancing efficiency of Central Bureau of Communication (CBC) in 360 degree communication of the Government.

c) **NaViGate Bharat Portal:** Developed by New Media Wing (NMW), this unified bilingual platform, also known as the National Video Gateway of Bharat, serves as a comprehensive repository with public access for Government videos related to development and citizen welfare measures.

d) **National Register for Local Cable Operators (LCOs):** Available on the Broadcast Sewa Portal, this registry aims to streamline regulatory processes in the cable television sector by bringing LCOs under a National Registration System.

- **Collaboration with Amazon India:** Ministry of Information and Broadcasting signed a Letter of Engagement (LoE) with Amazon India on April 5, 2023 aimed towards collaboration in the field of media, entertainment and public awareness. This was signed at an event in the presence of the Union Minister of Information and Broadcasting, Shri Anurag Singh Thakur, senior executives of Amazon India and Actor, Shri Varun Dhawan.

The LoE leads to a multidimensional partnership between the various organisations under the Ministry and various verticals of Amazon. These include National Film Development Corporation (NFDC), Prasar Bharati, Publications Division, and the media training institutions of Film & Television Institute of India (FTII) and Satyajit Ray Film and Television Institute (SRFTI) on the Government's side. On Amazon's

side, the LoE involves participation of Amazon Prime Video, Alexa, Amazon Music, Amazon e-marketplace, and IMDb. The LoE will also make way for collaboration with Amazon in Public Awareness and Highlighting India's Cultural Heritage, Promotion of Indian Talent and Showcasing Indian Content at a Global Stage.

INFORMATION SECTOR

PRESS INFORMATION BUREAU

The Press Information Bureau (PIB) is the nodal agency of the Government of India to disseminate information through print, electronic and social media on Government policies, programmes, initiatives and achievements. It functions as an interface between the Government and the media and also provides feedback to the Government on people's reaction as reflected in the media. It also advises the Government on communication strategies best suited to meet the needs of the media.

The PIB disseminates information through different means, such as press releases, press notes, feature articles, backgrounders, press briefings, interviews, press conferences, press tours, etc. PIB also uses social media platforms like X (earlier - Twitter), YouTube, Facebook, Instagram etc. to disseminate information. The information is released in English, Hindi, and Urdu along with 11 other regional languages which reach newspapers and media organisations all over the country.

PIB also provides accreditation to media persons to facilitate access to information from Government sources.

PIB has its Headquarters in New Delhi and is headed by the Principal Director General (Media & Communication). The Bureau has

five zones comprising 19 Regional Offices and 17 Branch Offices, including an Information Centre, to cater to the information needs of the regional media.

I. Information dissemination-related activities of PIB

A. Ministries/ Departments wise Information dissemination:

PIB Officers are attached to a Ministry / Department and are the authorised spokespersons of the same. He/ she briefs the media on policies and programmes of the Ministry/ Department, disseminates information, answers queries and provides clarifications or counter narratives as and when required. The PIB officer analyses public reactions as reflected in the editorials, articles and comments in the media and keeps the Ministry/ Department apprised of the public opinion and advises the Ministry/ Department on its media and Information Education Communication strategy.

B. Information dissemination-related activities by Regional / Branch Offices

The PIB officers at the Regional and Branch Offices, apart from disseminating information emanating from Headquarters, also ensure coverage of any important event organised by Central Ministries or Central Public Sector Undertakings in their respective regions. These offices also take up the decisions of the Central Government which may be of special importance, to a particular region for focused publicity based on information dissemination on a sustained basis. PIB Regional/ Branch offices assume a central role in facilitating media coverage of the President, the Prime Minister, Union

Ministers and Secretaries on their official visits to a region/state.

C. The following Communication Strategies are employed by PIB to carry out its mandate for information dissemination:

- i. Traditional forms of communication viz. press conferences (including video conferences) at national and regional levels.
- ii. Issue of press releases and photos of important events and announcements. These are followed by SMS alerts, tweets and telephone calls to the media persons.
- iii. Arrangements of interviews, special discussions etc. on electronic media.
- iv. Use of Social Media platforms such as X (Twitter), YouTube, Facebook, and Instagram in addition to regular updation on websites.
- v. Information dissemination by PIB is also available on the move. The PIB apps – both on the Android and iOS platforms are being downloaded and used by journalists and other persons to access the PIB website through the App. On the Android platform, the App has been downloaded more than five lakh times.
- vi. Ensuring all India coverage through Regional / Branch offices of PIB in major regional languages like Malayalam, Odia, Kannada, Telugu, Tamil, Punjabi, Gujarati, Marathi, Manipuri, Assamese and Bengali in addition to Hindi, English and Urdu.
- vii. Special arrangements for media coverage are made for important events like Independence Day, Republic Day, General Budget, Economic Survey, International Film Festival of India (IFFI), Rashtriya Ekta Diwas, International Yoga Day and Swachh Bharat Week etc.

- viii. Feedback from media in the form of Daily Media Report to PMO in Hindi and English, daily media feedback to each Ministry by the respective Officers to their Ministries; Special feedback on important occasions.
- ix. PIB reaches out to the last mile through the Media Outreach Programme in remote areas, including tribal and backward areas.

II. PM’s Publicity and Reference Unit

PIB has a dedicated unit for publicity and media support to the Prime Minister’s Office. This unit functions throughout the year. The Unit also deals with the publicity of the Hon’ble President of India, Cabinet Secretariat, NITI Aayog and PM’s Economic Advisory Council (PMEAC).

III. SOCIAL MEDIA

As the nodal agency for Government communication, PIB has successfully integrated, over the last five years, social media to connect and engage with the ever-expanding online citizenry both Indian and global. PIB’s impactful social media presence on X (formerly

Twitter), Facebook, YouTube, Instagram and Public has been noticed positively by journalists in the media and the public.

- Official photos, videos and press releases of the Government are shared on multiple social media platforms on a real-time basis.
- Besides these, important press conferences and media briefings are live-posted and live-streamed on Facebook, X and PIB's YouTube channel, delivering instant news updates of the Government.
- In addition to sharing news, PIB undertakes social media awareness and information dissemination campaigns to support the goals of good governance, by building awareness and increasing citizen engagement with Government policies and actions, using specially crafted hashtags.

Social Media Outreach

- **PIB India X (formerly Twitter):** PIB English X handle @PIB_India has more than **2.9 million followers**. PIB has been adopting various types of content and presentation, in reaching out and engaging with the citizens, such as Twitter videos, GIFs, polls, X Moments resulting in an average of 14 million impressions per month.
- **PIB Hindi Twitter-** @PIBHindi handle has more than **450 K (about 460 K) followers**, and is one of the few exclusive Central Government Hindi X accounts.
- **Facebook:** The current year has witnessed a significant spur in the fan base of PIB on Facebook, with more than **714K followers**. This has been fuelled by the adoption of creative means of communication and engagements.
- **YouTube:** PIB YouTube channel has more than **7.6 K Videos** and **1.74 Million subscribers with more than 253 million views**.

- **Koo:** On Koo, PIB's handle, @PIB_India and @PIBHindi have nearly **630K+ followers** and **1.2 M+ followers** respectively.
- **Instagram:** Attractive off-beat official photos, short videos, gifs, and Instagram stories are published on PIB Instagram. PIB's Instagram account has more than **1 million** followers.
- **Public App:** On the Public App, PIB's handle, @pibindia has nearly **380.3K followers**.

Social Media Guidance and Support

Besides its own outreach, PIB has been assisting various Ministries and Departments of Government of India, in establishing and managing their social media presence in a better way.

Some of the new initiatives undertaken this year are as follows:

- In-House Production: Special Videos, GIFs, and Images from various Events of different Ministries.
- Posting of event promos in the build-up for PIB's upcoming events.

PIB Fact Check Unit

The Fact Check Unit was set up by the Press Information Bureau (PIB), Ministry of Information & Broadcasting in order to monitor and arrest the circulation & dissemination of factually incorrect/doctored news and information over different modes of news media and social media platforms, which often mislead people on various issues. The mandate of the PIB Fact Check Unit is to provide the official/authentic version of any news doing rounds on various media platforms by making available the factually correct information in the public domain.

Since December 2019, PIB Fact Check has been relentless in its mission. A total of **1,39,990 queries** were received, out of which

45,648 were actionable queries and were responded to. A total of **1,687 fake news & misinformation** were busted and posted on social media platforms. Each of these fact-checks is a result of multiple queries received. This impressive track record showcases our unwavering commitment to truth and accuracy.

The impact extends beyond the numbers. PIB Fact Check's powerful presence on social media platforms such as Twitter, Facebook, and Instagram has garnered positive recognition from both media outlets and the public.

Brief look at the metrics:

- **X (formerly Twitter):** English X handle, @PIBFactCheck has more than 311K followers with an average increase of approximately 05 thousand followers per month. PIB Fact Check has been adopting new types of content and presentation, in reaching out to and engaging with the citizens, such as GIFs, polls Twitter fleets, awareness posts, moment marketing, and campaigns resulting in an average of 2.5 million impressions per month.
- **Facebook:** PIB Fact Check on Facebook has **62,500 followers**
- **Instagram:** Stories are published on PIB Fact Check Instagram with the purpose of cross-promotion to increase the reach of our platforms. PIB Fact Check's Instagram has more than **96.1 K** followers.

Some of the new initiatives undertaken are as follows:

- **WhatsApp Channel:** FCU introduced a WhatsApp channel to reach a broader audience and engage in real-time fact-checking.
- **Threads:** FCU's latest initiative involves the establishment of our presence on Instagram threads.
- FCU has undertaken a Suo-moto initiative

to combat **fake YouTube channels** by actively exposing and debunking them.

- **VO-Based and Anchor-Based Videos:** In an effort to enhance the reach and effectiveness of our fact-checking efforts, FCU has introduced Voice-Over (VO) and Anchor-Based video content. These video formats aim to present factual information in a more engaging and accessible manner. By incorporating multimedia content into the PIB fact-checking arsenal, FCU is better equipped to reach a broader audience.

To enhance audience engagement, PIB Fact Check initiated a compelling approach by creating trending reels. This innovative content format has garnered an enthusiastic response from our audience, effectively promoting awareness and accurate information.

- **Moment Marketing:** FCU has harnessed the potential of moment marketing through the creation of trending memes. This initiative involves crafting and sharing timely, popular memes to actively engage our audience and effectively address and debunk false information
- **Promotional Posts:** The public need to be constantly reminded about the importance of fact check and in order to do so, weekly promotional posts are shared.

IV. Media Outreach Programme and Media coverage for Special Events

Development Communication & Information Dissemination (DCID)

Media Outreach Programme and Publicity for Special Events is a sub-scheme under the Ministry's umbrella scheme DCID. This has been designed to inform and empower potential beneficiaries through media of the development programme to enable them to participate in and

avail the benefits of these schemes. It reaches out to the regional media which is in more direct contact with the target population. The scheme has the following components:

A. Media Interactive Sessions (National & Regional Editors' Conference)

Under the component Media Interactive Sessions, PIB organises the National (Social /) Editors' Conference inviting Editors/Journalists from all over India. The sessions are planned in selected state capitals on issues such as socio-economic development, infrastructure development schemes etc. In these sessions, Union Ministers and senior officers of the concerned Ministries are invited to participate in interactions with national and local media to highlight the important initiatives taken by the Government of India.

B. Vartalaaps

Media conclaves with Journalists from small towns and rural areas are organised at district/taluka level throughout the country to create awareness about the latest information dissemination tools of PIB and the various central Government schemes and initiatives being undertaken. The Vartalaps aim to disseminate information to the grassroots level and the rural media is a great multiplier in the outreach efforts of PIB. Literature/Pamphlets related to various programmes/projects of the

Central Government are distributed to the media persons during the Vartalaps/ media Interactive sessions. **107 Vartalaaps** have been conducted between January, 2023 and March, 2024.

C. Press Tours

Press Tours are conducted by PIB for journalists from one state to another, to witness first hand experience, the implementation of the various schemes of the Central Government. The group of journalists can interact with beneficiaries of various schemes, flagship programmes and developmental projects. PIB also facilitates interaction with the officers concerned. Thus the press tours sensitise the media about the success stories of implementation of the developmental schemes of the Government and the efforts would be further highlighted in the media of their parent State. From January 1, 2023 to March 31, 2024, **twenty-nine Press Tours** have been conducted.

D. SPECIAL EVENTS- 'RAM LALLA PRAN PRATISHTHA' CEREMONY

PIB facilitated media persons (National as well as International) reaching for the 'Pran Pratishtha' ceremony at Ayodhya (January 22, 2024). For the wider coverage of and catering to the needs of the journalists, a state-of-the-art Media Centre was established at the

A state-of-the-art media centre, equipped with all the modern facilities, setup by the Ministry of Information and Broadcasting at Ram Katha Sangrahalaya of Ayodhya Dham for the coverage of the consecration ceremony of Shri Ram Lalla in Uttar Pradesh on January 22, 2024.

Ram Katha Sangrahalaya in Ayodhya Dham (Ayodhya Dham Media Centre). The media centre played a pivotal role and served as a hub for media activities and public communications in ensuring timely and accurate dissemination of information.

The media centre was equipped with 340 workstations, a press conference room, a media briefing room, a media lounge, a cafeteria, an LED Screen, etc.

V. Feedback Unit & News Room

PIB has a News Room / Control Room which is operational 365 days, round the year to meet challenges emerging out of any eventuality. Arrangements for holding Press Conferences at short notice and simultaneous webcasts through PIB Centres across the country are also kept in a state of readiness to handle any sudden development and unexpected situation. The Control room functions on a 24x7 basis during emergencies and times of crisis. The important news channels are monitored and senior personnel are kept informed of the latest developments, misreporting of the facts etc. for timely media intervention.

This unit keeps the Government informed of the public perception of various initiatives, policies and programmes of the Government on a daily basis by providing various feedback products including Daily Regional Media Digest and Press Clippings, Media Digest and Press Clippings on special events and Daily International Media Digest. Regional Media digest is prepared by collating feedback from 35 Regional / Branch offices across the country, screening around 400 newspapers in 19 languages. Nearly 730 Media digests & more than 25 special digests were sent.

VI. PRESS FACILITY

A. Accreditation System

Press accreditation is granted to media representatives including members of the foreign media at the headquarters of PIB, New Delhi. An online system of press accreditation was operationalised in the year 2010 which is continuously updated to keep up with the increasing number of requests for accreditation. For the period from January 01, 2023 to March 31, 2024, a total of **2369 cards** were issued to the journalists residing in Delhi/NCR.

B. Journalist Welfare Scheme (JWS)

A scheme for providing financial assistance to journalists and their families facing acute financial hardship on account of serious ailments and death of journalists is being implemented by PIB which provides for one-time exgratia relief on an urgent basis. The amount of such assistance up to Rs.5.00 lakh is extended to the families of the deceased journalist or in case of his permanent disability. Assistance of up to Rs.3.00 lakh is also extended to journalists in case of major ailments like cancer, renal failure, heart ailments etc. and up to Rs.2.00 lakh in case of accidents requiring hospitalisation. PRESS REGISTRAR GENERAL OF INDIA (PRGI)

The office of Registrar of Newspapers for India has been renamed as Press Registrar General of India – PRGI with the enactment of the Press and Registration of Periodicals Act, 2023 and the simultaneous repealing of the old Press and Registration of Books Act 1867. The new Act came into effect from March 1, 2024

The new Act has provisions for new procedures and processes for the registration of periodicals in India. Accordingly, a new digital platform – **Press Sewa Portal** (<https://pressewa.prgi.gov.in/>) – has been developed. The new portal along with the new website were launched by the Hon'ble Minister for Information & Broadcasting on February 22, 2024. The Press Sewa Portal is designed to facilitate services such as title verification, registration, and filing of Annual statements using Aadhar-based e-signatures while ensuring transparency and real-time status updates to applicants. The

ongoing automation and digitisation project is also part of the Government's efforts to ensure 'ease of doing business' for all.

Functions

The primary function of PRGI is to facilitate the registration of periodicals (print) in the country as per the provisions of the PRP Act, 2023. As a statutory establishment under the Ministry of Information & Broadcasting, this office strives to streamline regulatory functions through the adoption of digital technology and to promote transparency in all the processes it facilitates.

PRGI maintains a Register of Records with details of Periodicals (print) published in India; allots titles to periodicals based on availability and Title Verification Guidelines; issues Certificates of Registration to them; receives and analyses the Annual Statements submitted by the publishers of these periodicals; brings out 'Press in India' Report with details of the state of affairs of newspapers and other periodicals in the country.

PRGI also authenticates self-declaration certificates for the import of newsprint to periodicals registered with PRGI. The office also carries out circulation verification of registered periodicals on the basis of requests received from the publishers or based on specific

complaints and appeals.

Title Verification

During FY 2023-24, PRGI processed 10,440 applications for verification of title out of which 5,405 titles were approved. The number of titles verified as on March 31, 2024 stands at 1,67,939.

De-blocked Titles

As many as 1,972 titles were *de-blocked* during the year 2023-24 and made available for verification to intending applicants.

Registration of Periodicals

As on March 31, 2024, 1,50,690 periodicals are registered with PRGI. As many as 3,058 periodicals were registered including fresh and revised registration, during 2023-24. The entries in this regard are also made in the Register of Records in PRGI.

Annual Statement

As per Section 12(1) of the PRP Act, 2023, an Annual Statement is required to be submitted by the registered periodicals to the Press Registrar General on or before the last day of May each year. As many as 33,945 periodicals filed Annual Statements for 2022-23.

Defunct Periodicals

PRGI has identified 1,04,403 defunct periodicals the publishers of which have not been filing Annual Statement for the last 5 years consecutively. The Specified Authorities (SA) in the State Governments have been officially informed to enquire about the matter. Further, registration of around 246 publications has been cancelled and 1,480 publications have been re-activated so far, based on reports from SAs of various districts.

'Press in India' Report

As per Section 13 of the Press & Registration of Periodicals (PRP) Act, 2023, the Press Registrar General has to publish every year an Annual Report - 'Press in India' – on the state of affairs in the print media sector in the country. PRGI brings out the 'Press in India' by analysing and compiling the trends in print media based on the Annual Statements filed

by the publishers. Since 2013-14, the Press in India has also been brought out in digital format and is available on the PRGI website <https://prgi.gov.in>. This year, 'Press in India' in its new form and shape was released by the Hon'ble Minister for Information and Broadcasting on February 22, 2024.

Circulation Verification

PRGI undertakes circulation verification of publications on the basis of requests received from the publishers or based on specific complaints and appeals. As per the Print Media Advertisement Policy of the Ministry of Information & Broadcasting w.e.f. August 1, 2020, circulation verification by the Office of Press Registrar General of India (PRGI)/ Audit Bureau of Circulation (ABC) has been made compulsory for publications claiming circulation above 25,000 copies. To facilitate the publishers and to ensure seamless and standard Circulation Verification procedures, a detailed Standard Operating Procedures for the same was issued on October 14, 2022 under the directions of the Ministry of I&B. With the new PRP Act, 2023 and PRP Rules, 2024, the Press Registrar General may verify the circulation figures of a periodical through a desk audit of the information furnished by the publisher in the latest Annual Statement, in accordance with the procedure laid down in the Press Sewa Portal. The guidelines for the desk audit for circulation verification are being prepared.

Newsprint Import

PRGI and the regional offices of the Press Information Bureau (PIB) authenticate the self-declaration submitted by the publishers of periodicals registered with PRGI for the purpose of import of newsprint as per EXIM policy of the Ministry of Commerce & Industry.

INDIAN INSTITUTE OF MASS COMMUNICATION (IIMC)

Indian Institute of Mass Communication (IIMC), registered as a Society under the Societies Registration Act, 1860 (XXI of 1860), came into existence on August 17, 1965. It was established with the basic objectives of teaching, training, and undertaking research in the areas of media and mass communication. Over the last 58 years, the Institute has graduated into conducting a number of specialised courses to meet the diverse and demanding requirements of the rapidly expanding and changing media industry in modern times, in keeping with its original mandate “to make available facilities for training and research to meet the information and publicity needs of public and private sector industries.”

IIMC has its headquarters in New Delhi with five regional campuses at Dhenkanal (Odisha), Kottayam (Kerala), Aizawl (Mizoram), Jammu (UT of Jammu and Kashmir) and Amravati (Maharashtra).

In 2023, IIMC was once again ranked as the No.1 Institute in the field of Mass Communication Colleges by India Today Group, Outlook-ICARE, *The Week* and *the Open*

Magazine. The Institute has a vibrant presence on social media with verified Facebook and Instagram pages, an active Twitter Account, and a YouTube channel.

Deemed to be a University

IIMC has been notified as a deemed to be University under a distinct category by the Ministry of Education on January 31, 2024.

Governing Structure

IIMC is administered by a 50-member Society, which is constituted by the Ministry of Information and Broadcasting for a term of two years. Currently, Shri R. Jagannathan, an eminent journalist, is the Chairman of the IIMC Society. Members of the Society are chosen from amongst social service organisations, educational institutions, eminent persons from public life, etc. The administration of the affairs of the Society vests in the Executive Council.

Activities undertaken

PG Diploma Courses

IIMC conducts Post Graduate Diploma Courses in Print Journalism (English, Hindi, Odia, Urdu, Marathi and Malayalam), Radio & Television Journalism, Advertising & Public Relations and Digital Media. Classes for all the courses started on September 14, 2023.

Training of Indian Information Service Officers

IIMC has been functioning as the Training Academy of the Indian Information Service (IIS) which is one of the Central Civil Services of the Government of India. It imparts Induction Training for the IIS Group 'A' Officers, who are recruited through the Combined Civil Services Examination conducted by the UPSC. It also conducts the Foundation Training for IIS Group B Officers, who are recruited on the basis of prior journalistic experience.

Through extensive consultations, the training programme of IIS officers, who act as a link between the Government and the people, has been revamped and broad-based to give an overview of the Government's functioning and its communication setup, to give to the

officers the big picture of the media industry in India and understand the nuances of public communication.

The two-year Induction Training Program for IIS Group 'A' follows the sandwich training model. The Officer Trainees (OTs), who join IIMC after completing their Foundation Course, undergo a nine and a half month Professional Training programme in public communication at the Institute. This phase of the training programme incorporates classroom lectures, practicals, simulation exercises, site visits; various attachments and interaction with senior Government officials and key media professionals.

After completion of training at IIMC, the OTs are attached to different media directorates of the Ministry of Information & Broadcasting to gain hands-on job exposure through On-the-Job Training (OJT). During the OJT, the OTs generally spend three months each at the major media directorate of the Ministry such as PIB, CBC and Prasar Bharati. This also includes a Regional Attachment of one month. Finally, OTs come back to the IIMC for the Phase-II training of one month.

The Officers/ Officers Trainees of IIS Group 'A' (2018-2022 Batch) calling upon the Hon'ble President of India, Smt. Droupadi Murmu.

During the year 2023-24, 15 IIS Group 'A' OTs of 2020, 2021 & 2022 batches completed their Phase-I of the Induction Training and are currently undergoing their OJT at different Media Units of the Ministry of I&B. During the training period, the important elements were outstation assignments like Defence attachment with Assam Rifles and a three-week All India Study Tour also called Bharat Darshan in which the OTs visited remote places in border areas, interacted with local communities in collaboration with social organisations. A four-week course in Film Appreciation and Smartphone Film Making was also organised for OTs at the Film and Television Institute of India (FTII), Pune. OTs also called on the various constitutional dignitaries like the Hon'ble President of India, Hon'ble Vice President of India, Comptroller General of India and Chief Election Commissioner etc.

Meanwhile, 9 OTs of 2021 & 2022 batches completed their Phase-II training in the month of November 2023 and March 2024. After successful completion of the Induction Training these OTs got their first regular postings by the Ministry of I&B.

In December 2023, IIMC as a training institute has been awarded 'उत्तम' certificate of accreditation under the Capacity Building Commission's National Standards as assessed by the National Accreditation Board of Education and Training (NABET).

IIMC conducted two Orientation Courses for Senior Grade and Junior Grade of IIS Group 'B' probationers from December 4 to December 8, 2023 and 29th January to February 2, 2024 respectively.

In February 2024, the new batch of 7 OTs of the 2023 batch along with 3 OTs of the previous 2022 batch commenced their Induction Training at IIMC.

In March 2024, IIMC conducted three refresher courses for IIS Group 'A' Officers at different seniority levels. 18 officers at the Senior Administrative Grade (SAG) & above level, 19 officers at the Junior Administrative Grade (JAG) level and 15 officers at the Senior Time Scale (STS)/JAG level participated in the refresher courses. These courses aim to

Refresher course for SAG level officers of IIS Group 'A'

upgrade the functional competencies and skill sets of officers at various career levels, enabling them to meet evolving challenges and opportunities in Government communication, public policy and development.

Short Courses Physical Targets During the Year 2023-24

The Institute has conducted 15 (one, two and three-week duration) short-term courses on media communication for public relations officers of IDS (Ministry of Defence), DPR (Ministry of Defence), J&K Government, Indian Coast Guard, Atomic Energy Regulatory Board, ISRO, Bodoland Territorial Region and Assam Rifles.

Faculty Development

One day workshop on Artificial Intelligence in Media and Academics was organised by IIMC for its faculty on January 31, 2024.

Communication Research

The Department of Communication Research focuses on the systematic study of communication and media as an integral part of the Institute's research agenda. The Department's efforts are directed towards analysing mass media policies, and communication programmes of the Government to assess their impact on salient development issues. The Department has established a benchmark for research in communication in the last 58 years with more than 200 research studies on different topics.

Communication through Journals, News Magazines and Text Books

The Department of Publications of the IIMC publishes two peer-reviewed research journals, namely Communicator (English Quarterly) and Sanchar Madhyam (Hindi Bi-annual) which are the oldest communications journals published in India. These flagship

journals are UGC-CARE listed journals.

The Department of Publications has also been publishing IIMC News since July 2021 which covers information on all activities undertaken at the IIMC HQ as well as at the regional campuses. Sanchar Srijan (bilingual) with the focus on contemporary media issues, and RajbhashaVimarsh (Hindi) dedicated to the Official Language are also published by the Department regularly.

In order to provide quality textbooks in the field of journalism and mass communication to various stakeholders, the IIMC has started a 'Text Book Publishing Programme' in various Indian languages including Hindi.

Pandit Yugal Kishore Shukla Library and Knowledge Resource Centre

The Institute has the largest specialised library in mass communication in the country. It has collected about 39,479 volumes of Books and bound Journals on different aspects of mass communication and allied subjects such as print media, broadcasting, advertising, communication, communication research, public relations, radio and television, film, information technology and traditional media in Hindi and English Language. The Library also has a quality collection of Books on English and Hindi Literature.

The library is fully computerised and has automated its service operations through the latest version of Library software LIBSYS 10 on Cloud, On-line public access catalogue (OPAC)

is available for students, faculty members and other users.

The Library has also developed a state-of-the-art Multimedia, reference and Research section for students, faculty and research scholars.

APNA RADIO 96.9 FM

The Community Radio Station of the Indian Institute of Mass Communication (IIMC), Apna Radio 96.9 FM was launched in 2005 and has been successfully operating since then to fulfil its role of providing education, information, and entertainment for the community during the year 2023-24.

Apna Radio operates daily from 10:30 am to 5:30 pm. This includes pre-recorded programmes and a daily one-hour live show titled "Apne Aas Paas". This show includes topics that are current in nature and of interest to the community. Special programmes on various Government schemes were produced to disseminate information relating to National Voters Day, Say Yes to Life No to Drugs, Vigilance Awareness Week, Beti Bachao - Beti Padhao, Poshan Pakhwada, Viksit Bharat Sankalp Yatra and initiatives like International Yoga Day, Khadi Mahotsava and World Gauraiya Diwas etc.

BROADCASTING SECTOR

An Overview

The Broadcasting Sector is broadly categorised into two categories viz. 'Content' and 'Carriage' services. This Ministry regulates the content of private satellite channels and networks of Multi-System Operators (MSOs) and Local Cable Operators (LCO) through the Cable Television Networks (Regulation) Act, 1995, and policy guidelines issued from time-to-time. Broadcasting carriage services include MSOs, LCOs, Direct-to-Home (DTH) operators, Headend-In-The-Sky (HITS) operators and Internet Protocol Television (IPTV) service providers. This Ministry gives license/permission to DTH/HITS operators for their respective operations.

Role and Functions of the Ministry and Activities under Broadcasting Sector in respect of BP&L Section

1. Direct to Home (DTH)

DTH is an addressable satellite-based TV programme distribution system that covers the entire country. In DTH services, a large number of television channels are digitally compressed, encrypted and beamed from satellites in the Ku Band. The programmes transmitted through DTH can be directly received at homes by installing small dish antennas at convenient locations in the buildings. The first DTH service provider operationalised its services in the year 2003, and the number of private DTH service providers had grown to six by the year 2007. Out of the six private DTH service providers, two have merged into one, one has entered into Corporate Insolvency Proceedings, and the number of private DTH operators at present is four. Further, Doordarshan is also

providing its DTH services on a free-to-air basis.

The Ministry of Information and Broadcasting vide order dated September 16, 2022 has issued Operational Guidelines for DTH Broadcasting Services in India in respect of payment of license fee, Platform Service (PS) channels and sharing of infrastructure by DTH operators. As per the Operational Guidelines in respect of payment of license fee, the license fee shall be charged at 8 percent of Adjusted Gross Revenue (AGR), {where AGR = Gross Revenue (GR) - GST}, payable on a quarterly basis, the minimum annual license fee shall be subject to 10 percent of the entry fee. In respect of the sharing of infrastructure by DTH operators, the provisions for sharing of infrastructure by DTH operators have been added to these guidelines. In respect of the PS channels, the Operational Guidelines permit a DTH operator to operate PS channels to a maximum of 5 percent of the total channel carrying capacity of the DTH operator's platform, and the DTH operators would be required to pay Rs. 10,000 per PS channel towards a one-time non-refundable registration fee.

An amount of Rs. 691,96,06,069 was received through Bharatkosh by all DTH operators towards the license fee during the Financial Year 2023-24.

2. Headend In The Sky (HITS)

Headend In The Sky (HITS) service is a mix of satellite and cable TV. The HITS operator uplinks the TV broadcast to a satellite, which is downlinked by MSOs/ LCOs and distributed to individual consumers'

premises through a cable network. The HITS operators, thus, supply the signals to MSOs and LCOs to provide cable TV services to customers. The essential difference between a HITS operator and an MSO is that the former transmits the bundle of channels to the cable operators using a satellite, whereas the latter does the same through cable. HITS enables a subscriber to enjoy a wide choice of digital channels, better picture quality, and value-added services at an affordable price. There is only one HITS operator, who has been granted permission by this Ministry.

The Ministry of Information and Broadcasting vide order dated November 6, 2020 has carried out amendments in the existing "Guidelines for providing Headend-In-The-Sky (HITS) Broadcasting Service in India". These amendments allow HITS operators to share HITS infrastructure with MSOs/HITS operators.

3. Internet Protocol Television (IPTV)

Internet Protocol Television (IPTV) Service is another mode of distribution of permitted satellite TV channels by eligible telecom or Internet service providers over their network, in addition to cable operators by use of Internet Protocol. IPTV providers do not require separate permission for providing IPTV services for the defined telecom and cable operators but require a self-declaration. During the Financial Year 2023-24, 12 IPTV providers have submitted the self-declaration for providing IPTV services.

The Sports Broadcasting Signals (Mandatory Sharing with Prasar Bharati) Act, 2007

The Sports Broadcasting Signals (Mandatory Sharing with Prasar Bharati) Act, 2007 was enacted to provide access to national or international sporting events, held in India or abroad, to the largest number of

listeners and viewers, on a free-to-air basis. Section 2(1) (s) of the Act empowers the Central Government to notify the sporting events of national importance for coverage as per the provisions of the Act. This Ministry issues notifications from time to time to notify certain sporting event(s) as 'sporting events of national importance' to provide access to national or international sporting events to the largest number of listeners and viewers, on a free-to-air basis.

New Major Activities under the Broadcasting Sector

In the exercise of powers conferred by Sub-Section (1) of Section 8 of the Cable Television Networks (Regulation) Act, 2005 (7 of 1995), this Ministry vide Gazette Notification No. 283 dated January 19, 2024 has changed the name of mandatory channel 'DD Podhigai' as DD Tamil.

Private Satellite TV Channels in India

The first private satellite TV channel in India was permitted to uplink in 2000 from Indian soil. With the growth in the Media and Entertainment sector, the demand for uplinking/ downlinking of TV Channels from India increased manifold which necessitated the framing of Policy Guidelines for Uplinking in 2002 and Downlinking in 2005. These guidelines were amended in December 2011 and the latest being further amended in November, 2022. The guidelines are available on the Ministry website i.e. www.mib.gov.in.

Growth of Television channels

The first private satellite TV channel 'AajTak' was permitted in the year 2000. Since then the bouquet of private satellite TV channels in India has been expanding at a fast pace. The Ministry has permitted 912 channels in India as on March 31, 2024.

Broadcast Seva Portal

Number of Television Channels permitted by the Ministry

Permissions are given by the Ministry to operate only two categories of TV Channels i.e. `News & Current Affairs TV Channels` and `Non-News & Current Affairs TV Channels.` Out of the above total channels, **the share of News and Non-News channels is 396 and 516 respectively.**

Category wise permitted Channels

Broadcast Seva Portal was initially started by the Ministry in 2016 under the Automation of Broadcasting Wing scheme under the 12th Five Year Plan (2012-2017) with the objective of developing an Integrated Online Portal Solution to establish a computerised web-based system for speedy processing of applications for various broadcasting licenses/ permissions/

registrations, etc. The focus of the scheme was to provide a single-point facility to applicants to enable 'Ease of Doing Business'. The facilities covered under the portal were Private Satellite TV channels, Teleport operators, Multi-service operators (cable operators), Community Radio Stations (CRS), and Private FM channels.

The Broadcast Seva Portal has been revamped by the Ministry to incorporate more features and allow for seamless interface with agencies involved in the processing of such applications by the broadcasters and efficient processing of such applications in the Ministry. For ease of doing business, the Broadcast Seva Portal has been integrated with other Ministries/Departments, such as the Ministry of Home Affairs, Department of Space, Ministry of Corporate Affairs, Department of Telecommunications etc. The portal is also being integrated with the National Single Window System (NSWS) portal of the Department for Promotion of Industry and Internal Trade and Saral Sanchar Portal of the Department of Telecommunications. Revamping the Broadcast Seva Portal with advanced IT application software platforms has enabled the processing of services of all modules within the shortest duration and ensured broadcasters' satisfaction.

Key features of the Broadcast Seva Portal are:

Features for stakeholders:

- i. End-to-end processing of applications for new permission, renewal, change of name/logo/teleport/satellite, etc.
- ii. Integration with payment system (Bharat Kosh), e-Office, and other Ministries' portals.

- iii. Analytics, Reporting and Management Information System (MIS)
- iv. Integrated Helpdesk, Data Centre
- v. Extension to DTH operators, Local Cable Operators, Headend in the Sky (HITS) operators and Digital Media
- vi. User registration and updation
- vii. Fee calculation and payments, application forms and status tracking, download facility for letters/orders, alerts to stakeholders (SMS/emails)

Back Office features

- i. User hierarchy creation and role assignment
- ii. Workflow-based processing of various applications
- iii. Digital signing and system generation of letters
- iv. Entire application to be hosted on cloud
- v. Management Information System and Dashboard.

The applicant companies (broadcasters/teleport operators) can now view the live tracking/status of the applications filed online on the web portal <https://new.broadcastseva.gov.in/digigov-portal-web-app/>.

Content Regulation of TV Channels

As per the Cable Television Networks (Regulation) Act, 1995, programmes and advertisements telecast on private TV channels are required to adhere to the Programme and Advertising Codes laid down under the Cable Television Networks (Regulation) Act, 1995 and the Cable Television Networks Rules, 1994 framed thereunder.

Complaint Redressal Structure Under Cable Television Networks (Amendment) Rules, 2021

The Cable Television Networks Rules, 1994 have been amended vide Notification dated June 17, 2021, as Cable Television Networks (Amendment) Rules, 2021, thereby providing for a statutory mechanism for redressal of grievances/complaints of citizens relating to content broadcast by television channels, in accordance with the provisions of the Cable Television Networks (Regulation) Act, 1995.

These Rules provide that in order to ensure observance and adherence to the Programme Code and the Advertising Code by the broadcaster and to address the grievance or complaint relating thereto, there shall be a three-level structure (complaint redressal structure) as under:

(i) Level I - A Self-regulation by broadcasters

- (ii) Level II - Self-regulation by the self-regulating bodies of the broadcasters and
- (iii) Level III - Oversight mechanism by the Central Government.

In pursuance of Cable Television Networks (Amendment) Rules, 2021, an Inter-Departmental Committee (IDC) has been constituted by the Ministry vide order dated July 14, 2021. The IDC is chaired by the Additional Secretary in the Ministry of Information and Broadcasting, and consists of representatives from the Ministry of Women and Child Development, Ministry of Home Affairs, Ministry of Electronics and Information Technology, Ministry of External Affairs and Ministry of Defence. Further, Ministry's order dated January 5, 2023 representatives from the Press Council of India (PCI), Bar Council of India (BCI), Federation of Indian Chambers of Commerce and Industry (FICCI) and Confederation of Indian Industry (CII) have also been nominated as members of the IDC.

Grievance Petitions on the PG Portal

During the period from January 1, 2023 to March 31, 2024, 344 grievance petitions relating to content broadcast on private satellite TV Channels have been disposed of.

Important Outcome in respect to Content Monitoring on Surrogate- Advertisement

Surrogate advertising, which indirectly promotes products like cigarettes, alcohol, and tobacco through brand extensions, is prohibited by Rule 7(2)(viii)(A) of the Advertising Code under the Cable Television Networks (Regulation) Act, 1995. This rule allows the advertisement of genuine brand extension products under certain conditions, including pre-certification by the Central Board of Film Certification (CBFC). The Ministry issued directives and advisories in 2010 and 2020 to emphasize strict adherence to these regulations.

In April 2022, the CBFC also issued an advisory informing the media channels and advertisers about the necessity of CBFC certification for brand extension product advertisements, emphasizing compliance with advertising regulations to prevent surrogate advertising.

During 2022, an Inter-Departmental Committee (IDC), constituted to look into the

cases of violation of Programme and Advertising Codes, found 31 TV channels in violation of the Advertising Code for airing ads without the required CBFC certificates. Orders were issued to these channels to run apology scrolls. While 28 channels complied, three contested the directive in Delhi High Court. One petition was disposed of in July 2022, upholding the Ministry's order with certain modifications. In another case, the High Court upheld the Ministry's orders in December 2023. Two channels subsequently appealed to a Division Bench, which upheld the Ministry's order regarding advertisements for 'All Seasons Club Soda' in January 2024. The channel was instructed to broadcast an apology scroll four times a day for three consecutive days, and it complied with the MIB's Order.

This legal battle underscores the Government's efforts to enforce advertising regulations and prevent surrogate advertisements, ensuring responsible advertising practices in the interest of public health.

Electronic Media Monitoring Centre (EMMC)

The Electronic Media Monitoring Centre (EMMC), set up in 2008 under the Ministry of Information and Broadcasting, monitors the content being aired by TV news channels, beaming within the country, for any violation of both Programme and Advertisement Codes

under the Cable Television Networks (Regulation) Act, 1995.

EMMC currently has state-of-the-art technical infrastructure to acquire, record, store, and retrieve the content of up to 900 TV channels on a real-time basis and it monitors content aired by news channels for any violation of Programme and Advertisement Code.

Apart from flagging apparent violations by various channels and reporting the same to the Ministry for subsequent action, EMMC also organised various activities in 2023-24, such as Yoga Day, Hindi Pakhwada, Constitution Day celebrations, Vigilance Awareness Week etc.

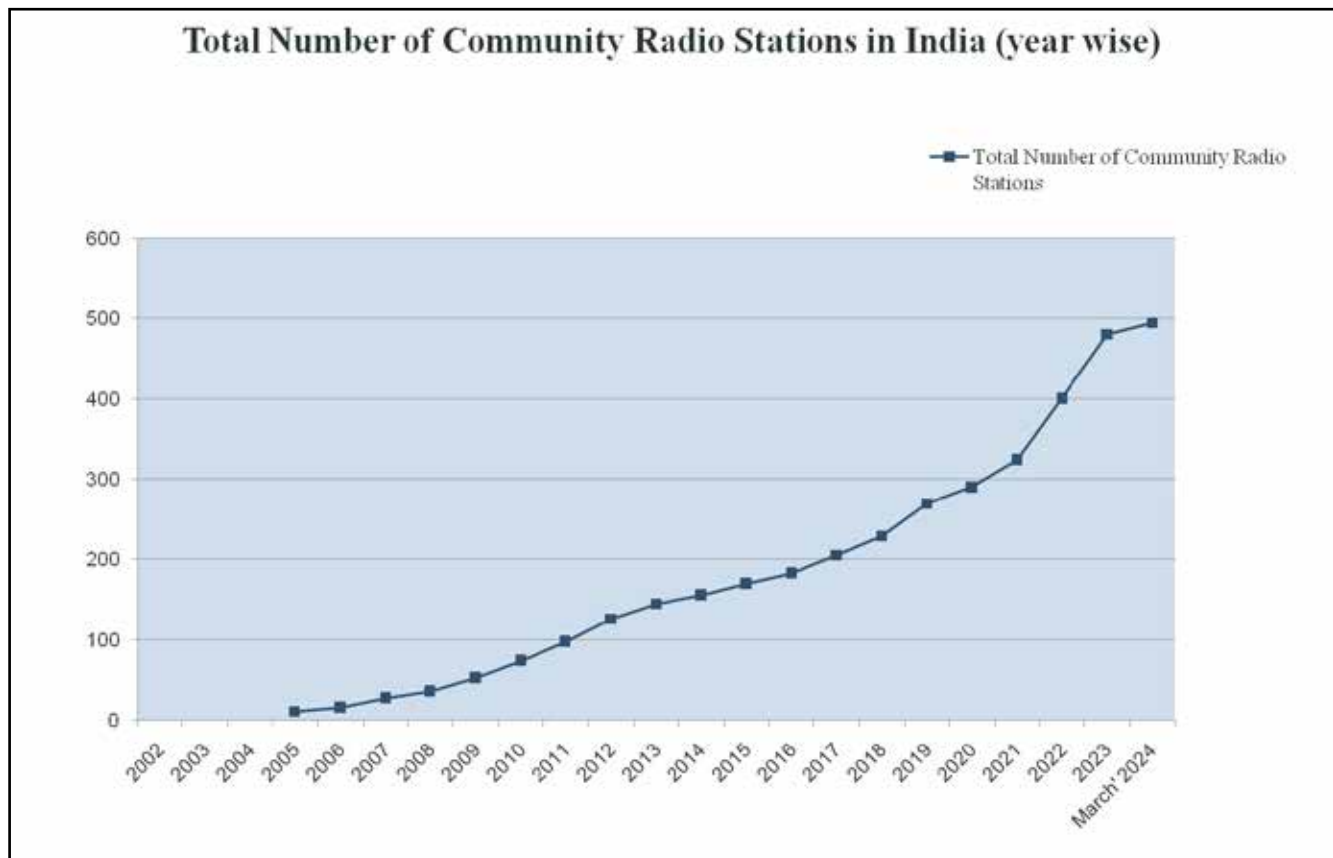

Community Radio

Highlights of the year

Union Minister for Information and Broadcasting, Shri Anurag Singh Thakur released the 'Revised Policy Guidelines for setting up Community Radio Stations in India' on the occasion of 'World Radio Day' during the Regional Community Radio Sammelan (South) on February 13, 2024 at Anna University, Chennai.

Community Radio is an important third tier in radio broadcasting, distinct from Public Service Radio broadcasting and Commercial Radio. Community Radio Stations (CRSs) are low-power radio stations, which are meant to be set up and operated by local communities. In December 2002, the Government of India approved a policy for the grant of licenses, for setting up Community Radio Stations, to well-established educational institutions. The Policy Guidelines were amended, in 2006, permitting community-based Organisations such as ICAR institutions, Krishi Vigyan Kendras, registered societies public charitable trusts, etc. to own and operate Community Radio Stations, to allow greater participation on in issues relating to development and social change. The Policy Guidelines were further amended in 2017, 2018, 2022 and 2024 to promote the growth of the Community Radio sector. The policy guidelines for Community Radio and the list of CRSs currently in operation can be accessed from the website of the Ministry at www.mib.gov.in.

The Community Radio provides a platform to communities to air local voices on issues

concerning health, nutrition, education, agriculture, etc. Since the Community Radio broadcast is in local languages and dialects, people are able to relate to it instantly. Community Radio also has the potential to strengthen people's participation in development programmes through its holistic approach. In a country like India, where every state has its own language and distinctive

cultural identity, CRSs are also a repository of local folk music and cultural heritage. Many CRSs record and preserve local songs for posterity and give local artists a platform to showcase their talent to the community. The unique position of CRS as an instrument of positive social change makes it an ideal tool for community empowerment.

Union Minister for Ministry of Information and Broadcasting, Shri Anurag Singh Thakur with the recipients of the 8th and 9th editions of the National Community Radio Awards

The Secretary, Ministry of Information and Broadcasting, Shri Sanjay Jaju launching a Picture Postcard Publication representing the work and reach of Community Radios and the Systematic Learning Curriculum on Climate Change for Community Media at the Radio Festival 2024.

In the last few years, this sector has been growing gradually but effectively in India. So far, a total of 680 Letters of Intent (LoIs) for grant of permission for CRSs have been issued, out of which 603 Organisations have signed Grant of Permission Agreement (GOPA) and 494 CRSs are operational, as on March 31, 2024.

To support the Community Radio movement, a Central Sector Scheme namely 'Supporting Community Radio Movement in India' has been approved. Under the scheme, financial support is provided to existing as well as new Community Radio Stations towards the purchase of equipment/ replacement of equipment. Other activities such as the capacity building of stations, awareness programmes for eligible organisations, regional sammelans, and Community Radio Awards are included for giving impetus to the community radio sector.

Status of Community Radio Stations in India

As of March 31, 2024, 494 CRSs are operational in the country, of which 283 are operated by NGOs, 191 by educational institutions and 20 by KVKs. During FY 2023-24 a total of 57 new Community Radio Stations were commissioned.

Role and function of the Ministry

In respect of the Community Radio Sector, the Ministry of Information grants permission to eligible organisations to set up Community Radios. Further, all the related activities for strengthening the sector are carried out by the Ministry.

New Initiatives of the Ministry

The Ministry has taken several initiatives for ease of doing business in the sector. The process for application for setting up of Community Radios has been made fully online through its revamped Broadcast Seva Portal – www.new.broadcastseva.gov.in. To facilitate the applicants getting licenses, the Broadcast Seva Portal has been integrated with the Saral Sanchar Portal.

Activities done by the Ministry

(i) Regional Sammelan (North) was organised on the occasion of National Broadcasting Day, in the month of July 2023. 8th and

9th Edition of the National Community Radio Awards were also conferred by Union Minister for Information and Broadcasting, Shri Anurag Singh Thakur.

- (ii) Five (5) workshops were held across India covering the whole country and CR dark areas in particular.
- (iii) Capacity Building Workshop was conducted for CRSs and Akashwani Radio Stations of North-East States for the preservation of indigenous languages in collaboration with UNESCO in Shillong.
- (iv) The Radio Festival was organised on World Radio Day, celebrating the theme '100 Years on Air: Keep it Loud' and 20 years of Community Radios in India.

FM Sector

FM Radio is one of the preferred modes of entertainment among youth and adults across the nation. The variety offered by various FM Radio stations in local languages is welcomed by the masses as evidenced by the increase in the number of channels in recent years and the enthusiasm shown by Private FM broadcasters to acquire new FM Radio channels in the two batches of e-auction conducted under FM Phase-III. It has also evolved as a potential medium for local businesses to expand their reach through radio advertisements.

The FM Cell of the Ministry deals with all matters related to Private FM Radio broadcasting in India as per Policy Guidelines on the expansion of FM Radio broadcasting services through private agencies phase III approved by the Union Cabinet on July 7, 2011, along with the latest updates is available on the website of the Ministry www.mib.gov.in/all_broadcasting_documents.

The Government opened up the FM Radio sector for private participation in July 1999 with 21 Private FM Radio channels in 12 cities mainly in state capitals. The FM Phase II scheme launched in 2005 provided for expansion in cities with a population of 3 lakh and above. Under Phase II, 245 private FM channels came into operation in 86 cities in 26 states and 3 UTs, including 21 channels migrated from Phase-I.

With a view to further expand the reach of FM Radio, the Government on July 25, 2011, announced FM Phase III policy guidelines with the objective to expand private FM Radio in all cities with population of one lakh and above besides 11 border cities in Jammu & Kashmir, North Eastern states and Island Territories having population less than one lakh. After completion of 2 batches of e-auction under FM Radio Phase III, the Ministry has added 162 more channels across the country. Private FM radio channels have been operationalised in Leh and Kargil of the UT of Ladakh and at Baderwah, Kathua and Poonch of the border areas of the UT of J&K.

As on date March 31, 2024, 388 FM Radio channels are operational in 113 cities across the country spread across 26 States and 5 Union Territories.

Transparency Measures & Supervision

Permission for FM Radio channels is granted to companies on the basis of an ascending e-auction. The revenue from private broadcasters in the form of the quarterly license fee is collected online through the Bharatkosh Portal.

For enhancing transparency, digitization of broadcasting services is also being undertaken through an online portal 'Broadcast Seva'-an online portal, in a phased manner, for the collection of various mandatory documents and for the collection of license fees and other financial documents from broadcasters.

In order to ensure compliance with the provision laid down in FM Phase III Policy Guidelines and Grant of Permission Agreement (GOPA) signed by the Private broadcasters, the Officer of the FM Cell of this Ministry undertake inspection of Radio stations and Common Transmission Infrastructure (CTI) facilities.

Revenue Accrual to the Government

The Government receives revenue from Private broadcasters by way of non-refundable entry fees, Non-refundable one-time migration fees, Annual license fees, Tower rental and processing fees.

The total revenue earned by the Government by way of Non-refundable One Time entry Fee, Non-refundable One Time Migration Fee, Annual License Fee, Tower rental and processing fee from Pvt FM Radio broadcasting in the country since the inception of private FM Radio Broadcasting in the year 2000 amount to Rs. 6647.77 crore (approx.).

DIGITAL ADDRESSABLE SYSTEM

i) Decriminalization of the Cable Television Networks (Regulation) Act, 1995

The Cable Television Networks (Regulation) Act, 1995, has been amended through the Jan Vishwas (Amendment of Provisions) Act, 2023, replacing the previous stringent measures of imprisonment and fines with a more flexible approach allowing for warnings, advisories, censures/ or and penalties up to INR 20,000 for the first contravention and upto INR 1,00,000 for the second contravention thereby decriminalizing the CTN Act.

ii) Renewal of Multi-System Operators (MSO) Registration and last mile Internet connectivity

- a) Since the Cable Television Networks (Regulation) Act, 1995, and its associated rules did not contain provisions pertaining to the renewal of MSO (Multi-System Operator) registration, a formal request was submitted to the Telecom Regulatory Authority of India (TRAI) on February 7, 2022 under Section 11 of the TRAI Act, 1997, seeking their recommendations. On December 29, 2022, TRAI provided its recommendations.
- b) After examination of TRAI's recommendations in the Ministry, and with the approval of the Competent Authority, amendments were made to the Cable Television Networks Rules, 1994. These amendments included provisions related to the renewal of MSO registration. These changes were notified on September 18, 2023.
- c) Furthermore, building upon TRAI's

recommendations dated September 7, 2022, addressing 'Market Structure/ Competition in Cable TV services,' a new rule, Rule 5C, was incorporated into the Cable Television Networks Rules, 1994. This rule enables cable operators to offer last-mile access to internet service providers, likely to facilitate the expansion of broadband services.

iii) Amendment in the CTN Rules, 1994 thereby making provisions to define “Designated Officer” “Local Cable Operator”, Platform Services & “Registered Office”

This Ministry issued a Gazette Notification No. GSR 719(E) dated 03.10.2023 thereby amending the Cable Television Networks Rules, 1994 which are called the Cable Television Networks (Second Amendment) Rules, 2023. The amended rules define “designated officer”, “local cable operator” and “Platform Services” and “Registered Office”. This amendment provides the framework for implementation of decriminalisation of CTN Act, 1995 through Jan Vishwas Act, 2023.

iv) Draft Broadcasting Services (Regulation) Bill, 2023

M/o I&B recently drafted the Broadcasting Services (Regulation) Bill, 2023. The draft Bill aims to consolidate existing Regulations/ guidelines/ Rules governing various Broadcasting services into a single regulation thereby streamlining the regulatory framework in the Broadcasting industry, comments/ suggestions/ feedback/ inputs/ views on the draft Bill were sought from stakeholders/ general public upto 15.01.2024. The comments/ feedback received are currently under examination.

v) National Register for LCOs

- a) MIB vide Office Memorandum dated 08.02.2024 had directed all Local Cable Operators to furnish details about registration No. of LCO, address, date of registration, number of subscribers etc. through the Broadcast Seva Portal. This initiative aims to assign a

National Registration Number to each LCO and compile a National Register of LCOs. Additionally, Multi-System Operators (MSOs) and HITS operators were instructed to ensure that LCOs with interconnection agreements submit the required information on the portal. Accordingly, the above said Register of LCOs was launched by Hon'ble Minister for Information and Broadcasting on February 22, 2024 which is available on new. broadcastsewa.gov.in portal with an aim to enable the Government to streamline regulatory processes in the cable television sector. Approximately 40,000 LCOs have been granted National Registration No. till now.

vi) MSO Registrations

MSO registration granted during the year are 21. Total registration granted till March 2024 are 880. Also, registration of 883 MSOs have been cancelled during the year. The sharp decline in the number of MSOs are due to systematic action on the inactive and non-compliant MSOs. These MSOs have not caused the Audit of their systems resulting into the doubt on integrity of Network operated by them. Such MSOs were more prone to the piracy of signals and suppression of subscribers base.

vii) PS Channel Registrations

TRAI recommendations on platform services offered by MSOs were processed to finality, and the requisite guidelines in this regard were issued on November 30, 2022. The guidelines came into effect from December 1, 2023. While the guidelines seek to regulate the local content transmitted by cable operators on their own network, they also ensure that the network capacity of cable operators is primarily utilized for the distribution of registered TV Channels. Additionally, sufficient provisions have been made in the guidelines for MSOs to cater to the demand for local content by their subscribers. The PS guidelines mandate adherence to the Programme Code and Advertisement Code in respect to content on PS channels, keeping recordings for 90 days, etc., and shall help in combating the menace of piracy. The framework

for implementing the guideline was developed during the period under reporting. Based on the guidelines issued, this Ministry has received several applications from MSOs for the registration of PS offered by them. Registration has been granted to 228 PS Channels during the period of reporting and other applications are being processed as per the guidelines..

PRASAR BHARATI

Prasar Bharati was constituted as a statutory corporation under the Prasar Bharati (Broadcasting Corporation of India) Act, 1990 w.e.f. November 23, 1997. Prasar Bharati, with Akashvani (erstwhile All India Radio) and Doordarshan as its two constituents, is mandated to organise and conduct public broadcasting services to inform, educate and entertain the public and to ensure a balanced development of broadcasting on radio and television.

With changing times, Prasar Bharati has also transcended into the progressive and transformational mega wave of 'media convergence' of a digitally oriented platform. For the upwardly mobile and digitally savvy population around the globe, Prasar Bharati provides access to a variety of content by way of digital platforms like YouTube and mobile App 'NewsOnAIR'. Prasar Bharati also uses a number of social media platforms like Facebook and Twitter to disseminate updated information about its content and other relevant details about events and news.

The need for a public service broadcaster like Prasar Bharati is even more apparent in view of more than 800 channels that are mainly focussing on commercial programmes. Therefore, as a Public Service Broadcaster, Prasar Bharati is faced with the twin challenges of fulfilling its mandate as laid down in the Prasar Bharati Act in compliance with statutory law while being commercially viable in the

competitive world with private broadcasters. Balancing these twin challenges has been the focus of the policies and initiatives of Prasar Bharati.

Prasar Bharati currently reaches 90 per cent by way of the area and 98 per cent by way of the population of the whole country through its radio network and almost 100 per cent through satellite mode of TV network. Prasar Bharati presently has 591 Akashvani broadcasting installations and 66 Doordarshan Kendras to provide various Akashvani and DD services across the country.

Objectives

As per sub-section (2), the mandate given to Prasar Bharati enjoins the organisation to function inter-alia with the following objectives:-

- i. Uphold the unity, and integrity of the country and the values enshrined in the Constitution.
- ii. Promote national integration.
- iii. Safeguard the citizen's right to be informed on all matters of public interest and present a fair and balanced flow of information.
- iv. Pay special attention to the fields of education and spread of literacy, agriculture, rural development, environment, health & family welfare and science & technology.
- v. Create awareness about women's issues and take special steps to protect the interests of the children, the aged and other vulnerable sections of the society.
- vi. Provide adequate coverage to the diverse cultures, sports & games, and youth affairs.
- vii. Promote social justice, safeguarding the rights of working classes, minorities and tribal communities.
- viii. Promote research and to expand broadcasting facilities and development in broadcast technology.

The Prasar Bharati Board

Prasar Bharati is governed at the apex level by the Prasar Bharati Board, which is vested with powers for general superintendence,

direction and management of the affairs of the Corporation. Prasar Bharati Board comprises of a Chairperson, an Executive Member (Chief Executive Officer), a Member (Finance), a Member (Personnel), six part-time Members, a representative of the Ministry of Information & Broadcasting and the Director General of Akashvani and Doordarshan as its ex-officio Members. The tenure of the Chairman is three years subject to the maximum age limit of 70 years, whichever is earlier. The Executive Member has a tenure of five years, subject to an age limit of sixty-five years, whichever is earlier. The Member (Finance) and the Member (Personnel) are whole-time Members with six-year tenure, subject to the age limit of 62 years, whichever is earlier. The Prasar Bharati Board meetings convene at least six times a year normally. Except for implementation of Plan schemes funded by the Government wherein, a delegation of power is separately prescribed, the Board enjoys full financial powers.

VI. Film Preservation

NFDC-National Film Archive of India (NFDC-NFAI)

The National Film Archive of India (NFAI) was established as a media unit under the Ministry of Information and Broadcasting in February 1964. In India NFAI is the only organisation entrusted with the task of acquiring and preserving India's rich and varied cinematic heritage. With effect from January 01, 2023 all the activities of NFAI have been transferred to National Film Development Corporation (NFDC)

Acquisition in Film Preservation Section

During the year 2023-24, 150 titles were acquired. This collection comprises various Indian language films - Hindi, Marathi, Bengali, English, Telugu, Tamil and Gujarati in 35mm and 16mm film elements. The aforementioned film elements include original camera negatives, release prints, sound negatives, master positives and dupe negatives. The break-up of the acquisition is:

Acquisition through Long Term Loan (LTL)
– 106 Titles

Acquisition through Donations
– 108 Titles

Acquired via purchase process
– 587 Titles

National Film Heritage Mission (NFHM) is a prestigious project of the Government of India initiated in November 2016 by the Ministry of Information and Broadcasting. Its primary goal is the preservation, conservation, digitisation, and restoration of India's film heritage. The Ministry has allocated a total budget of 544.82 Crores for the period from 2021-22 to 2024-25 to support the NFHM, which is overseen by the NFDC- National Film Archive of India (NFAI), Pune.

- In March 2022, the **Preventive Conservation Project** for film reels was

initiated as a collaborative effort between Prasad Corporation and L'Imagine Ritrovata. This project encompasses various aspects, including decay prevention, damage repair, cataloguing, meta-tagging, and the rearrangement of film reels as per the international film archive standards. NFDC-NFAI has currently completed the Preventive Conservation of around 47,777 reels out of 60,557 film reels in 2023.

- The **digitisation project** focuses on 5,113 celluloid films, consisting of 2,345 features and 2,768 shorts. State-of-the-art archival film scanners, such as ARRIScan XT Scanners for pictures and Sondor Resonance audio scanners, are being used for digitisation. Under this project, prior to scanning of reels, the best available element is selected for further scanning. Subsequently, manual checking of the reels of finalised films is done and then the reels are cleaned in the ultra-cleaning section. Then, the reels are sent for picture and sound scanning separately. In the year 2023, NFDC-NFAI has digitised 755 feature films and 1418 short films in 4K and 2K resolutions.
- Notably, the Ministry of Information and Broadcasting, Government of India, announced the **Film Restoration Project** under NFHM in May 2022, with a budget of INR 363 crores. The project aims to restore 2,253 films, including 1,145 features and 1,108 shorts. To determine the titles for restoration, language-wise committees have been formed, comprising filmmakers, documentary filmmakers, film historians, producers, and other domain experts. NFDC-NFAI started the restoration work. The restoration work on 300 titles, both feature and shorts, commenced in 2023.

Film Storage/Preservation

NFDC-NFAI houses 27 state-of-the-

art film preservation facilities/vaults with archival standards and specifications. These vaults have the capacity of nearly 2 lakh film reels storage. The film vaults are maintained at certain temperatures based on black and white films, colour films and nitrate-based films.

NFDC-NFAI Phase 3 Expansion

NFDC-NFAI's Phase 3 expansion project will be completed in 2024. This new phase includes six new celluloid vaults, which will significantly enhance our film preservation capabilities. These vaults are designed to accommodate approximately 2 lakh (200,000) film reels. Additionally, the new building has four specialised vaults for preserving paper and photographic materials, as well as one vault for safeguarding LTO tapes. This expansion is a valuable addition to our existing infrastructure, which already comprises 27 film preservation facilities, all built to archival standards and specifications.

VII Film Facilitation Office

The Film Facilitation Office (FFO) was set up by the Ministry of Information and Broadcasting in 2015 under NFDC with a view to promote ease of doing business in the film sector and promote India as a filming destination for attracting investment from foreign filmmakers. The FFO provides a single window facilitation and clearance mechanism to both international and domestic filmmakers. Since February 1, 2019, the Film Facilitation Office has been facilitating permissions for domestic film shooting thus providing ease of doing business for regional filmmakers. The role of FFO has been operationalised through Invest India since January 1, 2023, which is the apex body for hand-holding foreign investments in the country and also holds key connections with the States.

Revision of Incentives: The film incentives for foreign productions and co-productions have been started in 2022 and they have been enhanced manifold. The cap of the incentives has been enhanced to Rs. 30 Crore and the guidelines of the incentives scheme were comprehensively revised and simplified for furthering the ease of doing

business in this sector. The revised schemes were announced by the Hon'ble Minister for Information and Broadcasting at the inaugural ceremony of IFFI 2023.

Popularising the Incentives: The film facilitation office organised several outreach events such as conferences, sessions, roundtable discussions with foreign missions, webinars, meetings, etc. in the key international and domestic events participated by the Ministry and NFDC. A short film and other promotional material were prepared by FFO on the benefits of filming in India and also the incentives scheme. Following the revision in the incentives scheme, another film with the revised scheme produced by the FFO was used to announce the scheme at the inauguration of IFFI 2023. A digital marketing campaign on the revised incentives scheme has also been launched.

Revamping of FFO web portal: The FFO web portal ffo.gov.in was launched in 2018 to act as a single window resource for filming permissions and for other resources related to filming in India. The website is now being revamped and redesigned to include best-in-class facilities and design as well as to completely automate the facilitation process.

FILM AND TELEVISION INSTITUTE OF INDIA (FTII)

The Film Institute of India was set up by the Government of India in 1960 under the Ministry of Information & Broadcasting. Following the addition of the Television Wing in 1971, the Institute was re-designated as the Film and Television Institute of India (FTII). CENTRAL BOARD OF FILM CERTIFICATION

The production and exhibition of films occupy an important place in the field of culture as those are the most widely appreciated and democratic forms of art. Films play a significant role in shaping public opinion and imparting knowledge and understanding of the culture and traditions of people across various regions. Production of feature films in the country is mostly in the private sector.

Our Constitution guarantees freedom of speech and expression as a fundamental right but subjects it to reasonable restrictions. These restrictions are placed in the interest of the "sovereignty and integrity of India, security of the State, friendly relations with foreign States, public order, decency and morality and in relation to contempt of Court, defamation

or incitement to any offence.” Keeping in view these provisions of the Constitution, the basic principles for the guidance of the Board in certifying films for public exhibition in India are laid down in the Cinematograph Act 1952. Further, directions (guidelines) have been issued by the Government of India under section 5B (2) of the Act setting out the principles in further detail for determining the suitability of films for public exhibition.

The Central Board of Film Certification has been set up by the Government of India under Section 3 of the Cinematograph Act 1952 to sanction films for public exhibition. The Board consists of non-official members and a Chairman (all of whom are appointed by the Central Government) and functions with headquarters in Mumbai. The present Board appointed vide Ministry’s notification dated August 11, 2017 consists of 10 non-official members and is headed by Shri Prasoon Joshi, award-winning writer, noted lyricist, poet, scriptwriter, and advertising and communication icon.

The Board functions with its headquarters in Mumbai and nine regional offices in Mumbai, Chennai, Kolkata, Bengaluru, Hyderabad, Thiruvananthapuram, Delhi, Cuttack and Guwahati. The regional offices are headed by Regional Officers/ Adtl. Regional

Officer and are assisted by Advisory Panels in the examination of films. The members of the Board and the Advisory Panels represent a cross-section of society and include people from all walks of life like educationists, social workers, housewives, film personalities, doctors, journalists, etc.

Films considered suitable for unrestricted public exhibition are granted “U” certificates. Films that are suitable for unrestricted public exhibition but contain some material that requires parental guidance for children below 12 years, are granted “UA” certificates, with caution to parents to that effect. Films that are found unsuitable for exhibition to non-adults but suitable for adults are granted “A” certificates. Those considered unsuitable for the general public, but suitable for exhibition to specialised audiences such as doctors, etc. are granted “S” certificates.

Certification of Films

India is one of the major film-producing countries in the world. The SARS-CoV-2 outbreak in 2020 caused a drop in film production, leading to a decline in the certification of films. Nevertheless, a steady increase has been observed in the certification of films during the last 3 financial years, indicating a recovery in film production activities across the country.

INDIA and UNESCO

India is among the founder members of the United Nations Educational, Scientific and Cultural Organisation (UNESCO). UNESCO's main goal is to promote international cooperation in the fields of education, science and technology, social sciences, culture, and mass communication.

Ms. Neerja Sekhar, Additional Secretary of Ministry of Information and Broadcasting, welcoming the Delegation of the UAE National Defence College in New Delhi on December 14, 2023.

Interaction held with the UAE Delegation held on December 14, 2023.

The Indian National Commission for Cooperation with UNESCO (INCCU) was set up by the Government of India in 1949 for associating its principal bodies interested in educational, scientific and cultural matters with the work of UNESCO. The Ministry of Education is the nodal Ministry for matters related to INCCU. The INCCU was last constituted in 2020 for a period of four-year. For reconstitution of a fresh INCCU, the Ministry of Information and Broadcasting has sent nominations of ten Institutional and ten Non-Institutional members to the Ministry of Education.

INCCU comprises five Sub-Commissions on Education, Natural Sciences, Social Sciences, Culture, and Communication. The Sub-Commission on Communication is chaired

by the Secretary, Ministry of Information and Broadcasting and also comprises various senior officers in the Ministry and heads of Media Units and eminent journalists. A meeting of the Sub-Commission on Communication was convened on November 8, 2023. The Sub-Commission discussed issues related to fake news, fact check, gender equality in media, pluralistic media and the digitisation of the documentary heritage of the country. The views elicited by the Sub-Commission formed a part of India's position at the 42nd UNESCO General Conference held at Paris, France from November 13, 2023 to November 14, 2023.

The Additional Secretary, Ministry of Information and Broadcasting was deputed to attend the meeting of the Communication and Information (CI) Commission of the 42nd UNESCO General Conference at Paris, France from November 13, 2023 to November 14, 2023.

CULTURAL EXCHANGE PROGRAMMES (CEP) WITH FOREIGN COUNTRIES

The Cultural Exchange Programmes (CEP) are signed by the Ministry of Culture on behalf of the Government of India to strengthen cross-country cultural relationships. As regards Ministry of Information and Broadcasting, these programmes/agreements promote the exchange of ideas between India and other

countries in the spheres of mass media, journalism, broadcasting, international film festivals, and publications.

During the Financial Year 2023-24, CEPs were signed with the Government of Kenya on December 5, 2023 (for the period 2023-27) and the Government of Republic of Colombia on April 26, 2023 (for the period 2023-2026).

USE OF HINDI AS OFFICIAL LANGUAGE

The Hindi Section of the Ministry of Information and Broadcasting (Main Secretariat) functions with sanctioned strength of one post of Director (OL), one post of Deputy Director (OL), two posts of Assistant Director (OL), two posts of Senior Translation Officer, two posts of Junior Translation Officer and other supporting staff to increase the progressive use of Official Language Hindi in day-to-day official work and to implement the Official Language Policy of the Union and Rules made therein. An Official Language Implementation Committee (OLIC) has been constituted under the chairmanship of Senior Economic Advisor in the Ministry and its meetings are being held regularly. In these meetings, the status of implementation of the Official Language in the Ministry and its 17 subordinate Media Units is reviewed and suggestions/decisions taken are communicated to all divisions/wings to increase the use of Hindi in the official work.

During the year 2023-24, two Hindi workshops were organised and 96 officers/employees participated in these workshops. To encourage all the employees and officers to increase the use of Hindi in official work, Hindi Pakhwada was organised from September 14-29, 2023 in the Ministry (Main Secretariat). The message of the Union Minister for Information and Broadcasting was circulated in the Ministry

and subordinate Media Units on the occasion of Hindi Diwas on September 14, 2023. During the Hindi Pakhwada, six Hindi competitions were organised. A total of 160 officials participated in these competitions and 68 officers/employees became prize winners. Besides, the Incentive Scheme for Original Hindi Noting/Drafting is being implemented in the Ministry every year. On March 27, 2024, a 'Hindi Pakhwada Samapan Samaroh, 2023' was organised in the Ministry and all winners were facilitated and given the certificates by the Secretary, Ministry of Information and Broadcasting.

During January 1, 2023 to March 31, 2024 the Second Sub Committee of the Committee of Parliament on Official Language inspected 35 subordinate and attached offices of the Ministry. In pursuance of the target given in the Annual Programme of Official Language Department, Hindi section of the Ministry conducted Official Language inspection of 10 sections of the Ministry (Main Secretariat) from February 21 to March 11, 2024. Two Media Units were also inspected during the period. Quarterly reports on the progressive use of Hindi by the Ministry were regularly sent to the Department of Official Language, Ministry of Home Affairs.

The Ministry's website has been made bilingual (Hindi and English) and is updated regularly.

WOMEN WELFARE ACTIVITIES

To review the programmes and monitor implementation of development schemes for women in accordance with the guidelines of the National Commission for Women, a Women Cell was created in the Ministry in 1992. Later, in accordance with the Hon'ble Supreme Court guidelines laid down in Vishakha & Others Vs. State of Rajasthan case, the Cell was re-constituted on May 16, 2002 as the Complaint Committee for matters relating to sexual harassment at work place. An external expert from YWCA as a non-official member in the Women Cell was included on January 13, 2006.

Later on, in accordance with the guidelines of the Hon'ble Supreme Court and recommendation of National Commission for Women, the Complaint Committee was renamed as 'Internal Complaints Committee (ICC)' on October 25, 2013.

ICC was last re-constituted on October 5, 2023. Vide Circular No. B-11020/17/2011-Admn.III (Vol- II). Ms. Neerja Sekhar, Additional Secretary, Ministry of Information & Broadcasting has been nominated as Chairperson of ICC. Besides, Ms. Pranita Biswasi, National Programmes Manager, YWCA

of India, has been nominated as a non-official member of this Committee. Four officials of the Ministry are its official members.

The Internal Complaints Committees are also functioning in the attached/subordinate offices and autonomous bodies of the Ministry. The Guidelines regarding Central Civil Services (Conduct) Rules, 1964 regarding prevention of sexual harassment of women at the workplace issued by Department of Personnel & Training from time-to-time are also brought to the notice of all the Media Units under this Ministry for adherence.

Furthermore, as per the direction of Hon'ble High Court of Orissa in the W.P. (C) No. (PIL) 33000 of 2022, Smt. Biyot Projna Tripathy Vs. Government of Orissa before the Hon'ble High Court of Orissa Bench at Cuttack and in compliance of the decision taken during the last Internal Complaints Committee meeting in this Ministry, necessary billboard, notice board, SHe-Box (Sexual Harassment electronic box) and DOs & DON'Ts along with the poster has been installed at different places of the Main Secretariat of this Ministry.

The vigilance set up of the Ministry functions under the overall supervision of the Secretary, Ministry of Information & Broadcasting. The Vigilance Wing of the Ministry is headed by Chief Vigilance Officer (CVO) at the level of Joint Secretary, who is appointed with the approval of Central Vigilance Commission (CVC) out of one of the Wing Heads of the Ministry. CVO, Ministry of Information & Broadcasting is assisted by Deputy Secretary (Vigilance), Under Secretary (Vigilance) and a Vigilance Section. CVO of the Ministry provides a link between the Ministry and its subordinate/attached offices and CVC as well as CBI. In the Ministry's autonomous/attached/subordinate offices, public sector undertakings and registered societies also, separate vigilance set-ups exist. The CVO of the Ministry coordinates vigilance activities of the attached and subordinate offices, public sector undertakings of the Ministry as per CVC guidelines.

The Vigilance set up in the Ministry and its Media Units makes efforts to streamline the procedures so as to create a corruption-free work atmosphere. It is endeavoured to carry out regular and surprise inspections, rotate staff posted in sensitive positions, ensuring proper observance of rules and procedures.

During the period April 1, 2023 to March 31, 2024, 13 regular and 7 surprise inspections were carried out and in the said duration, 297 fresh complaints were received in the Ministry and its media units from different sources. These were examined and preliminary inquiries were ordered in 27 instances. In addition to this, Preliminary Inquiry reports in respect of 48 cases were received during this period. Departmental action for major penalties was initiated in 11 cases. Major penalties have been imposed in 23 cases, and administrative actions have been taken under relevant provisions of rules in 5 cases.

As per the directions of CVC, a three-month long campaign as a precursor to the Vigilance Awareness Week was held in the Ministry and its Media Units from August 16, 2023 till November 15, 2023 for preventive vigilance cum internal housekeeping activities in six identified focus areas — Awareness building about Public Interest Disclosure and Protection of Informers (PIDPI) Resolution, Capacity Building programs, Identification and implementation of Systemic Improvement measures, Leveraging of IT for complaint disposal, Updating of Circulars/Guidelines/Manuals, Disposal of complaints received before June 30, 2023.

Under Outreach activities during the campaign period the Ministry and Media Units actively engaged with schools and colleges to disseminate awareness on preventive vigilance. A total of 750 school students and 650 college students participated in the various event organised for this purpose. A session on Preventive Vigilance was successfully conducted by the Ministry with the Gram Sabha of Loni Block in Ghaziabad District, Uttar Pradesh. Additionally, a street play on PIDPI was organised by the Ministry, featuring professional artists from the CBC.

A week-long Vigilance Awareness Week was observed by the Ministry and its media units from October 30, 2023 to November 05, 2023 with the theme: “भ्रष्टाचार का विरोध करें, राष्ट्र के प्रति समर्पित रहें” “Say no to corruption, commit to the Nation”. Various competition/activities were organised to promote vigilance and fight corruption in which officers and staff members of the Ministry participated enthusiastically. Winners of the competitions were given cash rewards and certificate. Further, second edition of the in-house vigilance journal named Satark, documenting various activities of the Vigilance Wing of the Ministry and its Media Units, was also published.

The Right to Information (RTI) Act, 2005 provides freedom to every citizen to secure access to information under the control of public authorities, consistent with public interest, in order to promote openness, transparency and accountability in administration and in relation to matters connected therewith or incidental thereto. Right to Information means the right to information accessible under this Act, which is held by or under the control of any public authority and includes the right to:

1. Inspection of work, documents, records
2. Taking notes, extracts or certified copies of documents or records
3. Taking certified samples of material
4. Obtaining information in the form of CDs or in any other electronic mode or through printouts where such information is stored in a computer or in any other device.

Implementation of RTI Act in the Main Secretariat

Under the provisions of the RTI Act, 2005, a nodal RTI Section was set up in the Ministry of Information and Broadcasting to coordinate the RTI-related work. This Section collects, dispenses, and transfers the applications seeking information under the RTI Act, 2005 to the Central Public Information Officers (CPIO)/ public authorities concerned with the subject matter.

All applications, appeals, and decisions of the Central Information Commission (CIC) under RTI Act, 2005 related to the Ministry, its attached offices, subordinate offices, PSUs, and autonomous bodies are received in the RTI Cell. The Ministry has designated 24 CPIOs and 19 First Appellate Authorities (FAAs) to provide information and to take decisions on

the appeals filed. List of CPIOs and Appellate Authorities are available in the Ministry's website www.mib.gov.in.

The year-wise RTI applications & appeals received and action taken are reflected below:

Year	No. of applications & appeals received and action taken
2020	1,673
2021	1,512
2022	1,365
2023	1,191

During 2023, a total of 1,107 RTI applications and 84 appeals were received in RTI Cell out of which 905 applications and 66 appeals were received online. All applications and appeals were promptly transferred/forwarded to the concerned public authorities/CPIOs for providing information to the applicants. An amount of Rs. 4,822 was received as application fee/information charges/inspection charges during 2023. Apart from this, RTI Cell also attends to all RTI queries received from visitors.

Mechanism to Deal with RTI Applications

All applications received under RTI Act are scrutinised and RTI applications which do not concern this Ministry are transferred to the concerned public authority, and the remaining applications are forwarded to the concerned CPIOs in the Ministry.

As a mechanism to follow up the pending applications, frequent reminders are sent to CPIOs so that there may not be any delay in providing information to the applicant.

RTI applications and appeals received through the online RTI portal are forwarded

online to concerned CPIOs/FAAs of the Ministry. RTI applications and appeals received in physical form are scanned, uploaded, and forwarded to concerned CPIOs and FAAs of the Ministry for speedy and timely disposal. All the CPIOs and FAAs have been provided username and password to check status of the applications/appeals and send online replies.

Implementation of Section 4 of the RTI Act, 2005

The Ministry has already completed the obligations under Section 4(b)(i) and 4(b)(ii) which deal with suo-moto disclosure of all information held by the public authority. The Information Manual under RTI Act, 2005 is

revised/updated by the Ministry of Information & Broadcasting from time-to-time. Quarterly Report on number of applications/appeals received, rejected, transferred is uploaded on the CIC's website regularly.

Implementation of RTI Act in the Attached/Subordinate offices of the Ministry

CPIOs and Appellate Authorities have been appointed by all the attached/subordinate/PSUs and autonomous bodies under this Ministry. They are working in accordance with the instructions issued in this regard by the Department of Personnel and Training from time-to-time.

IRLA (Individual Running Ledger Accounting System)

Pay & Accounts Office (IRLA) came into existence along with other departmentalised PAOs of other Ministries. The idea of IRLA system (Individual Running Ledger Accounts for Group A officers) originated to keep all service and payment detail in a centralised system so that officers of Media Units of the Ministry of Information and Broadcasting and Prasar Bharati, who have an all India transfer liability can draw their salary conveniently. Pay & Accounts Office (IRLA) is maintaining service and salary records of Media Units of the Ministry of Information and Broadcasting

and offices of Prasar Bharati (Doordarshan & All India Radio) located in various cities all over the country. IRLA officers posted in Prasar Bharati may login to website <https://accounts.prasarbharati.org> to view and download salary slip, Income tax Form-16 and GPF statement etc. and other IRLA officers get the aforementioned facilities (except Income Tax Form-16) in EIS module of PFMS.

Banking Arrangements: State Bank of India is the accredited bank for PAOs and its field offices in the Ministry of Information & Broadcasting. e-payments processed by the PAOs/CDDOs are settled through CMP, SBI, Hyderabad in favor of the bank account

of vendors/beneficiaries. In some cases, Cheques issued by the PAOs/CDDOs are presented to the nominated branch of the accredited bank for payment. The receipts are also remitted to the accredited banks by the respective PAOs/CDDOs apart from Non-Tax-Receipt Portal (NTRP). Any change in the accredited bank requires specific approval of the Controller General of Accounts, Department of Expenditure, Ministry of Finance.

Principal Accounts Office has fourteen Pay & Accounts Offices, including six PAOs attached with Prasar Bharati. Five PAOs are located in New Delhi, two each in Mumbai, Chennai, Kolkata and one each in Nagpur, Lucknow and Guwahati. All payments pertaining to the Department/Ministry are made through PAOs/CDDOs attached with respective PAOs. Drawing and Disbursing Officers present their claims/bills to the designated PAOs/CDDOs, who issue cheques/releases e-payment after exercising the necessary scrutiny as per provisions contained in Civil Accounts Manual, Receipt and Payment Rules and other orders issued by Government of India from time to time. All payments are routed through PFMS and e-payments being directly credited into the beneficiary's bank account.

Initiatives on e-payment: The e-payment system in all Pay & Accounts Offices of the Ministry of Information and Broadcasting had been successfully implemented from 2011 onwards.

e-Payment System: Since, the IT Act, 2000 recognises the digitally signed documents or electronic records digitally authenticated by means of an electronic method or procedure in accordance with the provisions of Section 3 of the Act, the Controller General of Accounts had developed a facility in COMPACT for electronic payment (e-payment) through digitally signed electronic advices. This had replaced the existing system of payment through cheque while leveraging the COMPACT application

running in all Pay & Accounts Offices in all Ministries/ Departments of the Central Government.

The e-payment system developed was a fully secured web-based system of electronic payment services which introduces transparency in the Government payment system. Payment of dues from the Government under this system were made by credit of money directly into the bank account of payee through a digitally signed e-advices generated from COMPACT through the Government e-payment Gateway (GePG) on a secured communication channel. Necessary functional and security certification were obtained from STQC Directorate for its roll out. The system was implemented in all Central Government Civil Ministries/Departments in a phased manner.

GePG has further been upgraded to PFMS system, which is an integrated Financial Management System of Controller General of Accounts, for sanction preparation, bill processing, payment, receipt management, Direct Benefit Transfer, fund flow management and financial reporting.

Registration of Digital Signatures: The Pay & Accounts Officer obtains digital signature from the NIC Certifying Authority. The digital signatures obtained from the NIC Certifying Authority are stored in a USB Token called i-Key. The PAO registers the digital signatures with the PFMS portal through the Principal Accounts Office of the concerned Ministry/ Department. The concerned banks download the PAOs digital signatures from the PFMS portal. Digital signatures of the authorised signatory of the concerned banks are also uploaded on PFMS portal for authentication of e-payment scrolls provided to PAOs by the banks.

Submission of Bill: The Drawing and Disbursing Officers (DDOs) submit bills for

e-payment along with mandate form and details of payee viz. IFSC Code of Bank Branch, A/C Number, Name, Address, etc., to the Pay & Accounts Officer (PAO). A token number is generated from COMPACT and communicated to DDO.

Bill Processing: The bills are processed in the Pay & Accounts office through the Public Financial Management System (PFMS).

Digital Signatures: Once the bill is passed by the PAO, it is digitally signed using the secure I-Key and e-payment authorisation is generated by the system.

e-Scrolls: A digitally-signed electronic scroll is generated and uploaded by the bank on PFMS for all successful e-payments. e-Scrolls are downloaded by the PAOs for reconciliation and other MIS purposes.

Public Financial Management System (PFMS)

Public Financial Management System (PFMS) is a web-based online software application developed and implemented by the Controller General of Accounts (CGA), Department of Expenditure, Ministry of Finance, Government of India. The outputs/deliverables for the various modes/functions of PFMS include (but are not limited to):

- Payment & Exchequer Control
- Accounting of Receipts (Tax & Non-Tax)
- Compilation of Accounts and Preparation of Fiscal Reports
- Integration with Financial Management Systems of States

The primary function of PFMS today is to facilitate a sound Public Financial Management System for the Government of India by establishing an efficient fund flow system as well as a payment-cum-accounting network.

PFMS is also the channel for payment,

accounting and reporting under Direct Benefit Transfer. As such, every Department/Ministry of Government of India transfers funds electronically to the beneficiary (individual or institution) through PFMS.

At present, all fourteen Pay & Accounts Offices of Ministry Information & Broadcasting (including six PAOs attached with Prasar Bharati for GPF & Pension) are functioning successfully on PFMS.

Various Modules of PFMS

- I. Employees Information System (EIS) Module of PFMS:** This module has been implemented in all Drawing & Disbursing Offices of the Ministry of information & Broadcasting.
- II. CDDO Module of PFMS:** CDDO module of PFMS has been rolled out in all Cheque Drawing and Disbursing Offices of the Ministry.
- III. Online Portal (Bharatkosh) for collection of Non-Tax Revenue in the Ministry:**
 - Non-Tax Receipt Portal (NTRP) has been functional in the Ministry of Information and Broadcasting from November 1, 2016.
 - The objective of NTRP is to provide a one-stop window to citizens/corporates/other users for making online payment of Non-Tax Revenue payable to Government of India.
 - Non-Tax Revenue of Government of India comprises a large bouquet of receipts, collected by individual Departments/Ministries. Primarily, these receipts come from dividends, interest receipts, spectrum charges, RTI application fee, purchase of forms/magazines by students and many other such payments by citizens/corporates/other users.
 - The online electronic payment in a completely secured IT environment, helps

common users/citizens from the hassle of going to banks for making drafts and then to Government offices to deposit the instrument for availing the services. It also helps avoidable delays in the remittance of these instruments into Government account as well as eliminates undesirable practices in the delayed deposit of these instruments into bank accounts.

- NTRP facilitates instant payment in a transparent environment using online payment technologies such as internet banking, credit/debit cards.
- The collection of Non-tax Revenue of the Ministry for the period from January 01, 2023 to March 31, 2024 was Rs. 1323.82 crores through Bharatkosh on NTR e-portal.

New Developments in the Ministry

I. Treasury Single Accounts (TSA) module in Autonomous Bodies:

Bringing Autonomous Bodies under TSA system has been done to facilitate release of Government grants to Autonomous Bodies (ABs)/implementing agencies 'just-in-time' and avoiding parking of funds in PSBs/accumulation of unutilised grants with ABs/agencies. This would also avoid cash transfers to ABs/agencies in lump sum and facilitate drawdown from Government account as and when required.

Objective of TSA

- To enhance the efficiency of fund flow to ABs by using the 'just in time' principle for release of funds and thereby ensuring better cash management in Government of India.
- To decrease the interest burden of the Government by decreasing the quantum of borrowings.

- To avoid parking of funds released by the Government to ABs in their bank accounts.

TSA system has been implemented in all five Autonomous Bodies - Prasar Bharati, IIMC, PCI, SRFTI, and FTII. Apart from ABs, TSA has also been implemented in NFDC (a PSU) during the financial year 2022-23.

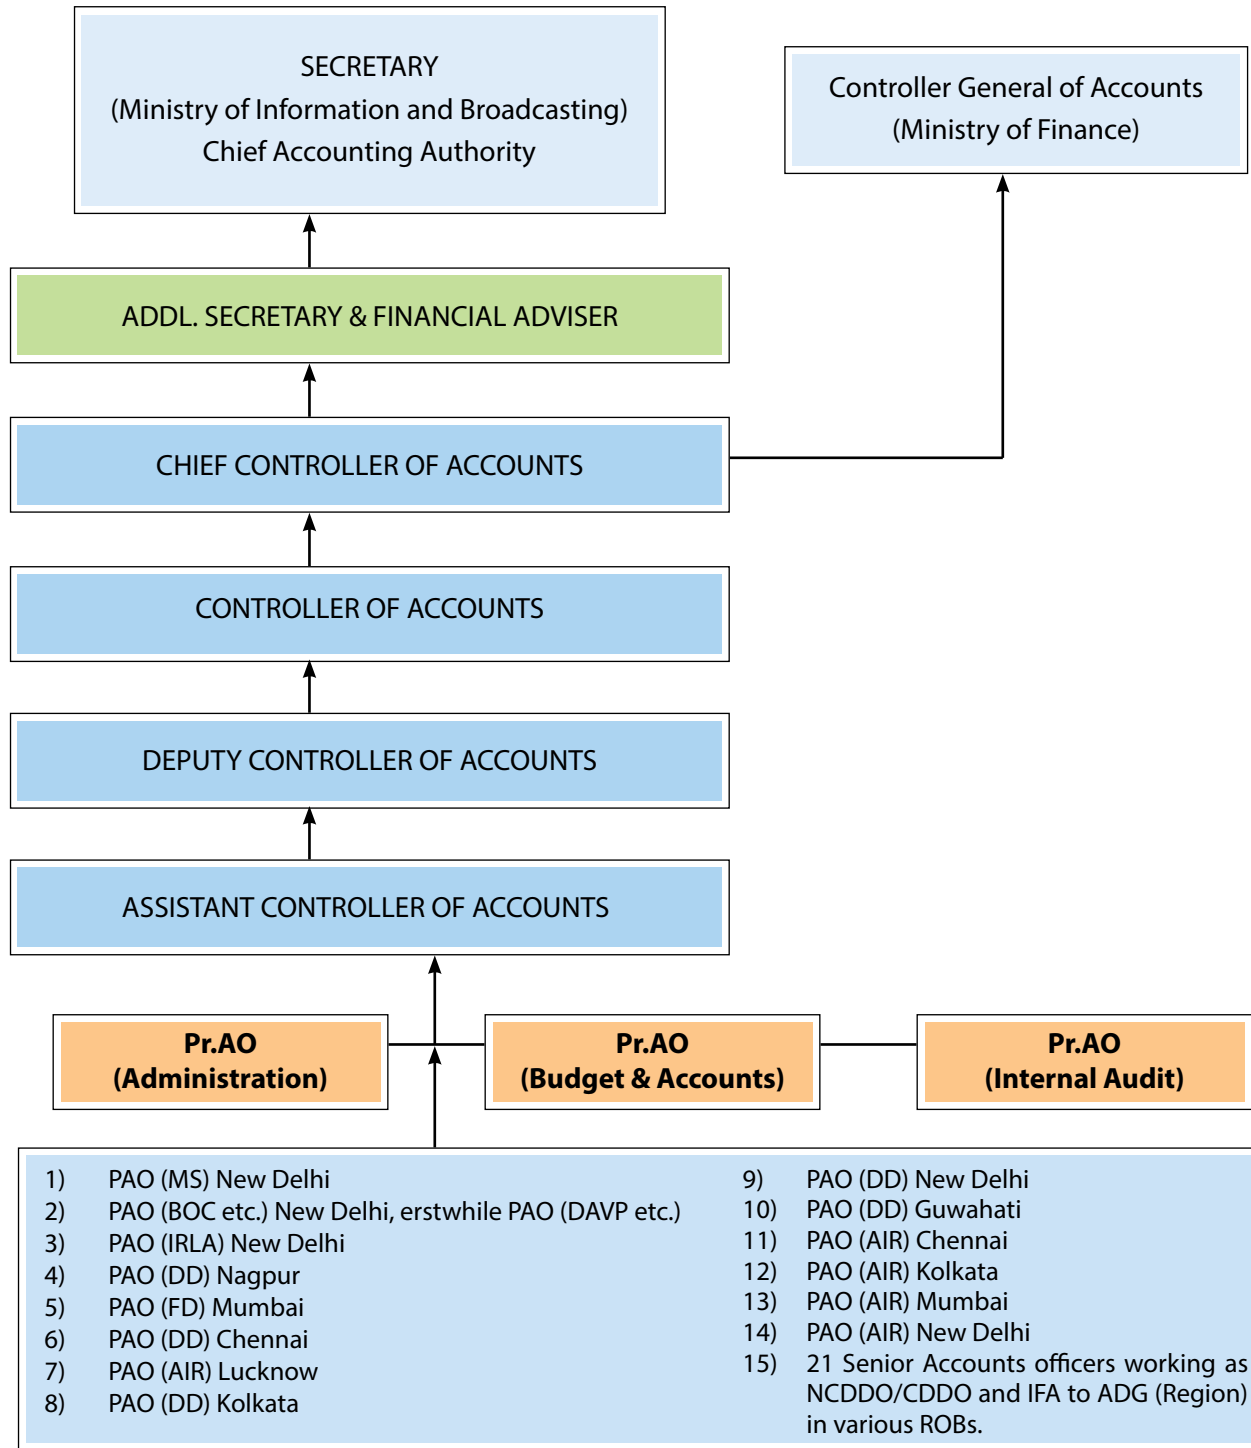

II. Electronic bill (e-bill) system module

in PFMS: The Union Minister for Finance and Corporate Affairs, Smt. Nirmala Sitharaman launched the Electronic Bill (e-Bill) processing system, announced in Union Budget 2022-23, on the occasion of 46th Civil Accounts Day. This is part of 'Ease of Doing Business (EoDB)' and 'Digital India eco-system' to bring in broader transparency and expedite the process of payments. It will enhance transparency, efficiency, and faceless-paperless payment system by allowing suppliers and contractors to submit their claim online which will be trackable on a real time basis.

The e-bill module of PFMS has been developed by the Office of CGA. PFMS is the payment platform managed by the Department of Expenditure, Ministry of Finance through the Office of CGA for use of PAOs/DDOs of Central Ministries/Departments. The new system involves Business Process Re-engineering (BPR) by leveraging the Information Technology in Central Government system to transform entire payment process in the paperless concept. The e-bill system aims to reduce the payment cycle time and enhance transparency and efficiency in Government payment system. It is a citizen-centric approach in which the physical interface between claimants and Government authorities responsible for receiving and processing claims will be minimised. The e-bill module of PFMS has already been rolled out in nine PAOs of the Ministry of Information and Broadcasting.
