PRESS INFORMATION BUREAU

The Press Information Bureau (PIB) is the nodal agency of the Government of India to disseminate information to the print, electronic and social media on Government policies, programmes, initiatives and achievements. It functions as an interface between the Government and the media and also provides feedback to the Government on the reaction of people as reflected in the media.

I. Vision of PIB

To disseminate information on the policies, programmes and achievements of Government for educating & empowering the people of India.

II. Functions of PIB

PIB functions as an interface between the Government and the media. It advises government on communication strategies best suited to meet the needs of the media. Another important function of the Press Information Bureau is to keep the Government informed of public perception about government policies and programmes as reflected in media.

The PIB disseminates information through different means, such as press releases, press notes, feature articles, backgrounders, press briefings, interviews, press conferences, press tours, etc. PIB also uses social media platforms like Twitter, Youtube, Facebook, Instagram etc to disseminate information. The information is released in English, Hindi, Urdu along with 11 other regional languages which reaches newspapers and media organizations all over the country.

The PIB has a News Room/News Monitoring Cell which is operational round the year to meet the information dissemination needs.

PIB also provides accreditation facility to media persons so as to facilitate access to information from the government sources.

III. Organisational set-up

PIB has its Headquarters in New Delhi and is headed by the Principal Director General (Media & Communication). Besides, the Bureau has Officers in ranks of Director General, Addl. Director General, Directors, Joint Directors, Deputy Directors, Assistant Directors, Media & Communication Officers and Information Assistants who are attached with different Ministries in order of the Officer’s rank and Ministry’s size, importance and sensitivity.

PIB has 5 Zones comprising 19 Regional Offices headed by officers of rank Additional Director General and 17 Branch Offices, including an information Centre, to cater to information needs of the regional media.
IV. Publicity related activities of PIB

A. Publicity of Ministries / Departments:

PIB Officers are attached to a Ministry/Department and are the authorized spokesperson of the same. He/ she briefs the media on policies and programmes of the Ministry/ Department, disseminates information, answers queries and provides clarifications or counter narratives as and when required. He/ she analyses public reactions as reflected in the editorials, articles and comments in the media and keeps the Ministry/ Department apprised of the public opinion and advises the Ministry/ Department on its media and IEC strategy.

PIB officers at the Regional and Branch Offices of PIB, apart from disseminating information emanating from Headquarters, also provide publicity to any important event organized by Central Ministries or Central Public Sector Undertakings in their respective region. These Offices also take up the decisions of the Central Government which may be of special importance, to a particular region for focused publicity based on information dissemination on sustained basis. PIB Regional/ Branch offices assume central role in facilitating media coverage of the President, the Prime Minister, Union Ministers and Secretaries on their official visits to a region/ state.

The following Communication Strategies are employed by PIB to carry out its mandate for information dissemination:

i. Traditional forms of communication viz. press conferences (including video conference) at national and regional levels,

ii. Issue of press releases and photos of important events and announcements. These are followed by SMS alerts, tweets and telephone calls to the media persons.

iii. Arrangements of interviews, special discussions etc. on electronic media.

iv. Use of Social Media platforms such as Twitter, YouTube, Facebook, Instagram, Vine in addition to regular updation on websites

v. Ensuring all India coverage through Regional/ Branch offices of PIB in major regional languages like Malayalam, Odiya, Kannada, Telugu, Tamil, Punjabi, Gujarati, Marathi, Assamese and Bengali in addition to Hindi, English and Urdu.

vi. Special publicity arrangements are made for important events like Independence Day, Republic Day, General Budget, Economic Survey, International Films Festival of India (IFFI), Rashtriya Ekta Divas, Yoga Day and Swacch Bharat Week etc.

vii. Feedback from media in the form of Daily Media Report to PMO in Hindi and English, daily media feedback to each Ministry by the respective Officers to their Ministries; Special feedback on important occasions.

viii. PIB reaches out to last mile through Media Outreach Programme in remote areas, including tribal and backward areas.

C. Social Media Cell

As the nodal agency for government communication, PIB uses social media to connect and engage with the ever-expanding online citizenry both Indian and Global.

PIB has a social media presence on Twitter, Facebook, YouTube, and Instagram. In addition to these, PIB runs a blog. All Official photos, videos and press releases of the Government are shared on multiple social media platforms, generating more than 18 million impressions per month. Besides these, important press conferences and media briefings are live-tweeted and live-streamed on Facebook, Twitter and on PIB’s YouTube channel, delivering real-time news updates of the Government. In addition to sharing of news, PIB undertakes social media campaigns to support the goals of good governance, by building awareness and increasing citizen engagement with Government’s policies and actions.

Twitter: PIB’s main Twitter handle @PIB_India has more than 1.47 million followers with an average increase of 12.5 K followers per month.

PIB has been adopting new types of content and presentation, in reaching out to and engaging with the citizens, such as Twitter videos. Gifs, polls and Twitter Moments.

@PIBHindi handle has more than 64.5 K followers. Besides this, given the potential of regional languages in Social media, various Regional offices of PIB have also begun to use Twitter to share local news updates from the Union Government in regional languages.

Facebook: The current year has witnessed a significant spurt in the fan base of PIB’s Facebook Page with around 236 K Likes in February 2019. This has been fuelled by adoption of creative means of communication and engagements.

YouTube: PIB’s YouTube channel has 4320 Videos, 317 K Subscribers with 27 Million Views. Apart from press conferences and events held at PIB, New Delhi. Select events outside Delhi too are now live streamed on the channel such PM LIVE, Special Government Events etc.

D. Media Outreach Programme and Publicity for Special Events

The objective of the media Outreach Programme is to disseminate information about the flagship schemes / programmes of the Government by organizing Media Interactive Sessions at national, regional and district levels. Press tours are also undertaken under this scheme to showcase success stories of various flagship programmes.

E. Information Dissemination during Election

PIB provides an effective interface between the Election Commission of India (ECI) and Media. To provide information of past General Elections and Assembly Elections, PIB releases the “Reference Handbook for General Election” as also Handbooks on Assembly Elections just after the announcement of election schedule by the Election Commission of India. In addition, during the run-up to elections, election related information is provided to media on regular basis through backgrounders and factsheets. To facilitate the coverage of Polling & Counting process during General Elections of Lok Sabha and various States Assemblies, PIB issue authority letters on behalf of ECI to National & International media persons based at New Delhi and also disseminate trends/ results on counting day on real time basis through its special website by obtaining counting data from the Election Commission of India & the National Informatics Centre.

VI. Press Facilities

i) Online Accreditation system: A system of providing online accreditation to Press and Media professionals was unveiled in the year 2010. Continuous changes are incorporated in the on line system keeping it dynamic and user friendly. The Bureau utilized the online system accreditation during the year successfully and this system was maintained and serviced by National Informatics system (NIC) for processing and issuing Press Accreditation cards to individual journalists.

ii) Media Centre at IFFI, Goa: PIB sets up a Media Facilitation Centre for IFFI (International Film Festival India), 2018 at Goa to facilitate media accreditation during the International Festival and also for dissemination of information relating to IFFI. The Media Centre of PIB extends services for distribution of Press kits, Media accreditation passes and other services to Journalists and Media professionals covering the event. PIB accreditation is given to media from India and abroad for coverage of the event. PIB's Social Media team gives full support to the event.

iii) Journalists' Welfare Scheme: PIB has been implementing the scheme of 'Journalist Welfare Fund'. The revised scheme provides ex-gratia relief on urgent basis to journalists and their families suffering from hardship. Assistance of up to an amount of Rs. 5 lakh can be sanctioned.

As part of the Special Services, the Feedback Cell in PIB prepares Daily Digests and Special Digests based on News Stories and Editorials from National as well as Regional dailies and periodicals for the use by Ministries. From 1st April- 27th February 2019, nearly 222 Digest & 55 Special Digest were sent and approx. 5600 SMS Alerts/ Mails were sent to PMO, Departmental Publicity Officers of various Ministries.
to the journalist under this scheme. Relief can be given to the family under extreme hardship on account of death of journalist or to the journalist in case of permanent disability. Assistance is also given towards the cost of treatment of major ailments like cancer, renal failure, heart ailment, brain haemorrhage etc. Financial assistance is also given in case of accidents causing serious injuries requiring hospitalization. The cases are processed by PIB and recommendations are sent to a high level committee in the Ministry of Information and Broadcasting for approval. During the reporting period, payment to 16 journalists has been made under this JWS scheme.

VII. Control Room in Emergencies

PIB has a News Room/ Control Room which is operational 365 days round the year to meet challenges emerging out of any eventuality. Arrangements for holding Press Conferences at short notices and simultaneous webcast through PIB Centres across the country are also kept in a state of readiness to handle any sudden development and unexpected situation even after 9.00 PM. The Control Room functions on 24X7 basis during emergencies and times of crisis. The important news channels are monitored and senior personnel are kept informed of latest developments, misreporting of the facts etc. for timely media intervention.

VIII. Initiatives during 2018-19

PIB took following initiatives during the period:

a) Infographics on various initiatives and achievements of the Government have been developed, which gives out the information in a compact and appealing manner. The response to these infographics has been encouraging as is evident from the higher engagement rates of the public to this content, as compared to the average engagement rate for regular text-based content.

b) PIB Officers in charge of communication of various Ministries of the Government of India have begun to share official updates, using official PIB-authorized Twitter Handles.

c) All press conferences held at PIB Hqrs are now live-streamed on Facebook, Twitter, and on PIB’s YouTube channel.

d) Interactions with various Social Media Agencies such as Instagram were conducted so as to better equip our officers in leveraging the internet and social media for publicity related purposes.

PROGRESSIVE USE OF OFFICIAL LANGUAGE HINDI IN PIB HEADQUARTERS

All possible efforts are made towards the progressive use of official language Hindi in Press Information Bureau, HQ for the observance and implementation of the various orders and instructions issued by the Department of Official Language including targets fixed in the Annual Programme under the Official Language Act, 1963(as amended in 1967) and the Official Language Rules, 1976 (as amended in 1987).

The Official Language Implementation Committee (OLIC) under the chairmanship of PDG(M&C) is constituted in PIB, Hqrs which monitors the status of the implementation of Official Language Policy of the union in bureau office through its quarterly meetings. All the meetings of the committee are held regularly and various issues like general and PM press releases, issues related to PIB website, use of Hindi in Social Media viz. Twitter, Face Book etc. Training of Hindi language, typing & stenography, O.L. inspections of sections and Regional/Branch offices of PIB regarding the progressive use of Hindi etc, are discussed and a comparative review of quarterly reports is done in these meetings. The regional/branch offices are visited by Rajbhasha officer of PIB Headquarters from time to time to apprise them of the official language policy & rules and review the status of their implementation in these offices. The website of PIB is available bilingually (Hindi & English).

Hindi Pakhwada-2018 was organized successfully in this Bureau from 01-15 September, 2018. During Pakhwada various Hindi competitions like Hindi Essay writing, Translation, Noting & Drafting, General Hindi Knowledge, Hindi Typing, Hindi Extempore speech and Hindi dictation competition were organized. Officers/officials of HQ participated actively in these competitions and won various prizes. During a Prize Distribution Ceremony held in bureau, DG(M&C) awarded certificates to the winners of Hindi Pakhwada competitions as well as the winners of Incentive Scheme 2017-18 implemented for the staff of PIB for doing their official work originally in Hindi and encouraged them to continue to do all their official work in Hindi.

BUREAU OF OUTREACH AND COMMUNICATION (BOC)

Bureau of Outreach and Communication (BOC) was created on 8th December, 2017 by integrating erstwhile Directorate of Advertising and Visual Publicity (DAVP), Directorate of Field Publicity (DFP) and Song & Drama Division (S&DD) at national, zonal, regional and field levels and converting them into three separate divisions under the overarching BOC in order to streamline Government’s outreach communication in order to have mass reach with specific focus on media dark areas and rural areas and on communicating with people in the form and language understood by them, using different vehicles of communication viz. print media advertising, audio visual advertising, outdoor publicity, exhibitions, new media etc.

Advertising and Visual communication Division (erstwhile DAVP) of BOC is the nodal division of BOC which undertakes campaigns on behalf of various Ministries & Departments of Government of India, Public Sector Undertakings (PSUs) and autonomous bodies to inform and educate rural and urban people about the Government’s policies and programmes through its various vehicles of communication viz. Print Media advertising, Audio Visual advertising, Printed Publicity, Exhibitions, Outdoor Publicity, New Media and Mass Mailing and motivates them to participate in developmental activities.

Folk Communication Division of BOC aims to propagate policies, programmes and schemes of the Government and to create awareness and emotional receptivity among the general public regarding social, economic and democratic ideals conducive to the progress of the nation through inter-personal communication through live media utilizing wide range of performing arts such as Drama, Dance-Drama, Composite-Programme, Puppetry, Ballets, Operas, Folk and Traditional Recitals, Mythological Recital and other Local Folk & Traditional Forms.

Field Communication Division of BOC is mandated to undertake direct communication and interpersonal communication programmes to create awareness amongst the masses, particularly in rural areas about the Government of India’s policies, programmes and schemes for their development through interactive sessions with local opinion leaders and targeted beneficiaries, group discussions, door to door visits, public meetings in villages and semi-urban areas. Special Outreach Programmes (SOPs) are organized with the support of various stakeholders viz. the State Government and local functionaries, society groups etc. As they are in the local language and at nearby venues, the impact of these communication programmes enables and encourages a greater understanding of the Government’s schemes and behaviour change. These efforts are complemented by use of traditional and folk media and other conventional and non-conventional methods. FCD’s field functionaries also collect feedback on implementation of Government’s programmes/schemes for the benefit of implementing agencies.

Organisational Structure

The Bureau of Outreach & Communication, with its Headquarter at New Delhi, consists of 23 Regional Outreach Bureaus (ROBs) and 148 Field Outreach Bureaus (FOBs).

The BOC is headed by an officer of Principal Director General/Director General level at HQ, and the 23 ROBs are looked after by an officer of Additional Director General level. The 23 ROBs have been divided in to 5 Zones, each zone being looked after by DG(Zone).

**Communication through Printed Literature**

Printed Publicity (PP) Wing caters to the requirements of printed material for mass publicity of the campaigns launched by BOC. This wing does planning, production and supervision of print jobs viz Multi colour posters, Folders, Brochures, Diaries, Calendars, Stickers, Wall Hangers, Table Calendars and other miscellaneous items. Preparation of plan estimates of print jobs for various Ministries/ Departments including Ministry of I&B is done as per the requirement and budget allocation.

BOC produces printed publicity material in all the major Indian Languages i.e. Tamil, Telugu, Kannada, Malayalam, Marathi, Gujarati, Bengali, Assamese, Oriya, Punjabi, Urdu and Hindi. This wing maintains a panel of Printers, Typesetters and Diary Makers to get the work completed in the minimum possible time and for controlling cost over runs.

Printed Publicity Wing has produced 19 jobs with 60 items totalling about 1,29,77,750 copies of all types of publicity material for Min. of I&B and various other client Ministries and PSUs.
Mass Mailing

Mass Mailing Wing receives printed publicity material like booklets, folders, posters, leaflets, brochures etc. produced on behalf of various Client Ministries / Department & Organization including Prime Minister’s Speeches. The distribution of this publicity material is undertaken on the basis of instructions of the client Department or as per Campaign instructions / requirements. Calendars and Diaries are printed every year to be distributed to all categories like VIPs of all States/UTs & all Ministries and their attached offices free of cost. For PSUs / Autonomous bodies it is done on payment basis.

At present, Mass Mailing Wing maintains an address bank of 5,57,108 addresses. These addresses are spread over 501 categories. 1,09,03,925 copies of publicity material on various themes like Transforming India (Booklet, Overarching- Sahi Niyat Sahi Vikas, Kit Folder- Sahi Niyat Sahi Vikas), UGC –Anti Ragging Poster, Hindi Hanger-Appeal, Empower of Women, CSC Flex Banner for Indian Navy, Parakram Parv, Jan Connect Booklet, Sardar Vallabh Bhai Patel, International Film Festival of India – 2018 have been distributed/dispatched till date during this financial year.

Accounts

The Accounts Wing of BOC handles payments of approximately Rs 950 to 1000 crore every year. BOC, apart from its own budget, receives funds from all its clients – Ministries, Departments, Autonomous Bodies, PSUs and after due verification disburses this fund as per the job order and proof of delivery to media organizations viz. newspapers, TV channels, Radio Channels, Outdoor Publicity agencies, Production houses and Printed Publicity agencies empanelled with BOC. The payments are handled after verification of the airing or publishing of the advertising as per laid out pre-conditions in the Release Order given to them by BOC. The Major achievements of the Accounts Wing are:-

1. All the bills pertaining to Establishment and Client Ministries’ Letter of Authorities are being successfully processed through PFMS and the payments have been made faster and smooth.
2. Both processing as well as payments of bills can be tracked on the website and details have been provided in the login area of the agencies, which gives transparency regarding status of the bills of the agencies, especially whether they have been rejected due to some reason or passed or at what stage it is.

3. Payments to all the agencies irrespective of job/campaign are now being made 100% through Electronic Fund Transfer (NEFT/RTGS) instantaneously, eliminating delay & losing of cheques in transit through post.

4. Successful implementation of processing of bill through newly introduced “web services” for error free mode of payment to the stake holders through PFMS. The module is presently working for both Scheme and Non-Scheme. Development of web services for LOA is under progress.

5. The year 2018-19 saw integration of 3 Units viz DAVP, S&DD and DFP into BOC. The regional offices came into force at 23 regions as Regional Outreach Bureaus (ROB). All the ROBs are having different PFMS Accounts and the Expenditure is maintained for the 23 regions by BOC (Hq), in a consolidated manner.

6. The payment and Bills status details have been provided in the agency’s login are for better transparency. The Payments are released through NEFT/RTGS only.

Administration

General Administration wing of BOC took up the following initiative with respect to modernisation, computerisation and e-commerce:

1. The works of this Bureau is fully computerized. One IT & Modernization project of erstwhile DAVP is under consideration and as and when it will be finalized all the IT and software works of erstwhile DAVP will be updated through different software modules.

2. The e-commerce portal of Govt. i.e. Government e-market place (GeM) has fully been implemented in BOC and most of the product which are available on GeM portal are purchased only through GeM portal.

3. It is also intimated that apart from the action taken by BOC on the above points, Swachhta Pakhwada was also celebrated in this Bureau with a great enthusiasm during the period 15th September to 2nd October 2018. Various cleanliness activities were undertaken surrounding Soochna Bhawan complex and also in nearby areas such as Kendriya Vidyalaya, Pragati Vihar and Mehar Chand market to spread awareness among general public, children, shop keepers etc. towards cleanliness.

REGISTRAR OF NEWSPAPERS FOR INDIA (RNI)

The Office of the Registrar of Newspapers for India (RNI) was set up on 1st July, 1956, on the recommendation of the First Press Commission in 1953 and by amending the Press and Registration of Books Act, 1867. An attached office with the Ministry of Information and Broadcasting, RNI executes statutory and non-statutory functions.

Organizational Structure

RNI headquarters is now situated at 9th Floor, Soochna Bhavan, CGO Complex, Lodhi Road, New Delhi -110003.

RNI is headed by Press Registrar, assisted by one Additional Press Registrar, two Deputy Press Registrars and three Assistant Press Registrars. The office has separate sections dealing with title verification, registration, circulation and administration. After the restructuring exercise by Ministry of Information & Broadcasting, Regional RNI offices in Mumbai, Kolkata, Chennai, Bhopal and Guwahati were closed and the officials of Press Information Bureau and erstwhile Directorate of Field Publicity (now Bureau of Outreach and Communication) of the level of Assistant Director have been designated as Registration Supervisor and the officers of the level of Deputy Director/Director/Additional Director General have been designated as Assistant/Deputy/Additional Press Registrars respectively, who are exercising their powers under the superintendence and direction of the Press Registrar.
Functions of RNI

The functions of RNI include maintaining a Register of newspapers and publications, published across the country, issuing Certificate of Registration to newspapers and publications, informing District Magistrate (DM) concerned about approval of titles of fresh newspapers and scrutinizing and analyzing the annual statements submitted by the publishers of newspapers and publications. RNI also submits an annual report on the print media scenario in the country, entitled ‘Press in India’, to the Ministry of Information and Broadcasting by 31st December every year. Under its non-statutory functions, RNI authenticates self-declaration certificates for import of newsprint to actual users publications registered with RNI as well as provide Essentiality Certificates for import of printing machinery. RNI also conducts circulation verification of registered publications on the basis of requests received from the publishers or instructions of the Ministry of Information and Broadcasting.

Title Verification

RNI receives applications of intending publishers for title verification, duly forwarded by the DM concerned and processes them for title verification as per the proviso to Section 6 of PRB Act. To facilitate the applicants, RNI has started online filling facility for title applications. The applicant is required to submit the printout of the filled-in application to the DM concerned for authentication and further forwarding to RNI. The receipt of the application at RNI and its verification status are intimated to the applicants through SMS and e-mail. The status of title applications can also be checked on the website of RNI (www.rni.nic.in). Title status letter is made available online for download. During April, 2018 to November, 2018, RNI scrutinized 10,454 applications for verification of titles out of which 2,122 titles have been verified.

De-Blocked Titles

The verified titles, if not registered with RNI within the stipulated time frame of two years, are de-blocked and made available for verification, subject to RNI guidelines for title verification and the provision of Section 6 of PRB Act, to intending applicant. As many as 2,135 titles were de-blocked by RNI between April, 2018 to November, 2018.

Registration

Once the title is verified, the publisher needs to proceed for registration of the publication which requires submission of declaration duly authenticated by the District Magistrate concerned, along with requisite documents as prescribed by RNI. Under provisions of the PRB Act, a registration number is allotted to the publication and a Certificate of Registration (CR) issued to the publisher. An entry in this regard will also be made in the register of RNI. As many as 1,375 publications have been registered during 1st April to November, 2018. During April, 2018 to November, 2018, a total of 2,704 Certificates of Registration have been issued which include 1,375 fresh certificates, 1,309 revised certificates and 20 duplicate certificates.

Annual Statement

As per Section 19D of the PRB Act, 1867 an Annual Statement in Form-II prescribed in the Registration of Newspapers (Central) Rules 1956 is required to be submitted to the Press Registrar by the publisher on or before the last day of May each year. The publishers are also to print every year in the first issue of their respective publications (brought out after the last day of February) a statement indicating the ownership and other relevant particulars in Form IV. Every year RNI brings out ‘Press in India’ report by analyzing and compiling the growth of print media in the country based on the Annual Statement filed by the publishers.

Online submission of Annual Statements, which was commenced during 2013-14, is being successfully implemented. As many 31,717 publications have filled Annual Statements for 2017-18.

Computerization

At present, application for titles can be filed online. Apart from computerized processing of title verification and registration, all the verified titles are put on RNI website and can be downloaded. With the introduction of this facility, any person/prospective publisher can access the existing title data base, which is available State/Language-wise. RNI has developed a new user-friendly website. In the second phase of digitalization, various procedures of the office, including application for title and registration will be made completely
online. Once the procedures are made online, all the DMs concerned will be given an individual login to forward the applications to RNI after due authentication.

Publication of “Press in India”

As per Section 19(G) of the PRB Act, 1867, the Press Registrar submits to Central Government an Annual Report, which contains summary of the information obtained during the previous year in respect of the newspapers in India. This report, titled ‘Press in India’ is submitted by the month of December every year. Since 2013-14, the Press in India is also being brought out in digital format as CD.

Circulation Verification

Regular circulation check/ verification of publications is done to reconfirm the circulation data/figures submitted by the publications in their annual returns/ report, as circulation data is used by various Government departments, including erstwhile Directorate of Advertising and Visual Publicity (now Bureau of Outreach and Communication), for deciding on allocation of government advertisements. In the Print Media Advertisement Policy released by the Ministry of Information & Broadcasting on 7th June, 2016, circulation verification by RNI/ABC has been made compulsory for publications with above 45,000 copy circulation claims. In pursuance to this policy, RNI’s guidelines on circulation check were also amended in 2017 and this has paved the way for a more effective mechanism for circulation verification, ensuring elimination of fake circulation claims by newspapers. As per the amended guidelines, circulation check is now done by the team of RNI/PIB officials under the general superintendence and control of the Press Registrar along with the certified panel of auditors (i.e. Chartered Accountants firms) who are either on the panel of ABC, CAG or RBI. Also the requirement of printing press experts from BOC has been replaced with a Self Declaration form regarding printing details to be submitted by the publishers for circulation verification.

Newsprint

In 2017, the process of issue of Eligibility Certificate by RNI, specifying the maximum quantity of newsprint that can be imported by a newspaper, was discontinued. At present, a Self-Declaration Certificate indicating the quantum of newsprint imported during the year and the quantum actually consumed till date from the above quantity has to be filed by the registered publishers before importing the newsprint. RNI and the regional branch offices of PIB authenticate the Self-Declaration Certificate after ensuring that the publisher is ‘actual user’ of the newsprint, i.e. the publication is registered with RNI. RNI no longer decides the quantity of newsprint being imported.

Official Language

Office of RNI organized a Hindi Fortnight during 1st to 14th September, 2018 wherein different competitions were held to promote the use of Hindi in Official work. One Assistant Director (OL) is posted in this office to provide necessary assistance in translation and implementation and monitoring of the Official Language Policy of the Government of India.

Public Grievance and RTI

A Public Grievance Cell is functioning in this office. Publishers can send their query through e-mail pqrcrni@nic.in, directly or through RNI website. A Deputy Press Registrar has been designated as the head of the internal Grievance Redressal machinery of this office. As many as 440 applications received under R.T.I. Act during April, 2018 to November, 2018 were answered to.

Citizen’s Charter

Citizen’s Charter has been prepared and posted on the official website of this office (http://www.rni.nic.in).

Plan Scheme for remaining of Fourteenth Finance Commission Period

Strengthening of RNI Headquarters

During the XII Plan period, RNI incurred expenditure to the tune of Rs. 1.65 crore on its scheme ‘Strengthening of RNI Hqrs’ under the Ministry of Information and Broadcasting’s umbrella scheme ‘Media Infrastructure Development Programme’. Out of various targets proposed during the Plan period, a sub-component ‘E-filing of Annual Statements’ was achieved completely. Now, for the remaining Fourteenth Finance Commission Period i.e. from 2017-20. The Scheme has been continued with following targets:-
In line with its mandate, Publications Division published the selected speeches of the President of India, one each in English and Hindi, covering his first year in office. These volumes, titled *The Republican Ethic* and *Loktantra Ke Swar*, present Hon’ble President’s vision and thought on diverse aspects of nation-building, especially with relation to individual citizen’s duties towards the nation. The volumes were brought out in close collaboration with the President’s office, and were released on December 8, 2018 by Shri M. Venkaiah Naidu, Hon’ble Vice President, in presence of Col. (Retd) Rajyavardhan Rathore, the Hon’ble Minister of Information & Broadcasting and Shri Amit Khare, Secretary, Ministry of Information & Broadcasting.

Publications Division bought out a volume of the selected speeches of Shri M. Venkaiah Naidu, Hon’ble Vice President of India, delivered in his first year in office. The volume was released on February 15, 2019 by Shri Pranab Mukherjee, Hon’ble Former President of India, in the presence of Shri Thawar Chand Gehlot, Hon’ble Minister of Social Justice and Empowerment, Col. (Retd) Rajyavardhan Rathore, the Hon’ble Minister of I&B, Shri Harivansh, Hon’ble Deputy Chairperson, Rajya Sabha and Shri Amit Khare, Secretary, M/o I&B.

The prestigious and voluminous task of bringing out year-wise volumes of selected speeches of Shri Narendra Modi, Hon’ble Prime Minister of India was also undertaken by the Publications Division. Divided into five sections, the speeches cover various facets of our national life, with the underlying theme and volume title being “Sabka Saath, Sabka Vikas”—“together with all, development for all”. Five volumes—three in Hindi covering the years 2014–15, 2015–16, 2016–17 and two in English covering the years 2014–15

Press and Registration of Books (PRB) Act, 1867: Press and Registration of Publications (PRP) Bill, 2018

The purpose of Press and Registration of Books (PRB) Act, 1867, which is currently under operation, is to regulate printing presses and newspaper for preservation of copies of books and periodicals printed in India, and for registration of such books and periodicals.

Realizing the need to amend the PRB Act 1867 keeping in mind the contemporary print media scenario in the country a bill namely ‘Press and Registration of Books and Publications (PRBP)’ was prepared and laid in the parliament after cabinet approval in November, 2011. Standing Committee on Information & Technology had examined the Bill and made certain recommendations. However, the bill lapsed after conclusion of 15th Lok Sabha. After the commencement of 16th Lok Sabha, it was decided to prepare the bill afresh. Hence, a new Bill named ‘Press and Registration of Publications Bill 2018’ has been drafted to replace the existing PRB Act, 1867. At present, the draft bill is under active consideration of the Ministry.
and 2015–16—were completed in the financial year 2018–19. These volumes were released on March 8, 2019 by Shri Arun Jaitley, the Hon’ble Minister of Finance and Corporate Affairs, in presence of Col. (Retd) Rajyavardhan Rathore, the Hon’ble Minister of I&B and Shri Amit Khare, Secretary, M/o I&B.

- The prestigious India/Bharat 2019 was released on March 7, 2019 by the Secretary, M/o I&B. The e-versions of the flagship publication were also released simultaneously. The reference annual is a comprehensive digest of the country and its progress in various fields including science and technology, art and culture, economy, defence, education, etc., and has sections on general knowledge and current affairs.

- The title Gauhati High Court: History and Heritage published for Gauhati High Court highlighting the historical origin and development of diverse and traditional justice delivery systems in Northeast India was released on August 25, 2018 by the Chief Justice of Supreme Court of India Mr Justice Ranjan Gagoi in presence of Shri Sarbananda Sonowal, Chief Minister of Assam.

- Publications Division signed a co-publishing arrangement with National Film Archives of India (NFAI) in April 2018, to enhance its content base and outreach. The agreement resulted in the publication of the prestigious book Women in Indian Cinema, which depicts the kaleidoscopic journey of Indian women through the prism of Indian cinema. The book was released by Col. (Retd) Rajyavardhan Rathore, the Hon’ble Minister of I&B at the inauguration of IFFI-2018 on November 20, 2018.

- The title Untold Story of Broadcasts During Quit India Movement—an important publication documenting the saga of secret nationalistic broadcasts during the Quit India movement 1942—was published in collaboration with Indira Gandhi National Centre for Arts (IGNCA) and was released by Shri Mahesh Sharma, the then Hon’ble Minister of Culture in August 2018.

- Publications Division rolled out an ambitious plan of publication of books and outreach
activities related to the celebrations of **Gandhiji's 150th Birth Anniversary**. Notable among these titles are *Satyagraha Geeta*, a heritage publication of Sanskrit verses written by eminent scholar-poet, Dr Kshama Rao during 1930s, and brought out in CD form with original Sanskrit text with Hindi and English translations; *Women in Satyagraha* by noted scholar Dr Aparna Basu; *MK Gandhi: An Indian Patriot in South Africa*, the first biography by Gandhiji during his formative years in South Africa, written by his South African friend Joseph Doke and many other inspiring titles for young and general readers. A total of 17 books on Gandhiji’s life and thought were published during the year. Many e-books on diverse aspects of Gandhiji’s ideas and ideals were also brought out.

- In collaboration with National Gandhi Museum, *Digital Gandhi* a comprehensive e-compilation of audio, audio-visual and textual elements with the text of earlier commemorative works, archival and audio-book material on Gandhiji has been prepared and is almost complete. *Mahatma Gandhi – A Life in Lenses (Gandhi Album)* with around 450 rare historic photographs with an encompassing write up, in English and Hindi, has been prepared with fully restored presentation and improved quality of photographs and nearing publication.

- Publications Division signed an MoU with Gujarat Vidyapith in July 2018, for preparation of the Digital Master copy of *Sampoorna Gandhi Vangmaya (SGV)* (97 volumes), the corresponding Hindi edition of *CWMG* (100 volumes). The project is important for preservation of this heritage document as also printing of the unbroken and authoritative print sets of *SGV* in future.

- The then Hon’ble M/o I&B, Ms Smriti Irani released three books published by Publications Division on International Women’s Day (March 8, 2018). These included *Rani Laxmi Bai* and *Razia Sultan*. Editions in thirteen languages of each of the books were released on this occasion under the “Ek Bharat Shreshtha Bharat” project. Another book titled *Pracheen Bharat ke Naaree Ratna*, published under co-publication programme with Sasta Sahitya Mandal was also released on the occasion. Under the “Ek Bharat Shreshtha Bharat” project, work on translation and publishing of 15 selected titles in 13 Indian languages made significant progress with around 150 books published so far.

- Collaboration with Sasta Sahitya Mandal (SSM) with Publications Division progressed in the publishing of new titles. Three titles among these are *Bhakti: Uttar Aur Dakshin Bharat ke Sanmansvat Sutra*, *Shruti Aur Smriti* and *Bhartiya Sanskriti Ke Antrik Srot*. They were released by Shri Amit Khare, Secretary, M/o I&B during the Delhi Book Fair in August 2018.

- Publications Division bagged seven awards and one Certificate of Merit for Excellence in book production in various categories in Hindi, English and regional languages. The annual awards instituted by Federation of Indian Publishers were distributed by Shri Amit Khare, Secretary, M/o I&B in a function organized during the Delhi Book Fair in August 2018. The titles *Sardar Patel: Sachitra Jivani* (Hindi), *Life at Rashtrapati Bhawan* (English), and *Pustak Soochi* (Hindi) bagged the first prize. *Bharat-2018* (Hindi), *Yojana-April, 2017* (English), *Bal Bharati-September* 2018.
2017 (Hindi), and Untold Story of Broadcasts During Quit India Movement bagged second prizes and Buddhism-The Path of Compassion bagged Certificate of Merit.

- Journals of Publications Division including Yojana and Kurukshetra continued efforts to disseminate information about government policies and programmes. Three special issues of Yojana on ‘Employment and Self Employment’, ‘Swachhata From Idea to Reality’ and ‘Infrastructure’ were brought out. Kurukshetra dedicated its issues to Rural Infrastructure, Rural Health, MSME, Panchayati Raj, etc., with articles from concerned Secretaries/Ministers and other senior officials. Employment News published more than 4539 advertisements from April 1, 2018 to March 31, 2019.

- Other important titles published during the year include The Asiatic Lion- Reviving the Pride of Gir, Buddhism: The Path of Compassion, Portraits of Strength – Rabindranath ki Kala Srishti, Parakram Gatha and Sankalp Se Siddhi – a book of quotes on Swachhta by the Hon’ble Prime Minister.

- Few significant titles in pipeline are Uttar Satyagraha Gita, sequel of Satyagraha Geeta, biography of Kasturba Gandhi and Narayan Desai’s book My Story in Hindi.

- Under the scheme of “Media Infrastructure Development Programme”, Publications Division worked towards further enrichment of its digital repository of books taking the number of digitized books to more than 2300 titles. Out of these more than 370 e-books were put up for sale through various platforms like Amazon and Google Play. Around 11000 copies of e-books were sold.

- Publications Division completed most of the critical milestones of the on-going Computerisation of Inventory Management Project—CIM project. All modules of this ERP project have been rolled out, including test-run of computerized billing in all DPD Sales Emporia. DPD also successfully completed the bar-coding of its entire stock of books spread across the country. DPD launched its new dynamic website and its digital rights management enabled App—Digital DPD.

- Publications Division participated in more than 36 domestic Book Fairs from April 2018 till March 2019. At the annual Delhi Book Fair held at Pragati Maidan in New Delhi from 25 August to 2 September 2018, a rich display of books on varied subjects was organised by Publications Division, the main attraction being the books on Bharat Ratna Late Shri Atal Bihari Vajpayee. A total of 19 books were released during the Book Fair. Publications Division also participated in a big way in the New Delhi World Book Fair 2019.

- DPD participated in four International Book Fairs, i.e., Viswa Hindi Sammelan, 2018 in Mauritius (18–20 August 2018), Beijing International Book Fair (22–26 August, 2018), Frankfurt International Book Fair (10–14 October, 2018) and London Book Fair (12–14 March 2019). Offers were received from some prominent global publishers for the publishing rights/marketing rights/e-Books marketing for DPD books. For the first time, DPD started sale of its books at the Frankfurt Fair.

- Book discussion programmes were organized every month by Publications Division during the year 2018 on topics of contemporary relevance such as 150th Birth Anniversary of Gandhiji, International Women’s Day, Swachh Bharat Abhiyan, etc., as part of efforts to reach out to a wider audience. Prominent authors/personalities like Shri Ram Bahadur Rai, Shri
Sachchidanand Joshi, Shri A. Annamalai, Ms Mridula Garg, Ms Nasira Sharma, Ms Manjari Chaturvedi, were invited for discussion on topics like “Bhartiya Stree - Parampara aur Apekshaan”, “Pustak Sanskriti aur Pathniyata”, “Bhartiya Cinema ke Naye Aayam Swachh Man”, “Swasth Tan aur Swachha Pariyavarn”, “Azadi meri nazar mein”, etc.

• DPD has been conferred Swachhta Pakhwada Award – 2019 by the Ministry for performance during Swachhta Pakhwada held from 16–31 January 2019.

Publications Division, a repository of books and journals highlighting subjects of national importance and India’s rich cultural heritage, was established in 1941. It has emerged as a premier publishing house of the Government of India, enriching national knowledge repository in: (i) preserving and showcasing India’s heritage with quality publications on land and people, history of freedom movement, art and culture, flora and fauna, biographies of the builders of modern India during the freedom movement, leading lights in the field of culture, philosophy, science, literature, etc.; (ii) chronicling the contemporary with bringing out speeches of the Presidents/ Prime Ministers, books on contemporary science, economy, history and other subjects with underlying focus on Indian society and readership; and (iii) bringing out both fiction and non-fiction children’s literature.

Publications Division has published several books on Gandhian thoughts including the Collected Works of Mahatma Gandhi (CWMG) in 100 volumes in English which is considered to be the most comprehensive and authentic collection of Gandhiji’s writings. Publications Division, in collaboration with Gujarat Vidyapeeth, and under supervision of Gandhian scholars, has also prepared the e-version of the Collected Works of Mahatma Gandhi (e-CWMG), fully searchable master copy, in the form of a well-designed set of DVDs which is also hosted on the Gandhi Heritage Portal. DPD and National Gandhi Museum are collaborating to bring out a series of authentic and well-designed books.

Publications Division also brings out four monthly journals Yojana, Kurukshetra, Bal Bharti and Aajkal and a weekly Employment News. These periodicals cover contemporary issues such as economic development, rural reconstruction, community development, literature, culture, children’s literature and information on Employment and career opportunities.

ORGANIZATIONAL SETUP

The Directorate of Publications Division headed by the Director General (DG), is assisted by an Additional Director General and Director-level officers heading Editorial, Business, Production and Administration Divisions & Employment News. With headquarters at Soochna Bhawan, New Delhi, DPD has sales emporia at New Delhi, Mumbai, Chennai, Kolkata, Patna, Lucknow, Hyderabad and Thiruvananthapuram and regional Yojana offices at Mumbai, Kolkata, Chennai, Ahmedabad, Guwahati, Hyderabad, Thiruvananthapuram and Bengaluru.

MAJOR ACTIVITIES

Publication of Books

In the year 2018–19, Publications Division brought out 168 books until March 2018, some prominent ones being: Selected Speeches of the President of India delivered in his first year—The Republican Ethic (English) and Loktantra Ke Swar (Hindi); one volume of the selected speeches of Shri M. Venkaiah Naidu, Hon’ble Vice President of India during his first year in office; five volumes of selected speeches of Shri Narendra Modi, Hon’ble Prime Minister of India; and reference Annuals—India 2019 and Bharat 2019.

The special focus during the year was on Gandhian books, as a tribute to Mahatama Gandhi in his 150th centenary year. The most notable books in this segment are:

Women in Satyagraha by Dr. Aparna Basu; Biography of Kasturba Gandhi in collaboration with National Gandhi Museum, New Delhi; Gandhi Album with around 500 rare historic photographs with an encompassing write up, in English and Hindi; Tamil and Kannada editions of the celebrated book by D. G. Tendulkar – Gandhi in Champaran; Gandhiji’s first biography by his South African friend Joseph Doke, covering the formative period of the Mahatma’s life; a pictorial biography of Gandhiji for children in English, Hindi, Bengali, Gujarati and Assamese, beside many other Gandhian motivating titles for children and young readers.
Eleven important Gandhian titles, a combination of original, translated, and restored books, were released by the Hon’ble Minister of I&B on the occasion of a BOC-coordinated exhibition in New Delhi on October 2, 2018.

As part of its continued efforts to bring out books on apex institutions, DPD published the book *Gauhati High Court: History and Heritage* for Gauhati High Court highlighting the historical origin and development of diverse and traditional justice delivery systems in Northeast India.

To enhance its outreach, DPD collaborated with National Film Archives of India and brought out the book *Women in Indian Cinema* highlighting the transformation in the portrayal of women in Indian cinema over the years. It was released by HMIB at IFFI Goa on November 20, 2018. DPD’s earlier collaboration with IGNCA also bore fruit with an important publication titled *Untold Story of Broadcasts During Quit India Movement*. The book narrates the saga of Indian patriots running secret nationalist radio stations during the time of the Quit India Movement. Another collaboration with Sasta Sahitya Mandal also resulted in publication of a number of books on Indian culture and ethos viz. *Shruti Aur Smriti*, *Bhakti: Uttar aur Dakshin Ka Samanvyata Sutra* and *Bhartiya Sanskriti Ki Aantrik laya Ke Shrot*.

Some other important titles include: *Buddhism: The Path of Compassion*, *Potraits of Strength*, *Lok Mein Jal*, *Ravindranath Ki Kala Srishhti*, *Champaran Puran*, *Vivekanand Ki Kahani*, *Kanad*, *Pt Deen Dayal Upadhyay* (Kannada), *Dr. Keshav Baliram Hegdewar* (Kannada), *Shruti Aur Smriti*, *Bhakti: Uttar aur Dakshin Ka Samanvyata Sutra* and *Bhartiya Sanskriti Ki Aantrik laya Ke Shrot*.

Further, DPD also expanded its presence on digital publishing by increasing the total number of titles available to more than 370 on various e-commerce websites in a searchable format downloadable on various electronic devices.

**Digitization of Publications:**

Under the Plan sub-scheme of “Media Infrastructure Development Programme” more than 2000 titles were digitized. At present, the Digital Archives has a repository of over 2300 titles. Further, DPD also expanded its presence on digital publishing by increasing the total number of titles available to more than 370 on various e-commerce websites in a searchable format downloadable on various electronic devices.

**Publication of Journals**

The Division publishes a total of 18 periodicals which include *Yojana* in English, Hindi and 11 other languages, *Kurukshetra* (in English and Hindi), *Aajkal* (in Hindi and Urdu) and *Bal Bharti in Hindi* apart from *Employment News/Rozgar Samachar* in English, Hindi and Urdu. Throughout the year, apart from focusing on other key issues befitting their respective genres, all these journals, consciously and continuously, published articles on the life, ideals and thoughts of Gandhi.

a) *Yojana* (English, Hindi and 11 regional languages)

*Yojana*, published since 1957, is a journal devoted to the theme of economic development in 13 language editions—English, Hindi, Assamese, Bengali, Kannada, Marathi, Malayalam, Oriya, Punjabi, Tamil, Telugu and Urdu. During the last one year, the journal focused on contemporary issues like India on the Move, Resurgent India, Infrastructure Development, Employment, Demonetization, GST, Social Security, Youth Empowerment, Women Empowerment, MSMEs, Consumer Awareness, etc. Three special issues of *Yojana* on ‘Employment & Self Employment’ and ‘Swachhta From Idea To Reality’ and ‘Infrastructure’ were also brought out.
b) Kurukshetra (English and Hindi)

*Kurukshetra*, published since 1952 is devoted to rural development and grassroots level themes offering a platform to academicians, planners, NGOs and thinkers.

During 2018-19, *Kurukshetra* highlighted government initiatives such as ‘Swachhta’, boosting farmers’ income, rural health, irrigation and water conservation, digital rural India, skilling rural youth, initiatives to provide better Health services to rural and poor people, role of Science and Technology in rural development, encouraging MSMEs to enhance rural employment, initiatives to make village Open Defecation Free and clean, etc.

c) Aajkal (Hindi and Urdu)

Dedicated to literature and culture, *Aajkal* (Hindi) magazine is being published since 1945. During the last one year, the magazine brought out special issues on eminent literary figures like Rahul Sankrityayan, Kedar Nath Singh, Aacharya Shivpoojan Sahaya, Kunwar Narayan, etc. The magazine also published many articles on women’s issues and art and culture related information. *Aajkal* has introduced regular columns like Sangeet Aajkal and Patrika Aajkal, Pustak Parichya.

The literary magazine, *Aajkal* (Urdu) has completed 75 years of continued publication in 2017. During the year 2018–19, *Aajkal* (Urdu) brought out special issues on Ghalib and Feminine Writings.

d) Bal Bharti (Hindi)

*Bal Bharti*, continuously published since 1948, helps in imparting social values in children through informative articles, short stories, poems and pictorial stories, besides providing them healthy entertainment. *Bal Bharti* published a series of articles disseminating Hon’ble Prime Minister’s message to school-going children. Besides, *Bal Bharti* regularly reproduced poems and stories written by eminent scholars and writers, viz. Sumitranandan Pant, Subhadra Kumari Chauhan, Sohan Lal Dwivedi, Ramdhari Singh Dinkar, etc.

**Employment News/ Rozgar Samachar (English, Hindi, Urdu)**

Launched in 1976, *Employment News*, the flagship job journal of Ministry of I&B, Government of India is published in English, Hindi and Urdu. It serves as a single window of information for jobs in Central, State Government, Public Sector Undertakings and autonomous bodies besides universities, etc. It also publishes admission notices for professional courses, examination notices and results of organisations like UPSC, SSC and other general recruitment bodies. In addition, *Employment News* has an editorial segment which helps youth in preparing for various jobs available in the market besides upgrading their vocational and soft skills. Both its e-version and print version can be subscribed online by visiting its website www.e-employmentnews.co.in. It also has presence on various social media platforms like Twitter and Facebook.

Employment News published more than 4539 advertisements from 1st April, 2018 to 31st March, 2019.

**Business and Marketing:**

(a) The sales & marketing of publications of DPD is carried out through a network of sales emporia (at Delhi, Mumbai, Chennai, Kolkata, Patna, Lucknow, Hyderabad and Thiruvananthapuram and Yojana sales offices at Ahmedabad and Bangalore). In addition, it sells its books and journals through a network of agents/distributors throughout the country. Another major area for sales and promotion is by participation in book exhibitions/book fairs (both domestic and international) and also through slew of outreach activities.

DPD has ventured into online sale of its books and journals two years back and now its print book as well as e-books and print journals as well as e-journals are sold through e-commerce platforms such as Bharat Kosh portal, Google play and Amazon. More than 400 books have now made available e-books, which includes lead titles of the Publications Division under Gandhian literature category, Builders of Modern India series, Rashtrapati Bhavan series, Art and Culture, History, etc. To facilitate international sales and marketing, changes were introduced in the Business Policy which now provides for provisions relating to international sales and marketing as well as pricing of our books in international
currencies. DPD was able to manage sales through international e-commerce platforms such as Amazon (US) and Amazon (UK) platforms. Around 11,000 copies of e-books were sold through Amazon while around 1100 copies of books were sold through Bharatkosh during Financial Year 2018–19.

The Database of around 300 titles of Publications Division was entered for the first time in the AC Nielson’s Database, which is the gateway for reaching out to international buyers.

(b) DPD ventured into “Digital Version” marketing by entering into an agreement with M/s. GIST as an e-resource aggregator for selling its books to digital libraries. GIST sold approximately 3500 e-books last year to colleges/ universities.

(c) A Mobile App was developed through which the facility of purchase and access to information also provided.

The total revenue of Publications Division was Rs.44.56 crore during the financial year.

Outreach Activities

(i) Book Fairs/Exhibitions:

As part of its activities to improve its reach to readers, DPD participated in domestic as well as International book fairs. It participated in more than 36 domestic Book Fairs from April 2018 till January 2019, in Lucknow, Chennai, Ahmedabad, Guwahati, Kolkata, Patna, Silvassa, Hyderabad, Bengaluru, Thiruvananthapuram, Kochi, Lucknow, Wardha, etc. Publication Division participated in the annual Delhi Book Fair held at Pragati Maidan, New Delhi from August 25 to September 2, 2018. It also participated in a big way in the New Delhi World Book Fair 2019.

(ii) International Book Fairs/Exhibitions:

DPD participated in four International Book Fairs/ Exhibitions, i.e., Viswa Hindi Sammelan, 2018 in Mauritius from 18—20 August 2018, Beijing International Book Fair, Beijing from 22–26 August 2018, Frankfurt International Book Fair from 10—14 October 2018 and London Book Fair from 12–14 March 2019. Offers were received from some prominent global publishers for the publishing rights / marketing rights/ e-Books marketing for DPD books.

(iii) In-situ Exhibitions

To mark important national events like Independence Day, Gandhi Jayanti, Hindi Pakhwara, National Unity Day, National Book Day, etc. DPD organized about 60 book exhibitions within the premises of its sales outlets throughout the country.

(iv) Gandhi @ 150

Publications Division, also collaborated with a number of Gandhian and other institutions, like National Gandhi Museum (NGM), Gandhi Smarak Nidhi, Indira Gandhi National Centre for Arts (GNCA) and exhibited its Gandhian literature. Similar in-situ displays/ exhibitions/ activities were organized at the Headquarters and all regional offices. In Delhi, DPD’s 11 Gandhian titles were released by HMIB in a BOC-organized event on October 2, 2018. In Bengaluru, DPD’s Kannada edition of Gandhi at Champaran was released by the Chief Minister of Karnataka Shri Kumarswami. In Chennai, DPD participated in an event in which Hon’ble Governor of Tamil Nadu was the Chief Guest. On October 5, 2018, DPD organized a seminar on the challenges.
of Gandhiji’s message, in collaboration with IGNCA as part of their Gandhi Parv activities. DPD has been organizing one discussion programme every month at its Book Gallery every month, on topics related to Gandhiji’s life and works since October 2019.

(v) Other outreach programmes

As part of its outreach activities to disseminate information and awareness about India’s struggle for Independence, Publications Division organized a workshop on July 24, 2018 at Jawahar Bal Bhawan, at Mandi—a village in the outskirts of Delhi. Supported by Bal Bhawan (Ministry of HRD, Govt. of India), the workshop motivated village children to write poems, slogans, small articles on the theme of ‘Azadi meri nazar mein’. Following the workshop, these children were invited to Publications Division’s Book Gallery at Soochna Bhawan, New Delhi on July 26, 2018. Publications Division also organized a seminar on August 8, 2018 in collaboration with Dayal Singh College (Evening), University of Delhi on the topic ‘Mere Sapno Ka Bharat’ (India of my

Significant success was achieved in the implementation of the Computerization of Inventory Management and other Business Processes (CIM project). This project is central to DPD’s efforts to reach out to the new-age readers and inform and educate them through the platforms of their preference and to keep pace with the changing technological and business environment. Publications Division completed most of the critical milestones of the on-going project. All modules of this ERP project were rolled out, including test-run of computerized billing in all DPD Sales Emporia. DPD also successfully completed the bar-coding of its entire stock of books spread across the country. DPD launched its new dynamic website and its digital rights management enabled App—DigitalDPD. Through this new web portal, it would be possible to sell both print and e-books directly to customers. Similarly, through Digital DPD App, it will be possible to sell and manage digital rights of e-books to mobile devices.

Completion of Bar-coding and Inventory – As a part of the CIM project, DPD completed the bar-coding exercise of its entire stock of around 15 lakh books spread across the country. As a part of the Project, two separate sub-projects were taken up: (i) counting of existing stock for building a complete inventory and (ii) generating unique bar-code for each of the titles and pasting the same in every copy. This intensive project was successfully undertaken in every DPD office to enable DPD to create an exhaustive inventory and also to start online billing. This project was completed and the data captured shows that at present DPD has 2364 live titles in 15 languages. Successful bar-coding of the entire stock and computerised inventory will pave way for going to digital marketing on scale and will also enable DPD to take business decisions on the basis of real-time data.

Computerized Billing – Computerized billing and integration of such billing with computerized inventory is one of the key features of the CIM project. Test-run of online billing has now been completed in all DPD Sales Emporia. Related functions like online management of inventory through computerized indent, etc., have also been completed. Other modules of the project, like Journal Management, Author Management, Grievance Management and overall Financial modules are also ready and have been rolled out for live testing.

Swachhta Campaign

Swachhta Pakhwada was celebrated at DPD from 16–18 January 2019. DPD was awarded the Swachhta Pakhwada Award 2019 by the Ministry for outstanding performance. Publications Division organized a number of cleanliness related activities as part of ‘Swachhta Hi Seva’ campaign from 15 September to 2 October, 2018. A special cleanliness drive was undertaken during which old, soiled books in unsaleable condition were disposed off at the Feeder Store, Faridabad and at Current Store, Publications Division Headquarters in Delhi. Books were shifted from Feeder store to Current Store at Delhi for proper storage, display and retrieval of books and for facilitating the online sale of books. Shramdaan was also organized at Publications Division Headquarters on September 15, 2018 by the employees. As a result, three halls of approximately 6000 sq ft at Feeder Store and nine rooms at Soochna Bhawan were cleared completely. Swachhta Pakhwada was celebrated at DPD in January, 2019.

Social Media

DPD utilized Social Media effectively for reaching out to its followers and prospective readers. Facebook and Twitter accounts functioned effectively both for Publications Division and Employment News following the national trends. Social media presence of DPD showed enthusiastic response with the Twitter handle having more than 1,60,000 impressions per month and the Facebook reach exceeding 3,60,000 per month so far.
PHOTO DIVISION

I. Introduction

Photo Division is a media unit under the Ministry of Information and Broadcasting mandated to provide visual support through photo coverage of the varied activities of the Government of India. Established in October 1959, it is perhaps the only organization in the country which has a rich repository of about more than 10 lakhs of negatives/ transparencies preserved in digital format, beginning from the Pre-Independence era to the present day. Thus Photo Division plays a significant role in production and storage of still photographs which are of immense historical value.

The Photo Division covers about 4500-5000 news and features assignments approximate in a year. The photographs are also available for sale to the general public as per approved rates.

On the occasion of completion of 50 years of its existence in the year 2010 the Division introduced National Photography Awards. Over the years the annual awards have fulfilled the twin objectives of promoting the art of photography and preserving through visual documentation of the various aspects of the country like art, culture, heritage, life of people, society, traditions etc. through the eyes of amateur and professional photographers of the country.

II. Functions of Photo Division

The major function of the Photo Division is to document photographically the socio-economic and political milestones of the country and to further disseminate and archive the images. The specific functions include:

1. Provides visuals (stills) to the media units of the Ministry of Information & Broadcasting for further dissemination to the media.
   a) Press Photo Publicity of Press Information Bureau is completely supported by Photo Division.
   b) Bureau of Outreach Communication’s (BOC) Exhibition wing is supported
2. Provides special coverage (365 days & 24x7) to the Hon’ble Prime Minister of India. Extensive photo shoots are undertaken in respect of the Prime Minister’s domestic and international engagements. Subsequently, special albums containing photographs of PM visits are prepared.

Further, the senior Photographic Officers/Photographic Officers and senior technical staff members accompany the Vice-President, Prime Minister and other ministers for providing extensive photo coverage & photo publicity material of their visit within the country and abroad. The Photographic officers are also engaged in the proper documentation of the images thus enriching photo archives of the Division for the posterity.

IV. Modernization of Photo Division

Efforts have been made to enhance the quality of services of the Photo Division by upgrading equipment like large format Inkjet photo printers for provision of life size prints for exhibitions, special digital photo printer for making back-to-back prints for preparation of VVIP album during the Plan scheme. Further, a high capacity server has been installed for archiving, indexing, cataloguing & retrieving of 8-10 lakhs of digital images.

V. National Photography Awards

On the occasion of completion of 50 years of its existence in 2010, the Photo Division introduced National Photography Awards to encourage professional and amateur photographers of the country. Further this also promotes documentation of the nation’s rich heritage, art and culture. The Division has presented eleven Life Time Achievement Awards so far to renowned photographers.

VI. Synergy with other Media Units

Photo Division has evolved with the changing times to support the digital requirements of sister media units. The News Photo Network of the Division has been functioning on complete digital mode to avoid the delay in sending photographs to the Press Information Bureau and concerned stake holders. Digital camera equipment has been utilized with Laptop and V-data cards to transmit images digitally from venue itself for the coverage of assignments of Vice President, Prime Minister and visiting VVIP’s. The Division caters to the requirement of life size digital inkjet images by BOC for the exhibitions it puts up.
VII. Annual Plan 2018-2019

During the 12th Plan Scheme of ‘Media Infrastructure Development Programme’ (MIDP), the Photo Division has implemented the sub-scheme “National Center of Photography (NCP) and Special Drive for North East Region”. The objective of the scheme is to streamline the digital photo library utilizing the services of outsourced library science professionals for scientific indexing and IT Professionals for uploading of digital images on high capacity server and arriving purposes. This enables the Division to maintain and retrieve images from the archives.

Another significant part of the NCP is the conducting of National Photography awards annually. Apart from rewarding the iconic photographers of the country with the Lifetime Achievement Award, six awards are given away annually in the Amateur and Professional category. The Division has honored eleven numbers of renowned photographers of the country with Life Time Achievement Award till date.

The Division has conducted the 7th National Photography Awards to encourage the professional and amateur photographers all over the country on 19th February, 2019.

INDIAN INSTITUTE OF MASS COMMUNICATION

1.1 Introduction

The Indian Institute of Mass Communication (IIMC), came into existence on the 17 August 1965. It is registered as a Society under the Societies Registration Act, 1860. The Institute was established with the basic objectives of teaching, training and undertaking research in the areas of mass communication.

IIMC began with a modest staff strength of four Professors and one Consultant from UNESCO, besides the Director. Over the last 52 years, the Institute has graduated into conducting a number of specialized courses for meeting diverse and demanding requirements of a rapidly expanding and changing media industry in modern times.

1.2. Academic and training activities

Besides being the training academy of the Indian Information Service, IIMC as of now, conducts a number of Post-graduate Diploma Courses in Print Journalism, Radio & TV Journalism and Advertising & Public Relations as follows.

1. PG Diploma in Hindi Journalism at Delhi
2. PG Diploma in English Journalism at Delhi, Dhenkanal, Aizawl, Amravati, Jammu and Kottayam
3. PG Diploma in Advertising and Public Relations at Delhi
4. PG Diploma in Radio & TV Journalism at Delhi
5. PG Diploma in Urdu Journalism at Delhi
6. PG Diploma in Odia Journalism, at Dhenkanal, Odisha
7. PG Diploma in Malayalam Journalism at Kottayam, Kerala,
8. PG Diploma in Marathi Journalism at Amravati, Maharashtra.

Total student intake for the diploma courses during 2018-19 is 430, selected through a national level entrance examination taken by over 6,000 candidates.

IIMC also organizes a Diploma Course in Development Journalism for mid-level working journalists from Asian, African, Latin American and East European countries on behalf of the

Ministry of External Affairs, Government of India. This course is of four months duration conducted twice a year – from January – April and August – November. Intake of each batch is 25.

A number of specialized short-term courses, ranging from one week to four weeks, are also organized especially for defence officers and police officers and to meet the ever-growing training needs of communication professionals working in various media, publicity and operational outfits of the Central and State Governments, as well as PSUs. A short course in videography for Junior Commissioned Officers of the Indian Army was held in July 2018.

Since 2017, IIMC has joined hands with the Film & Television Institute of India, (FTII), Pune to offer short courses in Screen Writing, Acting, Digital Cinematography etc. Between April- October 2018, two courses in Digital Cinematography, one course each in Acting, Fiction Writing for TV and screen writing were conducted at IIMC’s Delhi campus.

Indian Information Service

IIMC has imparted training to over 500 Group A and B officers of the Indian Information Service. During the year, 19 Group A Officers of the Indian Information Service 2017 batch are undergoing Induction Training at IIMC. Continuous efforts are being made to revise and revamp IIS training to suit the changing media environment. 6 Group B Officers of Indian Information Service completed their 6 months Orientation Training during the year.

During the year, IIMC coordinated the in-service training of Senior and Mid-level officers of the Indian Information Service at the Goldman School of Public Policy, University of California, Berkeley, USA from 6 – 15 August 2018. For the first time ever, a foreign component training was included for the Officer Trainees of 2016 batch, in collaboration with the Thompson Foundation, London, UK during October-November 2018.

Contribution of IIMC

IIMC has been at the forefront of preparing trained communication professionals in the country. More than 8,000 students have obtained PG Diplomas of IIMC till date and a number of IIMC alumni have carved a niche for themselves in media and public communication sphere occupying leadership positions. IIMC has also trained over 1600 foreign nationals from 128 countries.

IIMC has also been constantly revising its course curricula with the help of academics and industry experts, so as to effectively meet contemporary challenges. This enables the effectiveness of the Courses being run by the Institute relevant to the needs of the market and the society. IIMC’s rich course content and the industry oriented approach has helped it to be consistently ranked No.1 Media and Communication Institute in the country across different surveys published by leading newspapers and magazines.

1.3 Communication research

IIMC is Asia’s first Institute to have a dedicated Communication Research Department conducting research/ analysis and impact assessment studies for various Ministries & Government Departments. Research focuses primarily on government campaigns, impact analyses, feedback etc, providing quality inputs for strategizing Government campaigns and communication programmes for their effective and wider reach to the people.

More than 200 research and evaluation studies have been completed since 1965 on various subjects and themes like Public health issues, Rural Development, consumer protection etc. for Ministries and UN Agencies

Hon’ble Vice President of India, Shri M. Venkaiah Naidu, addressing the inaugural Atal Bihari Vajpayee Memorial Lecture at Indian Institute of Mass Communication, New Delhi on March 20, 2019.
etc. Presently, IIMC is working as a lead collaborator for the 9 country UNESCO project on ‘Role of Women in Media’.

1.4 Community Radio development

IIMC has a dedicated ‘Community Radio Empowerment & Resource Centre’ set up two years back with the objective of imparting training in content, technology and resource generation to working and aspiring community radio professionals.

It also has an in campus community radio- ‘Apna Radio’ to proliferate and promote the growth of this highly effective medium of communication by providing practical exposure to it as also the local community. IIMC is in the process of developing it into a model community radio station.

1.5 Faculty Development

In consonance with IIMC’s vision to set global standards for media education, research, extension and training, the National Media Faculty Development Centre has been set up in IIMC. This centre was inaugurated by the then Minister of Information & Broadcasting Smt. Smriti Zubin Irani on 27 April 2018.

1.6 Publications

IIMC’s prestigious peer reviewed journals viz. ‘Communicator’ in English and ‘Sanchar Madhyam’ in Hindi are being brought out quarterly by inviting manuscripts from all over the world. IIMC is also bringing out a Quarterly newsletter ‘IIMCian’ highlighting Institute’s activities across all campuses.

1.7 Media Library

The Institute has the largest specialized Library of media and mass communication publications in the country. It has collected over 40,000 volumes of books and bound journals on different aspects of mass communication and allied subjects such as print media, broadcasting, advertising, communication, communication research, public relations, radio and television, film information technology and traditional media.
1.8 IIMC – Regional Expansion

With the growing popularity of the Institute’s training activities and with a view to meet regional aspirations, IIMC in 1993, opened a Regional Centre at Dhenkanal, Odisha. At present, the Dhenkanal Regional Centre conducts two Courses: Post-graduate Diploma in Journalism (English) and Post Graduate Diploma in Journalism (Odia).

The next phase of expansion of the Institute took place in the years 2011 -12 and 2012-13. In 2011, two new Regional Campuses of IIMC were opened at Aizawl (Mizoram) and Amravati (Maharashtra). In 2012, two more Regional Campuses of IIMC were opened at Jammu (J&K) and Kottayam (Kerala). These four new Regional Campuses started with offering Post-graduate Diploma Courses in Journalism (English) and in the year 2017 Regional Campus Amravati started offering PG Diploma in Journalism (Marathi) and Regional Campus Kottayam started offering PG Diploma in Journalism (Malayalam).

1.9 Deemed University status for IIMC

With a view to establish a “Communication University” in the country with particular emphasis on communication technology, IIMC had applied for ‘Deemed to be University under De-Novo Category’. An Expert Committee constituted by the University Grants Commission (UGC) inspected the infrastructure facilities of IIMC in May 2018 and submitted its report to Commission. Based on the recommendation of the UGC, the Ministry of Human Resource Development has issued a Letter of Intent to IIMC to become a Deemed to be University under De-Novo category subject to fulfilling required conditions within next three years.

1.10 Key activities during the year

1.11 Governing Structure

The Institute is administered by a Society, which is constituted biennially. The strength of the Society is of 50 members. Members of the Society are nominated by the Central Government from amongst social service organizations, educational institutions, eminent persons from public life etc. In addition to the nominated members, the Society has Ex-officio members from the Ministry of I&B,
activities Under Information Sector of the State Governments etc.

The administration of the affairs of the Society vests in the Executive Council, which comprises 15 members. Apart from the representatives of the Ministry of I&B, Ministry of HRD and External Affairs, the members of the Executive Council consist of representatives of educational institutions, eminent persons from public life and IIMC itself.

IIMC receives funds in the form of Grants-in-Aid from the Ministry of Information & Broadcasting based on a Memorandum of Understanding detailing Annual Action Plan for its performance and achievements under training, teaching and research in mass communication, training of Indian Information Service Officers, physical and financial progress of Central-Sector Schemes being implemented.

IIMC has a budget outlay of Rs 25.74 cr (including internal revenue generation of Rs 5.35 crores) for Other Central Expenditure and Rs 16.15 crore (including internal revenue generation of Rs 15 lakhs) for Central Sector Schemes during the FY 2018-19.

1.12. Status of Central Sector Schemes in IIMC:

Two Central Sector schemes are being implemented at IIMC :-

1. Up gradation of IIMC to International Standards’

2. Opening of New Regional Centres of IIMC

The Central Sector Scheme ‘Up gradation of IIMC to International Standards’ consists of construction of new buildings at New Delhi and Dhenkanal as well as construction of additional floor on existing main building and lecture block at New Delhi. Construction of new buildings at Dhenkanal and additional floor on existing building at New Delhi have already been completed. Construction of new buildings at Delhi are awaiting regulatory approvals.

The Central Sector Scheme ‘Opening of New Regional Centres of IIMC’ was approved in the 12th Plan for construction of permanent campuses at Aizawl (Mizoram), Amravati (Maharashtra), Jammu (J&K) and Kottayam (Kerala).

The work of construction of permanent campus at Aizawl and Kottayam is 80-90 percent complete. In Jammu Campus the boundary wall construction has begun whereas in Amravati necessary pre-investment activities have been carried out.

PRESS COUNCIL OF INDIA

Introduction

The Press Council of India is a statutory quasi-judicial autonomous authority re-established in the year 1979 under an Act of Parliament, Press Council Act, 1978 with the two fold objects of preserving the freedom of the press by maintaining and improving the standards of newspapers and the news agencies in India.

The Council is a body corporate having perpetual succession. It consists of a Chairman and twenty-eight other members. The Chairman is, by convention, a retired Judge of the Supreme Court of India who is nominated by a Committee comprising of Chairman of the Council of States (Rajya Sabha), Speaker of the House of the People (Lok Sabha) and a person elected from amongst themselves by the members of the Council. Of the 28 members, 20 represents specially identified segment of press and eight members from varied fields representing the two Houses of the Parliament and premier literacy and legal bodies i.e. University Grants Commission, Bar Council of India and Sahitya Akademi. The term of the office of the Chairman and the members is three years.

The objects of the Press Council of India as embodied in Section 13 of the Act are to preserve
the freedom of the Press and to maintain and improve the standards of newspapers and news agencies in India. The Act also confers an advisory role on the Council in that it can, either suo-motu or on a reference made to it by the Government under Section 13 (2) of the Act, undertake studies and express its opinion in regard to any bill, legislation, law or other matters concerning the press and convey its opinion to the Government or the persons concerned. Also, in the matters of public importance concerning its statutory responsibilities, the Council may take suo-motu cognizance and constitute a Special Committee to make an on-the-spot inquiry.

The Council discharges its functions primarily through adjudications on complaints received by it, either against the Press for violation of journalistic ethics or by the Press for interference with its freedom. Where the Council is satisfied, after inquiry, that a newspaper or a news agency has offended against the standards of journalistic ethics or public taste or that an editor or working journalist has committed any professional misconduct, the Council may warn, admonish or censure them or disapprove of their conduct. The Council is also empowered to make such observations as it may think fit in respect of the conduct of any authority, including Government, for interfering with the freedom of the press so prescribed under Section 14 (4) the decisions of the Council are final and cannot be questioned in any court of law.

The Council being a body set up under an Act of Parliament gets a substantial part of its fund by way of grants-in-aid from the Central Government, after due appropriation by the Parliament, as also it has its own funds by way of the fee collected from newspapers on a graded structure and other receipts.

Complaints before the Council

During the year under review from 1st April, 2018 to 30th November, 2018, a total of 558 complaints were instituted in the Council. Of these, 136 complaints were by the Press against authorities of the Government for violation of press freedom and 422 complaints were directed against the press for breach of journalistic ethics. With 779 matters pending from the last year, there were a total of 1337 matters for disposal by the Council. Of these, 815 matters were disposed of during the year, either by way of adjudication or through summary disposal by the Chairman on account of settlement by the mediation of the Chairman or due to lack of sufficient grounds for holding inquiries or non-pursuance; withdrawal or on account of matters having become sub-judice. Out of these 522 matters two matters were directly placed before the Council for adjudication. In all, 520 matters were being processed at the end of the year.

Advisory Function

In its advisory capacity, the Council provided the Government and other authorities with its views on variety of issues.

The Council took suo-motu cognizance of the incidents of violence against media persons and threats to press freedom in the following cases:
1. summoning to editor and publisher of Dawnlit Post by Itanagar Police
2. attack on journalists in West Bengal
3. filing sedition case against Shri Kamal Shukla, Editor/Journalist, Bhunkal Samachar in Chhattisgarh.
4. arrest of Shri Mohammed Subhan, Senior journalist by Telangana Police.
5. murder of Shri Shujaat Bukhari, Senior Journalist and Editor-in-Chief, Rising Kashmir.
6. arrest of Shri Auquib Javeed, Reporter, Kashmir Observer by NIA on 6.7.2018
7. restriction on media from entering in Punjab Police Headquarter.
8. registering false case against a journalist by the Project Officer, Integrated Tribal Development Authority.
9. on the death of Shri Chandan Tiwary, Journalist, Aaj in Jharkhand.
10. on attack on journalists at Jharkhand on 15.11.2018
11. misbehave with journalist of The Hindu.

Press and Registration Appellate Board

Section 8C of the Press and Registration of Books Act, 1867 entrusts to the Press Council of India, the Appellate Jurisdiction over the Magisterial Orders of non-authentication of a Declaration under Section 6 or its subsequent
cancellation under Section 8B of the said Act. The board consists of a Chairman and another member to be nominated by the Press Council of India from among its members.

The two bench Board comprising of the Hon’ble Chairman with Shri U C Sharma/Prof. Sushma Yadav as alternative members held 3 sittings between April 1st 2018 to 30th November, 2018 and dealt with 7 appeals, 3 were disposed off and 4 were set aside.

**National Press Day 2018**

The National Press Day celebrations are held every year and this year, the subject of discussion, countrywide, was “Journalistic Ethics and Challenges in the Digital Age.” Representatives of Press Councils from three countries i.e. Bangladesh, Nepal and Sri Lanka participated in the panel discussions on the aforementioned topic.

The main event held at the National Media Centre, New Delhi, inaugurated by the Chief Guest, Hon’ble Minister of Finance and Corporate Affairs, Mr. Arun Jaitley. Speaking on the occasion, while sharing his deep insight into the issue he highlighted that, “If emergency was ever to be re-imposed, it would collapse for the simple reason, that one of the strength of the emergency was Press Censorship and technology doesn’t permit a press censorship today”.

The Hon’ble Chairman while addressing the gathering of delegation emphasised that the Press Council of India does not promote regulation of the Media and expects the media to be free but act with responsibility. He stated that “Earlier, there used to be good news or bad news but now, we have fake news and paid news.” He also mentioned that “with the evolution of the digital age, application of the freedom of speech has become more confidential. The line between the real news and fake news has blurred”.

On the day, Mr. Amar Devullapalli, Convenor of the Jury for National Awards for Excellence in Journalism, 2018 and Member, Press Council of India, in his welcome address stated that there are two burning issues that are confronting the profession of Journalism and they are: (i) threats to independent and ethical journalism, (ii) safety of journalists. He also stated that a report revealed that 218 journalists died since 2014 due to work pressure related diseases. He emphasised on the Union Govt. to take stringent steps against the issues.

The National Awards for Excellence in Journalism were also conferred on the Day, in various segments like ‘Raja Ram Mohan Roy’ award to Shri N Ram, ‘Rural Journalism’ was jointly shared by Ms. Ruby Sarkar and Mr. Rajesh Parshuram Joshte, ‘Developmental Reporting’, to Mr. V S Rajesh, for ‘Photo Journalism in Single News Picture, Shri Subhash Paul and in ‘Photo Feature’, Mr. Mihir Singh and Shri P Narasimha for ‘Best Newspaper Art: Covering Cartoons, Caricatures and Illustrations’, out of the entries received from all over the country. To mark the occasion, a Souvenir having primary compilation of the goodwill messages received from high designated leaders across the country as well as opinion pieces from media experts, professionals and academics on the topic of deliberation was released.

An updated edition of ‘Norms of Journalistic Conduct’, marking the commemoration of National Press Day 2018 was also released.

**International Interaction/MoUs**

In the sidelines, the Press Council of India signed the Bilateral Agreement (Memorandum of Understanding) with Sri Lanka Press Council and renewed the same with Press Council Nepal which focused on promoting Journalism and maintaining the freedom of the press between the countries for the period of five years.

The deliberations were held across the country at different platforms and were widely covered by electronic and print media.
The Secretary, Ministry of Information & Broadcasting, Shri Amit Khare addressing the workshop for Regional News Units (RNU), in New Delhi on June 29, 2018. The Chairman, Prasar Bharati, Dr. A. Surya Prakash and other dignitaries are also seen.
The broadcasting sector is broadly categorized into two categories viz. ‘content’ and ‘carriage services’. Broadcasting carriage services include Multi System Operators (MSOs)/ Local Cable Operators (LCOs), Direct-to-Home (DTH) operators, Headend-in-the-Sky (HITS) operators and Internet Protocol Television (IPTV) service providers.

**Direct to Home (DTH)**

DTH is an addressable system and covers the entire country. In DTH service, a large number of television channels are digitally compressed, encrypted and beamed from very high power satellites in Ku Band. The programmes transmitted through DTH can be directly received at homes by installing small dish antennas at convenient locations in the buildings. The first DTH service provider operationalized its services in the year 2003 and the number of private DTH service providers had grown to six by the year 2007. Since out of the six private DTH service providers, two DTH service providers have merged into one, at present, the number of private DTH Operators has come down to five. Further, Doordarshan is also providing its DTH services on a free to air basis.

This Ministry has accorded approval of FDI of Rs. 2150 crore approx. in respect of M/s Bharti Telemedia Ltd resulting in acquisition of 20% of its equity shares by M/s Lion Meadow Investment Limited, the foreign investor.

**Multi-System Operator (MSO):**

Multi-System Operator (MSO) means a cable operator who receives a programming service from a broadcaster and retransmits the same or transmits his own programming service for simultaneous reception either by multiple subscribers directly or through Local Cable Operators (LCOs). MSO is an intermediary dependent on the broadcaster for content and on the LCO for last mile connectivity and subscription revenue collection. MSOs’ role is to downlink the broadcasters’ signals from the Satellite, decrypt any encrypted channels and provide a bundled feed consisting of multiple channels to the LCOs. MSO can also act as LCO and distribute signals directly to the consumers.

There are around 6000 MSOs present in the Indian market today of which around 1471 are registered with MIB.

**Headend In The Sky (HITS):**

HEADEND IN THE SKY (HITS) service is a mix of satellite and cable TV. The HITS operator uplinks the TV broadcast to a satellite, which is down-linked by MSO/ LCO and distributed to individual consumer’s premises through a cable network. The HITS operators thus, supply the signal through a cable TV network to customers. The essential difference between a HITS operator and a Multi System operator (MSO) is that the former transmits the bundle of channels to the cable operators using a satellite, whereas the latter does the same through cable. HITS enables a subscriber to enjoy a wide choice of digital channels, better picture quality and value added services at affordable price. There are only two HITS Operators, who have been issued License by this Ministry.

**Internet Protocol Television (IPTV):**

Internet Protocol Television (IPTV) Service is another mode of distribution of permitted satellite TV channels by eligible Telecom or Internet Service Providers over their network, in addition to Cable operators by use of Internet Protocol. IPTV providers do not require a separate permission for providing IPTV services for the defined Telecom and cable operators but requires a self declaration.

**The Sports Broadcasting Signals (Mandatory Sharing With Prasar Bharti) Act, 2007:**

The Sports Broadcasting Signals (Mandatory Sharing with Prasar Bharati) Act, 2007 had been enacted to provide access to national or international sporting events, held in India or abroad, to the largest number of listeners and viewers, on a free-to-air basis. Section 2(1) (s) of the Act empowers the Central Government to notify the sporting events of national importance for coverage as per the provisions of the Act.
This Ministry issues notification from time to time to notify certain sporting event/ events as sporting event of national importance to provide access to national or international sporting events, to the largest number of listeners and viewers, on a free-to-air basis. Recently, this Ministry has issued Gazette notifications to notify all the matches of ‘2018 Hockey Men’s World Cup’ and ‘Khelo India Youth Games-2019’ as sporting events of national importance.

**STATUS OF SATELLITE TV CHANNELS IN INDIA**

**I. The Policy**

The first private satellite TV channel in India was permitted to uplink in 2000 from Indian soil. Before this, the private TV channels were uplinked only from foreign shores. With the growth in the Media and Entertainment sector, the demand for uplinking/downlinking of TV Channels from India increased manifold which necessitated the framing of Policy Guidelines for Uplinking in 2002 and Downlinking in 2005. These guidelines were further amended in December 2011. The guidelines are available on the Ministry website i.e. www.mib.nic.in.

**Salient features of the amended guidelines:**

(i) All TV channels would be required to operationalize their TV channels within a time frame of one year from the date of permission, for which Non-News and current Affairs channels will have to sign a Performance Bank Guarantee (PBG) of Rs.1 crore whereas News and Current Affairs channels will have to give a PBG for Rs. 2 crores. In the event of non-operationalization of the permitted channel within a period of one year, the PBG will be forfeited and permission cancelled.

(ii) The period of permission/registration for uplinking/Downlinking of channels will be uniform at 10 years.

(iii) Proposals of merger, demerger and amalgamation will be allowed under the provisions of Companies Act, after obtaining the permissions of the Ministry of Information & Broadcasting as per procedure.

(iv) Permission for Uplinking/downlinking of a TV channel will be for a period of 10 years.

Renewal of the permissions of TV channels will be considered for a period of 10 years at a time subject to the condition that the channel should not have been found guilty of violating the terms and conditions of permission including violations of the Programme and Advertisement Code on 5 occasions or more. What would constitute a violation would be determined in consultation with the established self-regulating mechanisms.

(v) The channels operating in India and uplinked from India but meant only for foreign viewership should be required to ensure compliance of the rules and regulations of the target country for which content is being produced and uplinked.

**II. Procedure to Grant Permissions for New Satellite TV channels**

The applications for new TV channels are examined in the light of the eligibility criteria as prescribed in the Policy Guidelines for Uplinking and Downlinking which is available on the Ministry website i.e. www.mib.nic.in. The applications are forwarded to the Ministry of Home Affairs for obtaining security clearance for the Company and its Board of Directors. The applications are simultaneously sent to the Department of Space/Department of Revenue as the case may be for obtaining necessary clearances. The Networth of the company is also examined to determine the eligibility of the company among other eligibility criteria. Permissions are issued by the Ministry to applicants after obtaining Inter Ministerial clearances and Registration and Permission Fee as applicable.

**A. Growth of Television channels**

1. The first private satellite TV channel “Aaj Tak” was permitted in the year 2000. Since then the bouquet of private satellite TV channels in India has been expanding at a fast pace. Ministry has permitted 866 channels in India by 31st October, 2018. Year-wise growth in number of TV channels permitted under uplinking (U/L) and downlinking (D/L) guidelines is shown below:
2. Permissions are given by the Ministry to operate only two categories of TV Channels i.e. ‘News & Current Affairs TV Channels’ and ‘Non-News & Current Affairs TV Channels.’ The share of News and Non-News channels in the total permissions given can be seen below: (383 News and 483 Non-News)
II. New initiatives

A. Automation of Broadcasting Wing:

In order to ensure greater transparency about pending issues of companies, software Satellite TV applications Tracking System (STATS) which was operationalised on 21st January 2010, is being replaced with a complete digitization of data of existing permission holders / applicants as a part of the Automation Project being undertaken through BECIL. Under this, the Ministry has developed a portal viz. BroadcastSeva, for all broadcast services to provide efficient and transparent regime for the growth and management of the Broadcasting sector. BroadcastSeva, vide its following modules provides a comprehensive set of services to the applicants:

i. Payment of Annual permission fee by existing broadcasters.

ii. Applications for Temporary Uplinking Permissions.

iii. Permission to set up a teleport.

v. Application for various changes in the channel i.e. change of name and logo, change of satellite, change of teleport and teleport location, change of category/language of channel, mode of transmission.

B. The procedural requirement of obtaining comments of MCA on application for new/additional TV Channels/ Teleports has been done away with.

IV. Bringing transparency and accountability

1. Open House Meetings

Open house meetings conducted are every month with broadcasters have proved to be very useful. The number of broadcasters attending these meetings has swelled over the last one year. Feedback from the meeting has helped the Ministry to take new initiatives for expediting clearances and bringing more transparency. Several issues concerning new and permitted TV channels, teleports, use of SNG/DSNG Vans, temporary Uplinking cases, change of satellites, change of name and logo, change in the Share Holding Pattern, induction of new Directors, FIPB approvals etc. are being discussed in an open and fair manner with broadcasters. These meetings have not only provided an opportunity to applicants for a direct interaction with Ministry’s officials, but have also facilitated flow of information directly to
applicants thereby eliminating the need to have an intermediary. The direct interaction has also built confidence in the system and has reduced dependence on unnecessary correspondence and phone calls.

2. Live Tracking of online applications/proposals:

The applicant companies (broadcasters/teleport operators) can now view the live tracking/status of the applications filed online on web portal www.broadcastseva.gov.in. In this regard the due procedure to be followed by the broadcasters in order to live track their applications have also been intimated to them.

V. Review of Foreign Direct Investment (FDI) policy in Broadcasting Sector.

The FDI policy has been reviewed and as per consolidated FDI Policy 2017 of Ministry of Commerce & Industry, Department of Industrial Policy & Promotion, Para 5.2.7.1 and Para 5.2.7.2 is for Broadcasting Sector is as under:

VI. Standard Forms and Applications

The process of seeking information from company and approval of the proposal of company has been streamlined. Accordingly, the time period for seeking approval of competent authority has been reduced and the process is now speeded up.

CONTENT REGULATION OF TV CHANNELS

Regulation of content of Television evoked concerns arising because of the same having an adverse bearing on Indian ethos and cultural values, looking after the interests of women and children who are vulnerable to pervading impact on the one hand and the freedom of speech and creative expression on the other. The Ministry has granted permission to 869 private satellite television channels, out of which 483 are non-news and current affairs channels and 386 are news & current affairs TV channels. There has been a substantial growth in the regional language channels in the past few years as competition among Hindi and English channels is becoming tougher and the market is saturating. Even though Direct to Home (DTH) services have experienced rapid growth, the distribution of TV channels is still by and large through the cable operators who provide digital cable TV services across the country with effect from 1st April, 2017.

2. Every broadcaster through various Policy Guidelines has been mandated to follow the Programme and Advertising Codes as prescribed under the Cable Television Networks (Regulation) Act, 1995 and Rules framed thereunder. These codes have been made applicable to all video content provided through different broadcasting modes.

3. The nature of content-related cases mainly relates to obscenity, portrayal of women in bad taste, ill effects on children, false & defamatory news, advertisements of misleading nature, etc. In all such cases, appropriate action was taken by the Ministry as per the Cable Television Networks (Regulation) Act, 1995
and wherever necessary, Advisories, Warnings, Order for Apology Scroll, etc. were issued.

4. During the years 2017-2018 (up to November, 2018), the Ministry issued Advisories, Warnings, and Orders to the channels as per details given below:

i) 8 General Advisories – Advisories to TV channels advising them to telecast Republic Day Parade & Independence Day ceremony with sign language commentary, to comply with Rule 7(10) of the Advertising Code, to comply with provisions of Drug and Magic Remedies Act 1954 while telecasting advertisements, telecast of advertisements of condom between 10:00 p.m. to 6:00 a.m. and to refrain from using the nomenclature “Dalit” while referring to members belonging to Scheduled Caste in compliance with the directions of the Hon’ble Bombay High Court and the Constitutional term ‘Scheduled Caste’ in English, and its appropriate translation in other national languages should alone be used for all official transaction, matters, dealings, certificates etc. for denoting the persons belonging to the Scheduled Castes notified in the Presidential Orders issued under Article 341 of the Constitution of India.

ii) 1 Specific Advisory – TV channel was advised to adhere to the Programme & Advertising Codes.

iii) 3 Orders – Channels were directed to go off air for varying number of days.

Inter-Ministerial Committee (IMC)

5. For regulation of content on Satellite TV channels, an Inter-Ministerial Committee (IMC) under the Chairpersonship of Additional Secretary (I&B) has been constituted, with representatives from Ministries of Home Affairs, Law & Justice, Women & Child Development, Health & Family Welfare, External Affairs, Defence, Consumer Affairs and a representative from the industry in Advertising Standards Council of India (ASCI), which gives its recommendations on whether a violation has taken place or not. The IMC functions in a recommendatory capacity. The final decision regarding penalties and its quantum is taken on the basis of the recommendations of IMC.

Electronic Media Monitoring Centre (EMMC)

6. Electronic Media Monitoring Centre (EMMC) has been set up by the Government as state-of-the-art facility with a view to record and monitor the content of satellite TV channels with regard to violation of Programme and Advertising Codes enshrined under Cable Television Networks (Regulation) Act, 1995 and Rules framed there under.

State level and District level Monitoring Committees

7. In order to enforce the Cable Act and Rules at the State/District level, the Ministry issued an order on 6th September, 2005 for “Monitoring Committee for the Programmes and Advertisements telecast by Cable TV channels” at the State, District/local level. Later on, detailed guidelines were issued by this Ministry on 19th February, 2008 providing for District level Monitoring Committee and State level Monitoring Committee. However, subsequently, detailed guidelines subsuming all the earlier orders, as referred to above, regarding constitution of State/ District level Monitoring Committees have been issued vide O.M. dated 26th April, 2017 to all Chief Secretaries of States and Union Territories, State Information Secretaries and all District Magistrates. The Committees have also been authorized to monitor private FM Radio Channels and Community Radio Stations. Detailed instructions in this regard are available on the Ministry’s website: www.mib.nic.in.

Self-Regulation in case of News Channels

8. News Broadcasters Association (NBA), as part of its self-regulation mechanism, has formulated a Code of Ethics and Broadcasting Standards covering a wide range of principles to self-regulate news broadcasting. They have set up a Two- Tier structure to deal with content related complaints. Complaints are dealt with at Tier I, by the individual broadcasters at their level whereas, at Tier II, by News Broadcasting Standards Authority (NBSA), set up by NBA in 2008.
9. The object of the News Broadcasting Standards Authority includes entertaining and deciding complaints against or in respect of news broadcasters in so far as these relate to the content of any broadcast. The Authority is headed by a Chairperson who is a retired Judge of the Supreme Court and consists of eight other members comprising 4 (four) eminent editors employed with broadcasters and 4 (four) persons having special knowledge and/or practical experience in the field of law, education, medicine, science, literature, public administration, consumer affairs, environment, human psychology and/or culture. The NBSA, is presently headed by Justice R.V. Raveendran, retired judge of Supreme Court. Details are available on NBA’s website: http://www.nbanewdelhi.com.

Self-Regulation in Non-News (General Entertainment) Channels

10. Indian Broadcasting Foundation (IBF) has set up a mechanism for self-regulation in case of non-news channels. It has laid down Content Code & Certification Rules 2011 covering an entire gamut of content-related principles and criteria for television broadcast. As part of this mechanism, a two-Tier based complaints redressal system has also been set up. At the Tier-I level, each Broadcaster shall set up a Standard and Practices (S&P) Department with a Content Auditor to deal with the complaints received for content aired on its channels.

11. At the Tier II, the Broadcasting Content Complaints Council (BCCC) has been set up and made operational since 1st July, 2011. Presently, the BCCC is a twelve-member body headed by a retired Judge of the Supreme Court or High Court as its Chairperson and has four eminent members of society. The National Commissions are also represented in the Council which also has four broadcast members. In addition, the Council has one Special Invitee to help it deal with language complaints. The BCCC is presently headed by Justice (Retd) Vikramajit Sen. Details are available on IBF’s website: http://www.ibfindia.com

Self-regulation of advertisements on TV channels

12. With regard to regulation of advertisements on TV channels, the Code adopted by the Advertising Standards Council of India (ASCI), a self-regulatory body, has been incorporated in the Advertising Code stipulated in Cable Television Networks Rules, 1994. ASCI has set up Consumer Complaints Council (CCC) to consider complaints in regard to advertisements. The CCC currently has 28 members; 12 are from within the industry and 16 are from the civil society like well-known doctors, lawyers, journalists, academicians, consumer activists etc. The details are available ASCI’s website: https://www.ascionline.org/

STATUS OF CABLE TV DIGITIZATION

1. Cable TV System in the Country

Cable TV forms the backbone of the broadcasting distribution industry. The cable industry has played a prominent role in the growth of the electronic media sector in the past 20 years. Despite the fast growth of the DTH services, cable services continue to dominate the distribution of TV channels as of today. This platform had a number of limitations due to analogue nature of transmission.

2. Profile of the Broadcasting Industry

The cable TV service value chain comprises four main supply side entities i.e. broadcaster, Multi System Operator (MSO), Local Cable Operator (LCO) and the end consumer. Broadcaster generates the content to be televised, which is received by the viewer. Broadcasters transmit or “up-link” the content signals to the satellite. MSOs downlink the broadcasters’ signals from the Satellite, decrypt any encrypted channel and provide a bundled feed consisting of multiple channels to the LCO. As per TRAI, there are around 6,000 MSOs operating in India. The MSO business is dependent on the broadcaster for content and on the LCO for last mile connectivity and subscription revenue collection. MSO is required to have head-ends for receiving TV signals. LCOs receive bundled signals from the MSO and retransmit this to subscribers in their area through cables. It is estimated that there are around 60,000 cable operators in the country.

3. Nature of television distribution platforms

India is the world’s second largest TV market
after China. India has 183 million TV homes with the following platform wise distribution as per FICCI- EY Report March-2018:

4. **Drawbacks of analogue cable TV**

The analogue cable television was afflicted with the following inherent drawbacks:

- Whereas the number of permitted satellite TV channels has gone beyond 700, the analogue system was able to carry only 70-80 channels. This severely restricts the choice for the subscriber and denies the subscriber a large canvas of channels available in the broadcasting universe.

- The limited carrying capacity of the analogue system brought about a distorted business of television distribution, as broadcasters are forced to incentivize MSOs for carrying their channels by paying carriage fees.

- The analogue cable does not have the technological feature of facilitating a-la-carte (individual) selection of channels. This compels the customer to go by the bouquet of channels devised by a cable operator out of his own accord, restricting a say of the customer in selection of channels. Thus, the analogue regime was not customer friendly.

- Another severe technological limitation of the analogue services was lack of transparency as subscriber base is not accurately maintained and reported. This leads to under reporting of subscription revenue and the consequent concealment of tax revenues.

- The limited carrying capacities and lack of transparency distorts the business model for the broadcasters and increases their dependence on advertisement revenues and restricts scope for subscription revenues (65:35). Accordingly, for higher Television Rating Points (TRP) the channels often sensationalize the content on television.

- The quality of picture on analog cable was depended on whether a channel gets carried in Prime Band or non-Prime Band.

- Cable operators had been facing severe competition from Direct to Home (DTH) and IPTV services which are in a position to provide high quality content and value added services and unless they upgrade their services they were to lose out business to new platforms.

5. **TRAI recommendations**

The Telecom Regulatory Authority of India (TRAI), in its recommendations dated the 5th August, 2010 on “Implementation of Digital Addressable Cable Systems in India” had, inter alia, recommended that digitalization with addressability be implemented on priority in cable TV services and, accordingly, recommended a time frame comprising four phases for switch over from analog system to the digital addressable system (DAS) in the cable TV sector.

6. **Benefits of digitization**

Addressability means that the signals of cable operators will be encrypted. Signals can only be received through a Set Top Box after due authorization from the service provider, thus, enabling identification and maintenance of data base for each subscriber, to bring transparency and prevent piracy. Implementation of DAS would benefit all stakeholders. The key advantages of digitization for various stakeholders are as follows:

i. **Consumers**

- Consumers have been empowered to exercise a-la-carte selection to allow individual channel selection and they have to pay only for those channels they wish to watch depending up on their budget.

- The number of channels offered to the consumers has gone up from the present 70-80 channels to several hundreds. It also enabled them to watch a large number of high quality/ high definition digital television channels giving them a better viewing experience.
Like DTH and IPTV subscribers, the cable TV subscribers also got improved quality of content and have access to various value added and interactive services like Electronic Programme Guide, Movie-on-Demand, Video-on-Demand, Personal Video, Gaming, etc.

ii. Cable Operators

- Digitisation enabled the cable operator to provide Triple Play, which is carriage of voice; video and data i.e TV, Telephony, internet and IT enabled services. Bundling broadband with digital channels was a promising proposition and a significant differentiator from DTH. This enabled them to compete effectively with DTH services, increase their Average Revenue per User (ARPU) and enable convergence of Broadcasting and Telecom services. Broadband penetration in India will also increase through digitisation of cable TV services.

iii. Broadcasters

- The increased capacity enabled broadcasters to offer niche channels and HDTV (High Definition Television) channels. Increased subscription revenue allowed broadcasters to move away from TRP centric content, to conduct the business on an auditable subscriber bases.

iv. Government

- Government’s tax collection match the actual market size.
- Transparency in subscriber’s base drastically brought down the losses that were being caused to the Government by way of evasion of taxes.

There is now enhanced generation of service tax revenue and entertainment tax through enhanced deployment of broadband and other value added services.

- The digital cable TV network is vital infrastructure for penetration of broadband through which the e-Government services of both Central and State Governments can be accessed

7. Amendment in the Cable Act for implementing DAS

In view of the recommendations of the TRAI, the Union Cabinet, in its meeting held on 13.10.2010, approved the Ministry’s proposal for mandatory introduction of Digital Addressable Systems (DAS) in the cable TV services, which, inter-alia, covers a time frame and road map for implementation of digitalization with addressability on a pan India basis in cable TV services, leading to a complete switch off of analogue TV services by 31st December, 2014. Cabinet also approved certain amendments in the Cable Television Networks (Regulation) Act, 1995 through promulgation of an Ordinance, namely, the Cable Television Networks (Regulation) Amendment Ordinance, 2011. The said Ordinance was promulgated on the 25th of October 2011. Subsequently the Cable Television Networks (Regulation) Amendment Act, 2011 was brought into force w.e.f 31.12.2011.

8. Notification for Phase wise implementation of DAS

Ministry of Information and Broadcasting, in its Notification dated 11th November, 2011, laid down the phase wise schedule for digitization of the Cable TV Networks in India in four phases. The notified cut off dates are as indicated below:

9. Implementation / Initiatives by the Ministry

Considering that digital switch-over of cable television networks was a massive exercise, it required involvement of all stakeholders, namely, Broadcasters, Multi System Operators (MSOs) and Local Cable Operators (LCOs) etc. It was also imperative that the necessary infrastructure was put in place to facilitate a seamless transition from analogue to digital. Ministry of I&B, which had the mandate to implement the digital-switch over, taken following major initiatives to ensure that the transition effectively by the due date;

(i) **Task Force**: A Task Force was set up by the Ministry under the chairmanship of Additional Secretary (I&B), comprising representatives from:

- Broadcasters
- MSOs
- LCOs
- DTH operators
- CEAMA-Consumer Electronics and Appliances Manufacturers Association
- Consumer Forums
- Department of Telecom
- Ministry of Electronics and Information Technology
- Telecom Regulatory Authority of India
- State Governments
- Prasar Bharati

Task Force met regularly on monthly basis to review the progress and took stock of the progress made.

20 meetings of Task Force for Phase-I, 6 for Phase-II and 2 for Phases III & IV were held.

(ii) **Meetings with sub groups of national level MSOs, independent MSOs and LCOs**: Separate meetings were held with these sub groups to took stock of the progress and to address their concerns.

(iii) **12 Regional Units**: 12 regional units were formed as Mission digitisation project for implementation of cable digitisation.

(iv) **Training**: Considering that the task involved training and capacity building of local cable operators to facilitate the digital switch-over with least inconvenience to the consumers, Broadcast Engineering Consultants India Limited (BECIL) was asked to launch training programmes in batches to impart training to local cable operators. However, the response from cable operators was not very good. Now a program is being launched to impart the training to technician of cable TV industry by Instrumentation, automation, surveillance & communication sector skill council (IASC-SSC) with the support of BECIL.

(v) **Public Awareness Campaign**: A massive information and public awareness campaign in electronic as well as print media was launched with a view to making people aware of the transition and to address their concerns and queries. A Whatsapp number +91729198976 was created to collect the queries about unauthorized and illegal transmission in cable TV services from stakeholders.

(vi) **Toll Free Helpline**: A multilingual toll free number 1800-180-4343 was made operational till 31st May 2017 to address and clarify various queries of public at large. This toll free number again revived and is now operational.

(vii) **Website**: A dedicated website (www.digitalindiamib.com) was set up for the task

(viii) **Interaction with State Governments**: Considering that, the role of the State Government is crucial to its implementation at the local level, discussions were held with State Governments to sensitize them about the issue and their crucial role in its implementation.
For Phase II, Chief Secretaries were requested to nominate nodal officers for each of the 38 cities of phase-II for timely preparedness for transition to DAS. For Phase III & IV implementation State wise as well as district wise nodal officers were got nominated. Workshops/meetings were held with the nodal officers.

(ix) Census data: Phase wise and City wise requirement of STBs for digitisation was taken as per Census 2011. Provision of 20% was added for multiple TVs in houses and for TVs in offices/shops. This data was provided on the Ministry’s website.

(x) Collection and analysis of STB’s seeding data: For monitoring the progress of Phase I as well as Phase II, a comprehensive data-base was prepared by the Ministry, wherein details were gathered systematically from MSOs about the availability of STBs and their seeding progress. Data from DTH operators was also collected. Initially data was collected on weekly basis but daily data was collected about a month before the cut-off dates for Phase-I & phase-II.

A Management Information System (MIS) developed wherein all registered operators (MSOs, DTH & HITS operators) have been entering area wise seeding states of STBs. Access to the data was provided to the nodal officers also, so that they could review the progress in their State/district.

(xi) Field Teams: Intensive field visits were carried out by the Mission Digitisation Project staff of regional unit and senior officials of the Ministry.

Visits were also made by the teams from the Ministry to the establishments of MSOs, LCOs and STB manufacturers.

Discussions were held with consumers, particularly in remote and slum areas to get a feedback on their requirements.

Considering large requirement of phase-II, All India radio and Doordarshan were asked to make a technical team in each of the 38 cities. These teams visited the establishments of the MSOs and fed data to the Ministry regularly.

Similar arrangement was made during the implementation of Phase III and the AIR & DDn officials were asked to carry out the inspection of Headends of the registered MSOs.

(xii) Meetings with nodal officers: Regular meetings were held with the nodal officers of the State Govts. Staff of MDP regional unit regularly visited to district level nodal officers to review the progress and implementation of Cable TV digitization.
Registration of MSOs: All Multi System Operators (MSOs) who want to provide cable TV services in digital are required to get registration from M/o B.1471 MSOs registration I have been issued by the Ministry for providing digital cable TV services. Registration of 10 MSOs was cancelled due to denial of Security Clarence by MHA and 6 applicants were denied MSO registration.

Online System for MSO registration: An online system has been developed and operationalized w.e.f 1.5.2017 wherein applicants can apply online. They can see the status of applications also online.

Online payment through Bharat Kosh: Ministry has started receiving processing fee for MSO registration only online through Bharat Kosh. In this regard, a circular has been uploaded on the website according to which processed fee for MSO registration are required to be processed through Bharat Kosh.

10. Digitization Status

10.1 Phase I

Phase I of Digitization was completed by 31st October, 2012. Out of the four metro cities planned to be digital, digitization has been near total in Delhi, Mumbai and Kolkata. Later Chennai also underwent the digital transition even after several Court cases.

About 1.42 crore cable STBs have been installed in Phase I cities. Maximum number of 50 lakh STBs were installed in Delhi, followed by 29 lakh in Mumbai, 38 lakh in Kolkata and 24 lakh in Chennai.

10.2 Phase II

Phase II was concluded by 31st March, 2013 in 38 cities spanning across 14 States and one Union Territory.

10.3 Phase III

Cut-off date for Phase-III of digitization of cable TV Network was set as 31.12.2015 but due to extension/stay granted by some Courts, time up to 31.01.2017 was allowed by the Ministry, on the disposal of the cases, and fully implementation of digitization in Phase III areas. About 6.74 crore STBs were installed in Phase III areas as per MIS portal.

10.4 Phase IV

Phase IV which will cover the rest of India was to be completed by 31stDecember 2016. But due to uncertainty in market because of court cases, the cut-off date was modified to 31.03.2017. After disposal of court cases, as per current status of seeding of STBs in phase IV is 4.98 crore which comes to 67% of the target.

11. Present status and issues

i. Cable TV Digitization has been mandated throughout the country from 01.4.2017. The Ministry vide circular dated 30.03.2017 directed all the Broadcasters, Multi System Operators and Local Cable Operators to ensure that no analogue signals are transmitted over the cable networks after 31.03.2017, failing which action would be taken against the defaulters as per the provisions in the Cable TV Act/Rules.

ii. A few complaints of transmission of analogue signals had been received from some parts of the country even after 31.03.2017. Accordingly, this Ministry had issued an Advisory on 21.04.2017 to all Authorised Officers of States/UTs, Chief Secretaries of all States/UTs and Nodal Officers of all States/UTs requesting them to ensure that no analog signals are transmitted by any cable operator and in the eventuality of any MSOs/Cable Operators having not complied with these directions/orders, action under Sec. 11 of the Cable TV Networks (Regulation) Act, may be taken against them under intimation to this Ministry.

iii. Ministry had prepared a check list for the inspection of MSOs by the Authorised officers. It was sent to all the authorised officers on 25.04.2017 for necessary action.

iv. Ministry has requested the Chief Secretaries of states also on 12.6.2017 to direct all the DMs to take action within their powers under Sec 11 against defaulters and to get the issue monitored by senior officers like DC, Revenue Secretary of IG Police also.

v. As per MIS, all over 110% seeding of STBs has been achieved so far.
Feedback on implementation of digitisation:
Data has been collected from different stakeholders which indicates that the following major benefits from digitisation have started accruing:

Choice from large number of channels including HD channels: In analogue regime, the cable system had a carrying capacity of 75 to 80 channels only. All these channels were of Standard Definition (SD) quality but the same cable in digital can carry up to 600-700 channels and even High Definition (HD) channels can be carried. From the data received from the MSOs it was observed that in Delhi, Mumbai and Kolkata on an average 300 SD and 20 HD channels are carried by each MSO. Subscribers have choice to choose from these large numbers of channels.

Ad Free and high quality channels: Channels in the digital system are encrypted and a consumer can only watch those channels for which they have subscribed. Since digital system has capacity to carry hundreds of channels, the Broadcasters are launching new high quality and even ad free channels which cable subscribers have started subscribing on additional payment. This was not possible in analog regime.

Quality of Picture and Sound: In analog system picture and quality was not only poor but was also dependent on the band (VHF-1, VHF-2 or UHF) in which the channel was carried. In digital system quality is excellent being digital and is independent of the band of frequency on which the channel is carried by the MSO.

Programme Guide: In digital domain cable subscribers are getting the full access to programme guide and know what programme is currently being played and would be coming up at different times.

Grievance Redressal Mechanism: As per Regulations by TRAI, it is mandatory for every MSO and his cable operator to have a Grievance Redressal Mechanism wherein a toll free number, web based system for logging and tracking the status of complaints and notification of nodal officers has been mandated. No such system existed in analog regime. Complaints can thus be addressed effectively in the digital system. TRAI has also provided a timeline for redressal of the grievances of consumers in a time-bound manner.

Increase in ET & ST collection due to transparency: Cable TV digitisation has brought transparency. Now it not possible for a MSO or cable operator to under-declare the cable subscriber base. As indicated in the table below, the Entertainment Tax collection data received from 11 States indicate that the ET collection in these States has increased from Rs. 188 crores in 2012-13 to 448 crores in 2015-16.

Reduction in Carriage fee: Since digital system has large capacity, MSOs are demanding channels from the Broadcasters to carry on their system and thus the amount of Carriage fee being charged by MSOs from Broadcasters have started coming down.

Increase in Subscription revenue: Due to transparency in subscriber base in the digital system, the subscription revenue being received by Broadcasters from MSOs/LCOs is showing increase.

Stage set for Value added and Triple Play Services on Cable network: Due to digitisation of cable TV network, the stage is now set for using this network for providing Value Added and triple Play Services to consumers by MSOs/LCOs and widen their business. Though it is too early to carry out any formal impact assessment of the cable TV digitisation but the preliminary data indicates that the above major benefits from digitisation have started accruing.

COMMUNITY RADIO
Overview:

Community Radio is an important third tier in broadcasting, distinct from public service and commercial media. It provides a platform to air local voices among the local community on issues concerning their lives. In the last few years, this sector has been growing gradually but effectively in India. Community Radio Stations are essentially low power radio stations which are meant to be set up and operated by the local communities. Permission to establish Community Radio Station (CRS) in India is granted only to not-for-profit organisations which include educational institutions, agricultural institutions and civil societies. CRSs are rooted in the local community, and are owned and managed by the community itself. This gives them a distinct advantage to focus on local issues concerning health, nutrition,
education, agriculture etc. Moreover, the CR sector offers a powerful medium to the marginalised sections of society to voice their concerns.

Furthermore, since the broadcast is in local languages and dialects, people are able to relate to it instantly. Community Radio also has the potential to strengthen people’s participation in development programmes through its holistic approach. In a country like India, where every state has its own language and distinctive cultural identity, CRSs are also a repository of local folk music and cultural heritage. Many CRSs record and preserve local songs for posterity and give local artists a platform to showcase their talent to the community. The unique position of CRS as an instrument of positive social change makes it an ideal tool for community empowerment. The policy guidelines for Community Radio and the list of CRSs currently in operation can be accessed at https://mib.gov.in/all_broadcasting_documents.

Government of India, in the year 2002, approved policy for the grant of permissions for setting up of CRSs to well established educational institutions. The Policy guidelines were amended in 2006, to permit not-for-profit organizations also in order to allow greater participation of the civil society on issues relating to development & social change. Currently there are 247 functional CRSs, 323 Grant of Permission Agreements (GoPA), holders and 583 Letter of Intent (LoI) Holders.

Initiatives like simplification of the application methodology, improved transparency in processing of applications, quickening the pace of approvals, better coordination, enhanced awareness, enhanced synergy between stakeholders and involvement of other ministries in CR broadcast have laid a solid foundation for a meaningful growth of CR in India.

In July 2018, Administrative approval & expenditure was sanctioned for continuation of Scheme “Supporting Community Radio Movement in India” for the period 2019-2020 with the total allocation of Rs.25 crore.

Status of CRS in India:

So far, Letters of Intent (LoI) have been issued to 583 applicants. Out of 583 LoI holders, 323 have signed Grant of Permission Agreements (GoPA). About 275 new applications are presently under consideration for permission to set up CRS. There are 247 Community Radio Stations have become operational in the country, out of which, 110 are operated by civil societies, 122 by educational institutions and 15 by SAUs/KVKs. Graphical representation of operational CRS is given below.

**INITIATIVES BY THE MINISTRY:**

**Grant for equipment:** In its endeavour to promote the CRS Scheme and to encourage more organizations to set up CR stations, Ministry has decided to increase the maximum grant size for purchase of equipment from current 50% to
75% of the total estimated expenditure, subject to a ceiling of Rs. 7.50 lakhs. For North-Eastern states, maximum grant size shall be 90% of the total estimated expenditure, subject to a ceiling of Rs. 7.5 lakhs. So far, grant has been issued to 6 CR Stations in the financial year 2018-19.

**Study on effectiveness of CRS in India:**

Study on listenership, reach and effectiveness of Community Radio Stations in India was conducted. The study was conducted to assess the effectiveness of Community Radio and its reach to the surrounding community. Report shows that CRS has been a very effective means of communication at the grass-root level. Report also highlights several success stories of CRSs.

![Community Radio Awareness Workshop at Aizawl, Mizoram (6th -8th February, 2019).](image_url)

**Awareness Workshops on Community Radio:** Awareness generation being crucial for the success of Community Radio Movement in India, the Ministry organizes awareness workshops with stakeholders to give publicity to the scheme. These workshops have been successful in addressing issues concerning guidelines, application procedure, content and sustainability issues for CRS. During the Financial Year 2018-19, 5 workshops have been conducted at various places. Port Blair (Andaman & Nicobar Islands), Aizawl (Mizoram), Hyderabad (Telangana), Panaji (Goa) and Dharamshala (Himachal Pradesh). Another workshop is scheduled to be held at Shillong (Meghalaya). The objective of the workshop is to create awareness about CR policy guidelines and schemes among potential organizations and to help these organizations to apply for permission to establish Community Radio Stations in remote parts of the country.

About 200 organizations consisting Educational Institutions, NGOs and Krishi Vigyan Kendra’s from various regions attended the workshops. Representatives from local media, PIB, AIR and Doordarshan were also invited in the workshop. The events have been successful. These workshops were given coverage in various print and electronic media. Participants understood the concept and importance of community radio, and promised to apply for CR licences.

**Amendments in the policy guidelines to simplify licensing process and increase number of operational CRSs:** Policy guidelines were modified in the month of August 2018. As per amended guidelines Government Universities, Deemed Universities (Central and State), Government Colleges, Government Schools and Krishi Vigyan Kendras (run by Government) will have single window clearance. No separate
clearance shall be necessary. Central / State Universities, including autonomous bodies and Agricultural Universities set up under them, having more than one campus, may be allowed to operate CRS at more than one place. Universities, Deemed Universities, Agricultural Universities & Krishi Vigyan Kendras (KVKs), Educational Institutions, and also branch campus, if any, shall be permitted to locate the transmitter and antenna within the geographical area of the community they seek to serve.

FM DIVISION

1. FM Radio is one of the preferred modes of entertainment among youth and adults across the nation. The variety offered by various FM Radio stations in local languages is welcomed by the masses as evident by the increase in number of channels in recent years and the enthusiasm shown by Private FM broadcasters to acquire new FM Radio channels in the ongoing e-auction. It has also evolved as a potential medium for local businesses to expand their reach through radio advertisements. Ministry of Information & Broadcasting is also utilizing Private FM Radio as a platform to reach the masses for furthering the developmental agenda of the Government, examples of which include jingles to sensitize public against women discrimination, and to expand reach for Government flagship programs like Swacch Bharat Abhiyaan.

2. The FM Cell of the Ministry deals with all matters related to Private FM Radio broadcasting in India as per Policy Guidelines on expansion of FM Radio broadcasting services through private agencies phase III approved by Union Cabinet on 7th July 2011, which along with latest updates is available on the website of the Ministry. https://mib.gov.in/all_broadcasting_documents

3. The Government opened up the FM Radio sector for private participation in July 1999 with 21 Private FM Radio channels in 12 cities mainly in state capitals. The FM Phase II scheme launched in 2005 provided for expansion in cities with a population of 3 lakh and above. Under Phase II, 245 private FM channels came into operation in 86 cities in 26 states and 3 UTs, including 21 channels migrated from Phase I.

4. With a view to further expand the reach of FM Radio, the Government on 25th July 2011, announced FM Phase III policy guidelines with the objective to expand private FM Radio in all cities with population of one
lakh and above besides 11 border cities in Jammu & Kashmir, North Eastern states and island territories having population less than one lakh. After completion of 2 batches of e-auction under FM Radio Phase III, the Ministry has added 162 more channels across the country. The State of Uttarakhand has found place in the private FM Radio map for the first time with one private FM channel being operationalised from Dehradun on 11-07-2018. The Government is in the process of conducting e-auctions for 683 more channels in 263 cities in subsequent batches of FM Phase III.

5. A map annexed shows the cities where private FM Radio channels are operational. It also shows the cities proposed in FM Phase III scheme. As on 31.3.2019, 374 FM Radio channels are operational in 103 cities across the country spread across 27 States and 3 Union Territories.

### Transparency Measures & Supervision

6. The FM Radio channels are allotted to companies on an ascending e-auction basis. The revenue received from the private broadcasters in the form of quarterly license fee is online through Bharatkosh Portal. The Ministry also conducted a hands-on training programme in collaboration with Public Finance Management System (PFMS) team for the broadcasters for smooth rollout of the revenue collection mechanism.

7. For enhancing transparency, digitization of broadcasting services is also being undertaken through an online portal “Broadcast Seva” in a phased manner.

8. In order to ensure the compliance of the provisions laid down in FM Phase III Policy Guidelines and Grant of Permission Agreement (GOPA) signed by the Private broadcasters, Officers of FM Cell of this Ministry undertake inspection of Radio stations and Common Transmission Infrastructure (CTI) facilities.

### Revenue accrual to the Government

9. The Government receives revenue from the Private broadcasters by way of non-refundable One Time Entry Fee, Migration fee and Annual license fee.

10. During the first three quarters of financial year 2018-19, Government has earned ₹129.27 crore (approx.) up to 15th November 2018.

11. The total revenue earned by the Government by way of Non-refundable One Time entry Fee, Migration Fee and Annual License Fee from Pvt FM Radio broadcasting in the country since the year 2000 is ₹5743 crore (approx.) as shown below:

### PRASAR BHARATI

The Prasar Bharati (Broadcasting Corporation of India) is the public service broadcaster in the country with All India Radio (AIR) and Doordarshan as its two constituents. It came into existence on 23rd November, 1997, with a mandate to organize and conduct public broadcasting services to inform, educate and entertain the public and to ensure a balanced development of broadcasting in the country.

### Objectives:

- To uphold the unity and integrity of the country and the values enshrined in the Constitution.
- To promote national integration.
- To safeguard citizens rights to be informed on all matters of public interest by presenting a fair and balanced flow of information.

F. Akashvani Lok Sampada Sanrakshan Mahapriyojana (Sanskar Geet)

Akashvani Lok Sampada Sanrakshan mega project was started in November, 2014. All India Radio has embarked on a special project with the lofty objective of conserving our folk legacy and heritage of 6000 casts, sub-casts and tribal community of India. India is unique for its ethno-linguistic diversity. It is a daunting task to capture her cultural mosaic in all its variegated hues. It is best reflected in the abundant and rich folklore of its numerous regions, communities and cultures. The scintillating lyrics and tunes have a distinct flavour but are under threat of extinction. AIR, as the nation’s public service broadcaster has decided
to step in and record the folklore and ceremonial songs, in their pristine purity.

AIR’s project envisages recording (i) songs associated with different rituals (sanskars)-stages/milestones in the life span of a person (ii) a variety of lok geet such as Ritu geet, Parv geet, sharm geet, Nadi geet, Vriksh geet, sthal geet, parvat geet and Andolan geet and (iii) lok gaathayein (legends). This will be one of the many major achievements of AIR in preserving the cultural heritage of India for the posterity.

Recordings of songs has been taken up by about 130 All India Radio stations and has been completed in 150 districts and in 155 languages and dialects. Songs of all the rituals belongs to all casts, sub-casts and tribal related to all religions are recorded except Yahoodi religion.

In this process approximately 25,000 sanskar geet and traditional folk songs in 87 languages/dialects have been recorded and preserved in Akashvani Archives. In view of the archival value these songs, National Book Trust, under the Ministry of Culture, Indira Gandhi National Centre for the Arts, New Delhi and Shiya Achedemy has signed MOU with AIR. All the three organization have decided to publish these songs in both Hindi and English. On these lines Shiya Achedemy have started work on publishing books in 10 languages/dialect, whereas Indira Gandhi National Centre for the Arts have proposed to publish cemonial/traditional songs in different languages/dialects of North-East.

G. Akashvani Annual Award

During the financial year 2018-19, Jury session for Akashvani annual award-2017, Gandhian Philosophy and Public Service Broadcast Award-2018 were completed and award presentation function is proposed in January-2019.

H. Farm & Home Broadcast

All India Radio is dedicated to its rural audience for more than five decades. Farm and Home programmes are broadcast by most of the stations of AIR. Programmes have been designed to cater to the day to day seasonal needs of the farming community incorporating latest information and technology for best agricultural output.

AIR expanded its agriculture broadcasts with the launch of an exclusive project on Mass Media support to Agriculture Extension entitled ‘Kisanvani’ from Feb. 2004, in collaboration with the Department of Agriculture Cooperation & Farmers’ Welfare, Ministry of Agriculture & Farmers’ Welfare, to keep local farmers informed about the daily market rates, weather reports and day to day information in their respective areas, at micro level. Presently Kisanvani is being broadcast from identified 96 A.I.R stations across the country. Broadcast on a narrow casting mode, the programme is mostly interactive in content involving field based recordings of farmers and studio dial outs and dial-ins with experts and farming community which are quite popular with the target audience. Since, September 2018 a new agriculture programme ‘Kisan Ki Baat’, on the lines of Kisanvani, has been launched in collaboration with Ministry of Agriculture and Farmers’ Welfare, Government of India and is being broadcast from PM Gold channel of AIR, Delhi.

I. Campaign on Safe and Judicious Use of Pesticides

a. Programmes creating awareness amongst the general public and the farming community in particular, have been broadcast about the safe and judicious use of pesticides and the ways and means of minimizing pesticide residues in fruits and vegetables before consumption.

b. Comprehensive guidelines have been issued to the stations in this regard detailing the Do’s and Don’ts for the farmers while purchasing, storing, handling and spraying pesticides. Do’s and Don’ts for the consumers and citizens for minimizing pesticide residues in food items, fruits and vegetables were also highlighted by stations in their programmes.

II. Comprehensive Weather Forecasts For Farmers

a. Comprehensive weather forecasts of five minutes duration for farmers are being broadcast in the daily Farm & Home programmes of all AIR stations and all 96 stations broadcasting Kisanvani programmes. The daily weather forecasts coverage includes details of crucial
parameters like rainfall, temperature, soil and air moisture, radiation, hot, dry, cold and wet spells including extreme events like droughts, floods, thunder storms, cyclones, hail, frost, etc so as to alert farmers and help prevent crop failures.

III. Environment

a. World Environment Day is observed by all stations on 5th June every year by mounting special programmes to create awareness about preservation of environment. Issues of social forestry, preventing land degradation and desertification, ozone depletion, eco-friendly agronomic practices like post-harvest stubble management, climate change, water harvesting, sanitation (Swachh Bharat Abhiyan) and noise pollution are also addressed suitably, by interviewing subject matter experts and inviting eminent personalities.

b. All the AIR stations are giving wide publicity to the legal factors concerning environment and forestry. These programmes are monitored regularly by the Directorate, through monthly statements sent by AIR stations.

c. Station have been mounting sustained publicity to the cleanliness drive ‘Swachh Bharat Abhiyan’ launched by the Hon’ble Prime Minister, focusing on the significance of both rural and urban sanitation in ensuring a cleaner environment for all.

d. AIR Stations broadcasting Farm and Home and Kisanvani programmes are advised to mount suitable programmes in different formats, for creating awareness amongst the farming community, about the use of organic solid waste as manure in agriculture operations, as part of media campaign under Swachh Bharat Mission. AIR Stations have been instructed to broadcast audio spots on the different flagship programmes of Ministry of Agriculture & Farmers’ Welfare.

IV. Publicity to Crop Specific Advisory to Farmers

a. Stations located in the potato growing regions have been advised to mount awareness programmes for the farmers for adopting preventive measures for the fungal diseases forecast for the seasonal potato crops predicted by the Central Potato Research Institute, Meerut

b. Stations located in the states of Haryana and Punjab were advised to mount awareness campaigns for the farmers in view of the incidence of infestation of white fly in the Kharif cotton crops as per advisory issued by the Ministry of Agriculture and Farmers Welfare.

V. Kisanvani Impact Assessment and Capacity Building Workshops

a. Farm and Home Unit, DG: AIR has conducted five ‘Impact Assessment and Capacity Building’ workshops across the country for the Kisanvani Programme Producers of all the identified 96 Kisanvani broadcasting AIR stations, in collaboration with the Ministry of Agriculture and Farmers Welfare, during FY: 2016-17/2017-18. Besides the representation of officials from Ministry of Agriculture & Farmers’ Welfare and Directorate General, All India Radio, these workshops were attended by regional subject matter/ agro industry experts, agriculture scientists, agro meteorologists from IMD, State agriculture department/district administration officials, NIC scientists, I.T. Experts, Progressive Farmers etc. Five such workshops have been organized successfully at National Thermal Power Corporation, Sonbhadra, Uttar Pradesh from 29th to 30th March 2017; Sher-e-Kashmir University, Jammu, Jammu & Kashmir from 29th to 30th June 2017; Marine Fisheries Research Institute, Kochi, Kerala from 18th to 19th January 2018, Mahatma Phule Krishi Vidyapeeth, Rahuri, Ahmednagar, Maharashtra from 22nd to 23rd March 2018 and ICAR, Umiam, Shillong from 30th May to 01st June, 2018.

VI. Radio Kisan Diwas

a. Progressive Farmers, who got benefited by the information disseminated through
the Kisanvani programme on AIR, share their experiences with other fellow farmers in their regional language/dialect. All India Radio observes 15th February as Radio Kisan Diwas over all its Kisanvani broadcasting stations by mounting special programmes on the occasion. Stations broadcasting Kisanvani programme would host special invited audience programmes on the day i.e. 15th February 2019, like previous years, with participation of senior district administration authorities and subject matter experts.

VII. Flagship/Special Programmes Over The Air Network

All AIR Stations broadcasting Farm & Home programmes were advised to broadcast programmes in different formats about various schemes for creating awareness amongst the farming community. Some of the programmes broadcast are detailed below:

1) **Kisan Kalyan Karyashala**

All AIR stations were advised to appropriately cover ‘Kisan Kalyan Karyashalas’ which were organized on 2nd May, 2018 as part of Gram Swaraj Abhiyan, held from 14th April to 5th May 2018, with the aim to create awareness amongst farmers for devising strategies to be adopted for ‘Doubling of Farmers Income By 2022’.

2) **National Panchayati Raj Day**

Hon’ble Prime Minister’s address, on the eve of National Panchayati Raj Day, on 24th April 2018, from Ramnagar, Mandla district, Madhya Pradesh, was broadcast live by all capital and local radio stations including multi-channel stations.

3) **Krishi Kalyan Abhiyan**

Krishi Kalyan Abhiyan was undertaken by the Union Ministry of Agriculture and Farmers’ Welfare in 25 selected villages of 111 aspirational districts of the country, to assist and advice farmers on how to improve their farming techniques and raise their incomes. Stations were instructed to mount suitable publicity about the government’s campaign.

4) **Minimum Support Prices**

Policy of Minimum Support Prices plays an important role in safeguarding farmers against the fluctuations in market price and ensuring stability of farmers’ income. AIR Stations were advised to highlight the increased Minimum Support Prices for Kharif Crops by mounting jingles besides other programming formats like talks, interview, discussion, dial-in/dial-out, etc. Instructions are also being given to spread awareness about the enhanced Minimum Support Prices for Rabi crops of 2018-19 season, to be marketed in 2019-20 season.

5) **Issue Of Stubble Burning**

Inefficient Post-harvest crop management practices like stubble burning, particularly during kharif harvest season, is the leading cause of severe environment pollution in many states like Punjab, Haryana, Rajasthan, Uttar Pradesh and Delhi. AIR stations spread across the country have been advised to spread awareness about the issue with special focus on various innovative technologies, alternate crop residue management practices, incentive schemes and also various punitive measures, launched by the central and state governments.

I. Health & Family Welfare Programmes

I. Women’s Programmes

a. All India Radio broadcasts a number of programmes in different formats for the welfare of girl child. Programmes of the family welfare section of the stations generally aim at creating social awareness on the issues relating to female foeticide, gender discrimination, awareness about the rights and privileges of women through the propagation of legal literacy. Different traditional folk forms were also used to communicate with the rural audience. “Beti Bachao Beti Padhao” programme was launched by the Prime Minister in 2015. After the launch of programme, the Director General, All India Radio has issued instruction to all stations to give special attention while planning their programmes on the popularization of
the ‘Beti Bachao Beti Padhao”. The same campaign continued in 2018.

b. All India Radio had instructed AIR stations across its network to give due publicity to the laws, rules, regulation and guidelines related to the sexual crimes against women and to broadcast programs in different formats for creating mass awareness to the legal provisions and punishment for violation of such provisions, in respect of judgment of High Court of Delhi in Criminal Appeal No.786/2010.

c. Instructions were issued for creating awareness and publicizing the campaign on ‘National Mission for safety of women” which covered diverse issues related to women and girl child.

d. Programmes in various formats are being broadcast from AIR stations across the country to create awareness about the adverse child sex ratio and to alter the negative mindsets leading to abortion of girl child fetus.

e. In order to improve the vaccine coverage, the Ministry of Health & Family Welfare has launched Mission Indradhanush in April 2015. Wide coverage is being given to the mission through AIR network throughout the year. Year 2018 covered next phase of immunization through this campaign and AIR is giving wide coverage and publicity. A special phase of Mission Indradhanush was started on 22nd October, 2018 to improve full immunization coverage, programmes were broadcast to generate awareness regarding Routine Immunization and to give wider coverage to Mission Indradhanush.

f. Nutrition for women & child has also been focus of many programmes of AIR broadcasts.

**M. News Services Division**

All India Radio (AIR) has the distinction of being one of the major broadcasting organizations in the world. The News Services Division (NSD) of All India Radio disseminates news and news-based programmes to listeners in India and abroad.

The News Services Division of All India Radio (NSD: AIR) broadcasts news and news-based programmes to listeners all over India, and abroad. It disseminates authentic information about important events, new developments and contemporary issues in simple language.

**Organisational Set-Up**

7.1 The News Services Division is headed by a Director General (News), who is one of the senior most officers of the Indian Information Service. The DG (News) is assisted by a team of Additional Directors General (News), Directors (News), Deputy Directors (News), Assistant Directors (News), News Editors and Reporters.

7.2 The different operational wings of NSD at headquarters in Delhi include: General News Room, Hindi News Room, Reporting Unit, Talks and Current Affairs Unit, Newsreel Unit, Indian Language Units, Reference and PP&D Unit, IT & Website unit and the Administrative Wing.

7.3 The Regional News Units (RNU) in various States are headed by officers of the rank of Director or Deputy /Assistant Director and assisted by News Editors, Reporters and Newsreaders-cum-Translators.

**News Gathering Network**

8.1 The NSD has to ensure production of news and related services which adhere to certain standards in terms of timeliness and quality. It uses various sources for news gathering. A team of dynamic Reporters/Correspondents, covering a variety of beats, is available at NSD headquarters (HQs). Foreign correspondents also stationed at important cities such as Beijing, Colombo, Dhaka, Dubai and Kathmandu. Correspondents are also posted at the RNUs. Part-Time Correspondents (PTCs) in more than 500 districts of the country also aid in gathering news through their respective RNUs.

8.2 Wire agencies including the PTI, UNI, IANS, Hindustan Samachar and others aid the newsrooms with relevant inputs as well. Social media e.g. – verified Twitter handles, Facebook accounts of eminent personalities-political and others, is also tracked regularly, and proves a vital source of information for news production.

![Shri Amit Khare, Secretary (I&B) addressing the gathering at External Broadcast Day event at Siri Fort, New Delhi.](image-url)
workshops, seminars, addressed by the President, Vice-President, Prime Ministers, Union Ministers, visiting Chief Ministers, foreign dignitaries and other important personalities.

8.4 Schemes like Ayushman Bharat, Poshan Abhiyaan, Women’s safety measures, and events like the launch of Main Nahi Hum portal, mobile app C-vigil by the Election Commission, Air Quality Emergency Early Warning System launch, Smart India Hackathon-2019, Statue of Unity, Global Mobility Summit were covered by news reporters on a priority basis, apart from routine coverage.

8.5 With the growing importance of India at the international level, the visits of various Heads of Governments also increased. These visits to India were covered in detail. Their meetings with the President, Vice President, Prime Minister, and other engagements were given detailed coverage.

8.6 Reporting unit, by being in constant touch with various ministries and other government organisations, constitutional and statutory bodies like Election Commission of India, Human Rights Commission, and PSUs, gathered news and related information for spot news coverage. Their meetings, programmes and press conferences were also covered.

8.7 It also provides stories for Pradeshik bulletins which are broadcast in Hindi. All the important developments relating to Delhi and NCR were covered for these bulletins exclusively.

8.8 The unit did stories on Mann Ki Baat every month. Special stories were done in the run up to the 50th edition of Mann Ki Baat, wherein exclusive interviews/sound-bites were taken from important stake holders, including government functionaries, the private sector and the general public.

9.1 The Talks and Current Affairs Unit has been assigned to broadcast analytical news-based programmes on various topics. The idea is to help the listeners understand major new developments, put things in perspective and
deal with a subject in detail. Various topics were discussed extensively in the daily and weekly programmes viz., Samayiki, Spotlight/News Analysis, Public Speak, Money Talk, Vaad Samvaad, Charcha Ka Vishay Hai, Countrywide, Surkhiyon Mein and Current Affairs programmes.

Spotlight and News Analysis programmes broadcast daily in English for fifteen minutes each. One subject expert and one journalist conduct a discussion on a topic of contemporary importance. Samay ki and Gulf Charcha, are the corresponding programmes in Hindi.

Public Speak is a very popular Live Phone-in programme. It is over half an hour long, bilingual and two experts, including ministers, Ministry officials, are invited to answer listeners’ questions on the topic of the week.

In Money Talk, a one-on-one discussion on important financial news of the week is held. On the other hand, in Vaad Samvaad, two experts converse about important social issues.

Similarly, Charcha Ka Vishay Hai, is a longer programme which brings together two subject experts to discuss the most important issue of that week.

Countrywide is an ideal medium for important personalities such as Ministers to communicate their views to the public, as they are interviewed by NSD.

Surkhiyon Mein and Current Affairs are also programmes which deliberate important contemporary themes in the news.

Important programmes broadcast during the current financial year include a series of discussion programmes on the completion of 4 years of NDA Government. Government’s initiatives and achievements in various sectors like Jammu & Kashmir and North East, POSHAN Abhiyaan, Ayushman Bharat, Farmers’ welfare, interviews with Union Ministers, Swachchata Hi Seva, Parakram Parv, Armed Forces week, International Day of Yoga, Swachh Bharat Abhiyan, programmes on women safety, Mission Indradhanush.

Also, on 26th January, a 30 minute special programme will be broadcast on the Republic Day celebrations.

Regional News Units (RNU)

10.1 All India Radio’s 46 Regional News Units (RNUs) play a vital role in catering to the information needs of the people with a regional flavour and thus, furthers its grass root reach.

10.2 Regional news bulletins were introduced in the early fifties. The first such news bulletins were broadcast in April, 1953 from Lucknow and Nagpur stations. In 1954-55, RNUs were set up at Bombay, Madras and Calcutta. This went on steadily and at present, there are 46 regional news units functioning in different parts of the country.

10.3 RNUs broadcast bulletins and programmes in 77 regional languages/ dialects making news region-specific and listener-friendly. Each state has at least one RNU and bigger states have up to four RNUs for effective coverage of events in the respective states. The RNUs originate 478 bulletins every day for a total duration of about 39 hours that include national, regional, external, DTH services and FM headlines.

10.4 These Units also mount 1060 news- based programmes in a month for a total duration of nearly 140 hours besides broadcasting special programmes on occasions like Republic Day, Independence Day or any other occasion of national importance. They also broadcast special programmes when State Assemblies are in session.

10.5 FM Headlines serve immediate needs of information savvy listeners in their daily busy schedule in cities and towns. At present 255 headline bulletins in 17 languages are being broadcast by RNUs.

10.6 RNUs have about 76 full-time correspondents/editors (including non-RNU correspondents) working across the country. In addition, services of 526 Part Time correspondents (PTCs) at district level are being utilized to get news stories from remote areas. They are provided guidance and professional support by regular correspondents and editors in the RNUs. With a view to strengthen the professional skills of PTCs for better quantitative and qualitative output, NSD organizes orientation workshops for them from time to time.

10.7 RNUs have also expanded their presence to social media. Now 45 RNUs have twitter handles, 41 RNUs have their Facebook accounts and 6 RNUs have started their YouTube channels.

10.8 NSD also organised PTC workshops in the election-bound states of Rajasthan, Madhya Pradesh, Chhattisgarh, Telengana and Mizoram to sensitize them about election coverage and model code of conduct.

10.9 The Modified SBG for 2018-19 RNUs is Rs. 21.045 crore.

**N. Commercial Wing**

The onus of supervising the work of the entire commercial set up of AIR, Comprising of 15 CBS Centers and CSU Mumbai, lies on the Commercial Wing of All India Radio. Its mandate includes looking after various activities that directly impact the revenues of the organization. Some of these activities are: keeping continuous track of, regular and timely billing in respect of various commercial activities of AIR, revenue figures based on billing, actual revenue receipts in banks, status of outstanding dues, status of Arbitration cases and Court cases etc., granting approvals for accreditation to different advertising agencies etc. across different CBS centers throughout the country.

Ever since the introduction of GST, the responsibility of the Commercial Wing has
increased manifold. Though remitting GST liability has decentralized yet it continues to be the central point that supervises the GST related work of the entire set up.

In addition to the varied responsibilities that directly impact the revenues this unit recently was also the focal point for monitoring the revenue generation efforts of different CBS Centers. In view of the growing competitive scenario a need was felt for making concrete, vigorous and focused efforts not only towards augmentation of revenues but also towards realization of revenue from the business procured. For this, an initiative has been taken to gradually segregate the commercial set up into two independent verticals i.e. Commercial and Marketing. Posting zonal DDGs for Commercial and Marketing activities separately by Prasar Bharati has been the first step in this direction. This would help in quick disposal of gamut of commercial issues across the country. With defined changes in the pipeline, the focus of this wing is gradually shifting towards monitoring of billing, revenue realization and outstanding dues etc. more vigorously. Preparation of detailed revenue statements both for Corporate and Government clients, highlighting different aspects of revenue realization, has been introduced. These efforts are expected to further improve monitoring of actual revenue receipts against business procured on regular basis.

Towards making dedicated efforts for realizing outstanding dues, Recovery Pursuit Cells have also been set up at 9 CBS Centers. Constant efforts being made by these cells have started yielding results.

The Commercial Wing of All India Radio has also been equally involved in updating the Commercial Policy of AIR from time to time as well as guiding different CBS Centers at each step regarding various commercial related issues.

With the new initiatives, we hope to successfully hold our ground and surge ahead despite the ever growing challenging environment. A Table showing the revenues of AIR, for the last five years, is given below:

P. External Services Division

A. Brief Introduction

All India Radio started external broadcast on 1st October, 1939 purely as a tool for propaganda for the Allies during the World War II with a service in Pushto language to counter the German Radio Blitzkrieg in the region and supplement the efforts by the BBC in this part of the world. External Services Division (ESD) of AIR has been a vital link between India and rest of the World, specially with those countries where the interest of India are intertwined because of Indian population, staying in those countries.

External Services Division of All India Radio ranks high among the External Radio networks of the world both in reach and range covering over 150 countries in 28 languages. AIR, through its external broadcasts aims to keep the overseas listeners in touch with the ethos of India. The languages in which AIR reaches its foreign audience are English, French, Russian, Swahili, Arabic, Persian, Tibetan, Chinese, Thai, Burmese, and Bhasha Indonesia. The services in Hindi, Bangla, Tamil, Telugu, Malayalam, Odia, Kannada and Gujarati are directed at overseas Indians, those in Urdu, Punjabi, Sindhi, Saraiki, Sinhala, Bangla and Nepali are meant for listeners in the Indian sub-continent and immediate neighbourhood. The programme menu of ESD services are of composite nature which generally include: news bulletins, commentaries on current events and review of the Indian press. It also includes informative talks, interviews, documentaries, features, Indian music of all genres, radio plays etc.

Besides Newsreel, Magazine Programmes on sports and literature, talks and discussions on social economic, political historical, scientific and cultural subjects, features on developmental activities, important events and institutions, classical, folk and modern music of India’s diverse regions, form a major part of total programme output.

The dominant theme of all programmes in External Services Division is to present the reality of India as a strong secular, democratic, republic which is vibrant, forward looking and engaged in the task of rapid economic, industrial and technological progress. The fact of India’s large technical manpower and its achievements and ecological balance are put across in easy and simple parlance.

Similarly, India’s faith in non-violence, its commitment to universal human rights and international peace and its contribution to the creation of a new world economic order are frequently discussed.

B. New Initiatives and Modernisation Efforts

• As a first step towards improving the global outreach of All India Radio, initiatives have been taken in the last two years to re-engage with the MEA and other stakeholders through Prasar Bharati and MIB. MEA has been requested to indicate the countries and the regions they would like to be covered by All India Radio from the point of view of criticality of our foreign policy and foreign relations.

• Since its inception till 2016, external broadcast is being mainly carried out terrestrially through medium wave (for the immediate neighbourhood) and shortwave (for distant countries). With the technological advancement, alternatives like digital platforms are available to supplement the above mentioned modes. Accordingly, external services of All India Radio in the last two years have developed a multimedia website airworldservice.org for all its existing 28 language services (15 foreign and 13 Indian) which is of comparable international standard. The multimedia website has features like live streaming of programmes, podcast, text, videos and pictures besides a mobile app airworldservice, making the reach of All India Radio’s external broadcast truly global. This is being further supplemented by using additional platforms like Radio garden, tune in, Amazon Alexa etc.

• All the web portals of ESD have been linked with various social media platforms like Whatsapp, Facebook, Instagram and Twitter etc. to make them more interactive and participatory in nature wherein listeners from any corner of the globe can send in their requests and feedback.

• In the current year, it is proposed to hire FM, medium wave and short wave transmitters in different critically important regions/countries through an international consortium which
would further augment the reception and reach of ESD programmes.

- Additionally, during the current year initiatives have been taken to integrate a smart TV app in the digital platform of ESD which will help in disseminating visual content as is being done by other international radio broadcasters like BBC, CRI, VOA etc.

- In view of the limitations of internet penetration in many of the Afro-Asian countries, shortwave cannot be completely dispensed with for international broadcast. Accordingly, All India Radio has approached Ministry of External Affairs through Prasar Bharati/I&B to provide funds to replace 7 shortwave transmitters which are being used for external broadcast presently and outlived their life span and require immediate replacement to improve AIR’s global outreach terrestrially.

- AIR has also in 2016 started a 16 hour daily special Akashvani Maitree Channel targeted to Bangladesh and Bengali Diaspora world over through the 1000 Mega Watt DRM transmitter and live streaming on the website.

- In 2018, AIR has launched an Odia language website with live streaming to reach out to the non-resident Odias world over.

- AIR has also initiated steps to launch a special service in Dzongkha language for Bhutan which has been approved by the MEA in principle. This service has been proposed keeping with the government’s neighbourhood first policy.

- AIR has also requested MEA to indicate whether any services for CIS countries, Japan, East Asia and South Africa would be required in view of the importance of these regions for the country.

- In commemoration of the 80th Anniversary of External broadcast by AIR, External Broadcast Day (EBD) was observed on 1st October 2018 in a gala event involving foreign diplomats, Indian Foreign Service Officers and Foreign Correspondents to sensitise them about external broadcast of AIR.

- Besides the above, AIR is also constantly entering into partnerships through MoUs with various international broadcasting organizations to improve its global presence.

DD News

Doordarshan News (DD News) is the only terrestrial-cum-satellite, multi-lingual news channel in the country. DD News is also available to non-cable, non-satellite homes through terrestrial transmission mode.

DD News channel was launched on 3rd November, 2003 by converting DD Metro into a 24-hour news channel. DD News, from its headquarters at Delhi is currently producing news content in Hindi, English, Urdu and Sanskrit languages apart from two exclusive bulletins for the Hearing Impaired. A total of 18.5 hours of live transmission per day include telecast of more than 40 news bulletins in these languages.

Special programmes on the channel include those on Health, Youth Issues, Cinema, Art and

“Ground Report”: More than 5000 success stories of beneficiaries of Government’s various flagship schemes were telecast by DD News network.
Culture, Flagship schemes, International Events, Market Developments and programmes on social issues.

News Gathering

News inputs are received from across the country, including remote areas, through the latest satellite based technologies, together with DSNG Vans/OB Vans, and through file internet/cellular mobile based technologies. DD News collects majority of its news from the following sources:

- Own Correspondents in HQs and RNUs
- Stringers and part-time correspondents
- Agencies (PTI, UNI, Reuters, ANI)
- International partners (e.g. other national broadcasters, Asia vision)

Accomplishments

Restructuring the format and content of the channel is a significant activity at DD News. Several new programmes have also been introduced in the recent past.

Some of these are:-

Ground Reports/ Zamini Haquina; Swachhata Samachar; Khabar Jaldi Jaldi; 5 minute Flash 15; Vaarta, Sanskrit Samachar; Badalte Bharat pe Charcha; and, Do Took besides an additional bulletin for the Hearing Impaired.

These have been complemented with discussion programmes on Strategic and Security issues, Gen-next, Rang Tarang, Janane Ka Haq, Total Health – Current Affairs Programme, Cinema Iss Hafte, Tejaswini, Social Connection, Vaartavali, NayaSavera, Breakfast Show, Market This Week, Money Mantra, Good News India, Special stories from Kashmir and Open Frame PSBT

DD news adopted PM’s “Mann ki Baat” for simultaneous TV telecast with radio broadcast, which was taken and carried by several private channels also. This was supported by packaged stories, discussions and thorough coverage of peoples’ reactions.

Technical Infrastructure

The 24x7 News channel has its national newsroom and two studios, at Delhi. For satellite-based news gathering from different parts of the country, there are 16 DSNG vans stationed in different States. Over and above, mobile-connectivity based backpack equipments are deployed in places when / where DSNG vans are not available or cannot be deployed.

DD News produces bulletins for other sister
channels. DD News also produces 10 LIVE bulletins and news scrolls for DD Urdu. With the launch of Kisan Channel, DD News is supporting it with two news bulletins airing news of interest to farmers.

DD News has introduced state-of-art features like video walls in its production. Most of news bulletins, programmes & live shows are presented with the support of video walls.

DD India

Doordarshan opened its window to the world by launching its international channel on 14th March, 1995. The channel was initially known as DD-World and later renamed as DD India in 2002. Since launching of this channel DD India was telecasting Hindi/ English based archival and new programmes from their rich collection including pre-determined time slots for Music, Dance, Art and Crafts, History, Heritage, Science, Energy, Environment, Traditions, Festivals and Personalities of India for its international viewers. Now this channel is on its way to becoming an entirely English News and Current affairs channel and presently support of DD News and RSTV etc. DD India telecasts 13 hours English News bulletins and 11 hours information-based documentaries produced by using English language. Apart from this, DD India is telecasting all important lives and Hon’ble Prime Minister’s all addresses to the nation as well as to world has been telecast live from this channel. This channel has taken more than 175 lives in this year. This channel is also publicizing government’s all public welfare schemes through music video and short videos etc.

In future, DD India would produce number of new news and current affairs programmes/ live shows like Nation First, Health for You, Special Breakfast Show, News of the Hour, Business Morning, New India, My Investments, Wide Spectrum, Prime Time India and Sports Buzz etc.

Presently DD India does not have an earmarked production studios and proper manpower support. But with limited manpower this channel is getting good TRP reports (as obtained from BARC) and promises to become one of the top information and content-based channels once it has facilities of its own.

DD Sports

2018-2019 was a year of seminal changes for DD Sports. The year saw a series of measures being taken to bring the channel at par with the industry standards. The major thrust areas have been better showcasing of special shows activities around the sporting events of national importance; holistic coverage of the grass-root sporting events from across the country; and integration of the channel with the new age social and digital media. The channel now has a unique and distinct identity in the sports genre, where sporting activities ranging from multisport events like Asian Games and Commonwealth Games to the international cricket matches with Indian participation are covered. Bulletins based on sporting activities in the North East are showcased efforts as also collaborative sports with DD News in regular sports bulletins. DD Sports is now emerging as a front-ranking channel with a defined purpose in the sports genre.

II. PATH BREAKING INITIATIVES

1. Digital integration with the New Age Media: The channel has made sustained efforts to expand its footprints in the
landscape of the new age media. This includes live streaming of the sports properties on the You-tube and Face book and regular sports updates on, Face book and Twitter.

2. **Sporting Developments from across the country:** DD Sports, over the years has been in the forefront in terms of promotion of the sporting activities at the grass root level. It amidst this back drop, the channel has started a weekly bulletin from the North East encapsulating the sporting developments in the region. Apart from these, the channel simulcasts the sports bulletins in English and Hindi in co-ordination with the DD News.

3. **State of Art Presentation Style:** The state of art presentation style for the pre-shows, mid-shows and post-shows of the sporting events of national importance has seen better packaged and livelier shows this year. The presentation of the shows from these studios is supplemented with latest graphics which are critical for any sports channel.

4. **Industry’s Best Anchors/ Experts/ Esteemed Guests:** The profile of the anchors/ experts/ commentators and sports personalities featuring in these shows has been considerably enhanced this year. In this aspect, DD Sports is now giving competition to the best in the industry. Some of the eminent sports personalities who has featured in the DD Sports show this year are- Shri K Shrikanth, Shri Mohinder Amarnath, Shri Dilip Vengsarkar, Shri Manoj Prabhakar, Shri Kiran More, Shri Venkatesh Prasad & Shri Gary Kirsten in cricket, Shri Baichung Bhutia and Shri Renedy Singh in Football, Shri Pulela Gopichand, Ms PV Sindhu and Ms Ashwini Ponappa in badminton, Shri Bajrang Punia in wrestling, Ms. Divya Kekran, Heena Sidhu etc., Dipa Karmakar in Gymnastics and Viswanathan Anand in Chess to name a few. Similarly, the best of the sports anchors and personalities in the industry have featured in DD Sports shows. These sporting icons not only give their invaluable insights on the sporting events, but also share their experiences which helped them to scale the summit, which enhance this quality content of DD sports

5. **DD Sports Special Shows:** DD Sports has conceptualized and executed special shows for special occasions this year. This includes the shows with the medal winners of Asian & Commonwealth Games. The channel also aired the special show, titled Cricket Tales- a unique amalgam of the cricket coaching and cricket anecdotes. Similarly, in the show titled ‘Hauslon Ki Udaan’- sporting personalities shared their views on what it takes to be a champion including Ms. Mary Kom etc.

6. **IPL ON DD Sports:** - One of the successful leagues of world cricket – Indian Premier League was also telecasted on DD Sports for the 1st time. Total 12 matches were shown deferred live where as rest of the matches were shown as one hour highlights.

AIR Resources is also considering proposal from BSNL/MTNL at 16 places and at 13 places with Private Mobile Operators. AIR Resources has signed fresh agreement with General Mobile Private Limited for providing services, maintaining data and managing operation of SMS based service on AIR Programmes on revenue sharing basis and is supervising the receipts of total no. of SMS hits from various mobile operators on various AIR Programmes across India and revenue share for Prasar Bharati as per the terms of the agreement.

AIR Resources is also earning revenue by a joint venture agreement with IGNOU for operation & maintenance of Gyanvani FM transmitters at 37 places across India. The Gyanvani service of IGNOU has already started and is making efforts for restarting transmitters through AIR Network in Phases. The services are likely to restart from all Gyanvani Transmitters very soon.

AIR Resources has been generating revenue right from the year of its inception (2001-02). The Progressive revenue generated from 2001-2002 to 2018-19 (01.04.2018-31.10.2018) is Rs. 8,22,96,64,215/- and is depicted graphically below:

The revenue generated during the current financial year upto 31.10.2018 is Rs. 51,49,75,704/-(including GST) and the target fixed by Prasar Bharati for financial year 2018-19 is Rs 100 crore. The graphical representation of the revenue earned during the current financial year from April, 2018 onwards, (month wise) is given below:

REVENUE GENERATION FY 2018-19

(7) Research Department, Air & Doordarshan :

INTRODUCTION:

Research Department of All India Radio was set up in 1937 primarily for propagation studies and scientific planning of broadcasting services in the country. With the continued expansion of broadcast network in India in the post - Independence period, the department has constantly been augmented to carry out elaborate studies and development work in the fields of acoustics, audio broadcasting, internet, video transmission, automation, satellite, microwave, propagation and etc.

(A) International Monitoring & Receiving Station, Todapur, New Delhi

International Monitoring & Receiving centre situated at Todapur, Near Inderpuri, New Delhi, is engaged in carrying out broadcast signal
monitoring of MW, SW, FM, DRM and DTH Radio service signal carrying internal and external services of AIR and MW & SW service from Foreign broadcasters towards INDIA. The technical activities carried out at International Monitoring & Receiving Station, Todapur during the period from 01/04/2018 to 31/10/2018 are detailed below:-

FREQUENCY CHECKING OF MF & HF TRANSMITTERS OF ALL INDIA RADIO

(a) Carried out monitoring of all SW & MW transmitters, viz. Kingsway, Khampur, Aligarh, Bangalore, Chennai, Panaji, Mumbai, Chinsurah(SPT), Rajkot(SPT), Jalandhar(HPT), Tuticorin(HPT), which carry external, internal and Vividh Bharti services of All India Radio with the following objectives:-

(i) Performance of the transmitters i.e. breakdown, modulation, distortion, cross talk, excessive frequency deviation etc.

(ii) Checking the correct scheduling of programme and their technical quality.

(b) Carried out monitoring of regional Short wave transmitters located at, Bhopal, Hyderabad, Jaipur, Shimla, Gangtok, Srinagar, Leh, Chennai and Mumbai.

(c) Carried out monitoring of AIR DRM transmitter (MW) both analog mode and digital mode transmission from Kingsway-Delhi-C (2 channels) and Khampur-Delhi-A (2 channels).

(d) Three days special watch observed on HF schedule of All India Radio for co-channel and adjacent channel interference (+) & (-) 5Hz. This watch was observed in the beginning and middle of HF schedule.

(e) Kept watch on most Northern Indian medium wave channels of All India Radio from the point of undue interference emanating from foreign broadcasting stations during the night time.

(f) Frequency deviation measurement carried out for about 52 Nos. various Frequencies including both medium wave and shortwave transmitters. Reports were sent by email.

CLEAR CHANNEL WATCHES AND IDENTIFICATION OF INTERFERENCE OF SHORTWAVE CHANNELS OF ALL INDIA RADIO

Clear channel watches and identification of interfering stations of All India Radio channels carrying internal, external, Vividh Bharati, & regional SW services were carried out regularly. The observations from these watches were used for taking remedial action. Special monitoring of various channels was carried out for arriving at a decision before finalizing each seasonal aerial / frequency schedule for programme finalization on Republic Day, National Sports, National events, VVIP broadcasts and other important events. During 01/03/2018 to 31/08/2018 special watches monitoring were carried out as per details below:-

MONITORING OF RN CHANNELS

Monitoring of all “C” band RN channels of GSAT-10 originating from Broadcasting House, New Delhi. These channels were monitored round the clock on hourly basis daily. The abnormalities
observed regarding the quality and contents of programme were communicated to Broadcasting House, New Delhi in real time for taking immediate necessary action and the report emailed.

**FM CHANNELS DELHI**

Regular monitoring of 4 Nos of FM Terrestrial Radio channels were carried out an hourly basis daily. The abnormalities observed were communicated to concerned station TV tower Pitampura, Delhi immediately for taking necessary action and the report emailed.

**D.T.H. RADIO MONITORING**

Regular monitoring of 40 Nos of D.T.H. Radio channels was carried out on hourly basis daily. The abnormalities observed were communicated to concerned stations and DTH-DD immediately for taking necessary action and the report emailed.

**MONITORING OF THE TRANSMISSIONS OF FOREIGN ORGANISATIONS**

Technical monitoring of the transmissions of countries beamed towards India was carried out regularly on a reciprocal basis. Periodic reports were prepared and sent to respective broadcasting organizations by email.

**(B) Telemetry System Group**

a) **Advance Remote Monitoring and Control (Web based Telemetry System for MW/FM Transmitters)**

The I.P based telemetry system has been upgraded to web based telemetry system at : Chhattarpur (MW), Ambikapur (MW), Rohtak (MW), Jalgaon(MW).

The web-based telemetry system has also been installed at :

Further, the web based telemetry system are being installed at following AIR, stations : 1.Darbhanga (MW), 2. Hazaribagh (FM)

The installation of web based telemetry system is not found technically feasible at AIR, Vijaywada (FM). Therefore, the alternate place has been proposed AIR, Pune in place of Vijaywada.

(b) **Provision of Remote Monitoring and Control (Telemetry) System for MW/FM Transmitters under 11th Plan Scheme of AIR for Improvement of facilities (I.O.F.) at 23 AIR stations. (DTE No. 80/2010-11)**

- The I.P based Remote Monitoring and Control system has been installed at 20 nos of AIR Stations out of 23 places as mentioned above.
- R&D team is proceeding on tour to AIR Darbhanga and Hazaribagh for installation and commissioning of AM telemetry system at AIR, Darbhanga and FM telemetry System at AIR, Hazaribagh from 15-11-18 to 2-12-18.
- Web based Centralized Monitoring System for AIR transmitters have also been developed.

**(C) Propagation Lab**

Propagation lab has carried out propagation studies on Broadcast Signal (Radio & Television) radiated by Terrestrial Transmitters of AIR & Doordarshan located in different parts of the country & have also prepared technical reports which is very useful for SMS & Planning division.

**Project: Development of Propagation measurement & Reception survey system for Digital Radio Transmissions (DTE No.: 05/2009-10)**

Most of the DTE items have been procured like Handheld Spectrum Analyzer; Lap top with software, Desktop Computer, Color Printer, GPS Navigation System, Portable Gen Set, Mobile Van, Receiving Antenna, UPS Back up 60 Minute, DRM Commercial Radio Receiver, Laptop based DRM Receiver with Hardware/Software, Split Air-conditioner & Tech. Furniture. Electromechanical mast & DRM reference monitoring analyzer has been procured. The customization of mobile/survey van has been completed and Mobile Radio Van is ready for use.

**(D) Acoustic Group : Upgradation & Modernization of Acoustic Lab, under 11th plan project :**

The Acoustic lab is carrying out various acoustic measurements of acoustic materials
and newly constructed studios in All India Radio & Doordarshan as per existing national and international standards. During the period from 1st April 2018 to 31st October 2018, the following works have been carried out:

NRC & STC testing (for 14 nos. of samples) of acoustic material on commercial basis in respect of various Pvt firms/OEM and earned revenue amounting to Rs. 1,99,892/-

1. Renovation/replacement of Anechoic Chamber is nearing completion.

2. Noise measurement of NBH studios has been carried out

**IMRC, Todapur: Up gradation & Modernization of IMRC, Todapur, under 11th plan project:**

1. Active Receiving Antenna has been procured for IMRC, Todapur.

2. C-band RN terminal-2 Nos have been installed and commissioned at IMRC, Todapur.

**(E) DRM Lab:**

Development of Software Defined Radio and DRM receivers are under progress.

**(F) DTH Signal Monitoring Lab**

As per Doordarshan Directorate instruction and Central Govt. Notification S.O. 2693(E) dated 5th September, 2013 under sub-section(1) of section 8 of cable television Networks (Regulation) Act 1995, Research Department, AIR & Doordarshan had established a complete set up in January 2014 to monitor 25 nos. of Doordarshan” Must Carry channels “on various private DTH platforms i.e. Tata Sky, Dish TV, SUN Direct, Airtel, Reliance Big TV, Videocon D2H. The subjective assessment of audio & video quality of above private DTH service providers are being done in the DTH lab by Research Department. The monitoring of 25 nos. of mandatory channels on 6 nos. of private DTH platform means monitoring of total (25x6) i.e. 150 nos. of channels and comparing the quality with free Dish DD Channels. The monthly report in respect of above is being forwarded regularly to Doordarshan Directorate for onward submission to Prasar Bharati and I&B Ministry. If any mandatory DD channel as notified by the Central Govt. vide Notification S.O. 2693(E) dated 5th September, 2013 under sub-section(1) of section 8 of cable television Networks (Regulation) Act 1995, is not being shown by any DTH private provider, the same is intimated to Doordarshan Directorate and the service provider for taking necessary action. Research Department takes necessary action as per the directions of Doordarshan Directorate. Annual charges for recharges of DTH bouquet for viewing free channels on private platforms of approx. Rs 18000/- is being paid from OE head of R&D.
Engineering Zonal Offices headed by individual Additional Director General (Engg.) are located at Delhi, Mumbai, Kolkata and Chennai for project and maintenance activities. Additionally, another Zonal office at Guwahati is charged with the maintenance activities in the North-Eastern states. The various Doordarshan establishments are –Doordarshan Kendras (Studio Centres), High Power Transmitters (HPTs), Maintenance Centres, Low Power Transmitters (LPTs) & Very Low Power Transmitters (VLPTs).

**Present Technical Infrastructure**

Doordarshan has a vast network of 67 studio centres. The 67 studio centres across the country caters to the need of in-house programme production. These include 17 major studio centres at state capitals, a Regional Production Centre at Guwahati and 49 other studio centres located at various places in the country. Out of the 67 studio centres, 63 have already been made fully digital. The remaining 4 studio centres are analog.

Below is a depiction of the growth of DD network over the years. It may be noted that besides its studio infrastructure, Doordarshan also has 1108 terrestrial transmitters of varying powers. Doordarshan also provides free-to-air DTH service.

Terrestrial transmitter network of Doordarshan is mainly comprised of analog transmitters. New technologies employed by Doordarshan make it possible to transmit multiple TV Channels with a single Transmitter using Digital Terrestrial Transmission (DTT). This is in keeping with the global trend to convert Analog Terrestrial Transmission into DTT as this form has several advantages, like better quality of picture and sound, a larger number of channels for viewers etc. The closure of Analog Terrestrial transmitters in a phased manner and setting up of Digital Terrestrial Transmitters has been approved by Prasar Bharati in view of modern broadcasting trends. Accordingly, Doordarshan has started phasing out its analog transmitters in a phased manner. State-wise list of Studio centres is given at **Annexure-I**.

For terrestrial transmission, 1108 terrestrial transmitters of varying power are installed throughout length and breadth of the country. State-wise no. of transmitters is given at **Annexure II**.

A Committee was set up to review the continuation of Terrestrial analog TV Transmitters. The Committee recommended closure of 766 Analog Terrestrial Transmitters (ATT) in view of modern broadcasting trends. Prasar Bharati approved this closure of 766 ATTs in a phased manner and, accordingly, 268 ATTs have since been closed in the 1st Phase. Orders for the closure of 236 MLPTs/VLPTs/Transposers, which have completed 15 years of their useful life and 214 Transmitters (LPTs- 169, VLPTs- 45) have
been issued on 16.10.2018 and on 18.10.2018 respectively as part of the second phase of closure of ATTs.

For satellite communication, Doordarshan has adopted DVB-S and DVB-S2 standards with MPEG-2 and MPEG-4 compression technologies. Doordarshan is presently operating 34 satellite channels. Details are given at **Annexure III**.

**Significant developmental activities during this year are:**

a) Three, new, High Power Digital Terrestrial Transmitters (DTT) have been commissioned at Srinagar (J&K), Hyderabad (Telangana) and Thiruvananthapuram (Kerala). Digital HPTs have enabled relay of Multiple TV and Radio Channels.

b) A second lot of Digital Terrestrial Transmitters (DTT) have also been commissioned at Delhi, Mumbai, Kolkata and Chennai.

c) Integrated News Production Facility has been commissioned at the News Headquarter, New Delhi.

d) The old, ageing, High Power Transmitter (HPT) at Dibrugarh (Assam) has been replaced by new 10 KW HPT.

e) 56 High Definition Non Linear Editing Systems (NLEs) have been procured. Induction of these NLEs will enhance the post-production facilities of the beneficiary Kendras in their day-to-day programme production in HD mode.

f) New DSNG Vans provided at 09 locations (Gangtok, Kohima, Imphal, Agartala, Allahabad, Visakhapatnam, Chandigarh, Jagdalpur and Pune). These will strengthen the programme contribution capacities of these centres for the purpose of live telecasts.

g) After deployment of Spectrum, efficient DVB-S2, compliant Ku-band DSNGs, 12 MHz Ku-band transponder capacity on GSAT-16 Satellite has been surrendered. This will result in a saving of Rs. 2.98 crore annually.

h) Wireless Operating License (WOL) has been received from WPC for up-linking of GyanDarshan TV channel from Indira Gandhi National Open University (IGNOU) Earth station at New Delhi. IGNOU had entered into a MoU with Doordarshan.

**Major projects under implementation:**

a) Modernization of Earth Stations at Patna, Hyderabad, Bengaluru, DDK Delhi & CPC Delhi.

b) 16 Nos. of High Definition Non Linear Editing Systems (08 Locations) for ArunPrabha and Kisan Channels.

c) 10 KW Digital-ready UHF Analog TV Transmitters to be installed in Border Areas of Jammu, Srinagar & Leh regions.

d) Upgradation of Earth Stations at Raipur, Ranchi, Dehradun, Srinagar and Gorakhpur.

**High Definition TV (HDTV)**

Doordarshan’s migration to HDTV started with a pilot project on HDTV in 2007 and provided Electronic Field Production (EFP) Van and HDTV ENG Camcorders and Edit Suite at Delhi. The HD EFP van was used extensively during Commonwealth Games 2010.

Multi-camera HD studio production facilities have been set up and Multi-camera mobile facility for outdoor production equipped with 10 HD Cameras was provided at Delhi & Mumbai during the 11th plan. ENG-based field production, post-production and preview facilities have been provided at four Metro cities besides setting up of a playout facility at Delhi. Multi-camera mobile facilities, equipped with eight HD Cameras for outdoor production have also been provided at Chennai and Kolkata.

As part of 12th Plan schemes, a Multi Camera Studio Production facility in HDTV format has been setup at CPC, Delhi. HDTV Uplinking facility is available at DDK, Delhi.

**Human Resource Development**

NABM has been organizing and conducting trainings in the field of Radio and TV production and broadcasting for the engineering staff since the inception of the academy. Over the period of time NABM has emerged as the leading organization to impart training in the field of Radio and Television production, post-production and broadcasting and also as training hub for broadcasters in the Asia-Pacific region.
The academy has a library with collection of more than 7000 technical books. The academy has very good hostel facilities with 120 rooms. This is complemented by a regional academy at Shillong and very limited training facilities at RABM Malad.

More than thousand engineering personnel are trained every year by the academy. Apart from regular courses the following special courses/ seminars are also organised for DD staff.

I. Training programme for “Managing Self and leading others” for Senior Officers at MDI Gurgaon.
II. Executive Development Program for Senior Officers at UAA Nainital
III. Workshop on Electrical Design of Switchgear Assembly at L & T Vadodara.
IV. DTT Workshop at DDK Srinagar.

About 336 Doordarshan Engineering officers have been provided training in 27 training courses have been conducted between the months of April 2018 and October 2018. Besides, a course on “Summer Training for Engineering Students” in which Three hundred Twenty Four candidates participated and Industrial training for faculty of polytechnic in Maharashtra was also conducted. Twenty four members participated in this programme.

In addition, training is provided by the equipment manufactures at their facilities. About 188 engineering officers have been trained during current financial year against various A/Ts by the equipment manufacturers for new equipment being inducted in the network.

**Free-to-air DTH “DD Free Dish”**

Doordarshan launched its free-to-air DTH service “DD Free Dish” (Earlier DD Direct+) in December, 2004 with a bouquet of 33 TV channels. The capacity of DTH Platform was subsequently augmented to 59 TV channels. DTH signals can be received anywhere in the country (except Andaman & Nicobar Islands) with the help of small-sized dish receiver units. DTH service in C-band with a bouquet of 10 channels was started with effect from September, 2009 in the Andaman & Nicobar Islands. The upgradation of Doordarshan’s DTH Platform “DD Free Dish” from 59 to 104 channels was completed in December, 2014 and presently, 80 TV channels are available on DTH platform.

DD Free Dish DTH Platform has also been upgraded for 104 TV Channels, using MPEG-4 DVB-S2 Technology. Installation, testing and commissioning of iCAS developed by Ministry of Electronics & Information Technology for the DD Free Dish DTH Platform has been completed. Besides, Doordarshan has also launched iCAS enabled new generation ‘Set Top Boxes’ to provide addressability and Value Added Services to viewers. Eleven Indian Set-Top-Box manufacturers have been empanelled to sell/ distribute iCAS enabled DD Free Dish Set-Top-Boxes.

Further upgradation of DD’s DTH platform up to 250 TV channels has been approved under 12th Plan.

Brief details of DD Free Dish channels as on 01.11.2018 are given at Annexure-IV.

**Digitalization of Terrestrial Transmitters**

DDT facilitates transmission of multiple high quality channels that can be received on a variety of devices like fixed TV, Mobiles, Laptops and Tablets etc.

As part of 11th and 12th Plan projects, 63 DTT Transmitters have been approved to be set up in different parts of the country in a phased manner. In the first phase, 19 DTT transmitters, one each at Delhi, Kolkata, Mumbai, Chennai, Patna, Ahmedabad, Raipur, Lucknow, Bhopal, Guwahati, Indore, Bengaluru, Jalandhar, Ranchi, Cuttack, Aurangabad (Mah.), Hyderabad, Thiruvananthapuram and Srinagar have been commissioned. These DTT transmitters are relaying 5 DD channels namely, DD National, DD News, DD Bharati, DD Sports & DD Kisan/Regional. A second Digital Terrestrial TV Transmitter (DTT) have also been commissioned at Delhi, Mumbai, Kolkata and Chennai. Locations of 63 DTT Transmitters are given at Annexure-V.

"New Media Wing" functions as information serving unit for the Ministry of Information & Broadcasting. It provides background, reference and research material for use of the Ministry, its media units and others engaged in mass communication. The Wing also provides functional and operational support to New Media Cell of I & B Ministry in handling social media, digital media publicity, public information and mass communication.

The Wing also organizes training on communication aspects and assists other Ministries and state governments on social media handlings and public outreach.

Organisational Setup

New Media Wing (NMW) is headquartered at Soochna Bhawan, CGO Complex, Lodhi Road, New Delhi - 110003 and has a post of Director General, assisted by a Director, a Deputy Director, Assistant Director and supporting staff. The Additional Director General, Electronic Media Monitoring Centre, (EMMC) holds additional charge of New Media Wing.

Activities of New Media Wing since April 2018

1. Social Media

1.1 Introduction:

Social Media in recent times has become an effective means of diverse interactions amongst people at large. Due to its interactive nature, Government's engagement with the citizens for providing information and getting feedback from them has been made efficient, of late, through various social media platforms. New Media Wing (NMW) of the Ministry of Information and Broadcasting has been enabling these interactions by acting as an interface between Government and public at large in the virtual world.

Statistics related to social media handles of the Ministry is summarized in the table below. Figures are as on November, 2018.

Twitter handle @MIB_India of the Ministry generates an average of 2M impressions each month and YouTube channels gets 500K views per month. Content on Facebook page of the Ministry reaches more than 389 K users every month on an average.

1.2 Social Media Interactions

Social media interactions in two different formats; Talkathon and #FaceToFace/ Facebook Live have served as a platform for direct communication between the Ministers and decision makers with the general public.

Live social media interactions have been a unique initiative of the New Media Wing. Such interactions have provided an opportunity to Ministers and other dignitaries to get connected to public on a real time basis, where they respond to queries of public received through social media platforms-Twitter, Facebook etc. Policy makers
were able to get involved with citizens and latter was able to share their views, questions to panelist or guest at the same time through such interactions. Four such interactions were organized during the course of International Film Festival of India 2018.

1.3 Coverage of Events and Programmes

NMW has been able to leverage social media accounts of the Ministry for publicity and information dissemination for several events and programmes of Government of India.

NMW has supported various social media campaigns of the Government like Swachh Bharat Mission, Poshan Abhiyan. Social media suitable content are created to populate on platforms in such occasions of campaigns. All such activities were also coordinated with other departments to bring out a multiplier effect.

With regard to the publicity of I & B Ministry, activities like 65th National Film Award and Mahatma Gandhi multi-media exhibition of Bureau of Outreach and Communication were publicized across the social media platforms. NMW undertook a leading role for the social media publicity of Asia Meet Summit held in India during 10-12 May, 2018.

Face to Face, a social media interactive programme organized by New Media Wing, during the 49th International Film Festival of India (IFFI 2018), in Panaji, Goa.
New Media Wing comprehensively covered the International Film Festival of India 2018 on all major social media platforms. The activities had a tremendous impact on Twitter, Facebook, Instagram and YouTube that helped netizens to be part of the festival virtually. The Wing conducted four live social media interactions, namely #FaceToFace, with eminent film personalities. The series of tweets on IFFI 2018 from handles of the Ministry (@MIB_India and @MIB_Hindi) has generated an impression of 1.2 M whereas the Facebook post has got a reach of 1.25 M.

Social media publicity of policies and programmes of Government and events of national importance such as Independence Day and Mann Ki Baat are covered on regular basis by NMW. NMW also publicises Cabinet Briefings, Press Conferences and Press releases on social media.

2. India-A Reference Annual

Every year the Division compiles a reference book, ‘India-A Reference Annual’, on developments and progresses made by Central Ministries/Departments, States/Union Territory Administrations and PSUs/Autonomous bodies. It serves as a valuable source of information on diverse aspects of the country, its polity, economy, society and culture based on the inputs received from the ministries, departments and states of India. It is simultaneously published in Hindi titled as ‘Bharat’. India 2018 and Bharat 2018, the reference annuals were released on February 27, 2018 by Union Minister for Information and Broadcasting. Compilation of India - A Reference Annual for the year 2019 is in its final stage.

3. Training

The Wing organized a two day social media training module for Indian Information Service officers. The training was led by experts from Facebook, Twitter, Instagram and Brandwatch.

4. Progressive use of Official Language Hindi as part of implementation of Official Language

Use of Hindi in official matters is encouraged in NMW. Quarterly meetings of the Hindi Committee in the Wing are held under the chairmanship of the Additional Director General. ‘Hindi Karyashala’ is organized every quarter for the benefit of the staff and for promoting the use of Hindi in official work. Hindi ‘Pakhwada’ was organized this year from September 14 to 28 in which various competitions were held.

5. Right to Information

A CPIO and a nodal officer have been appointed and Appellate Authority has been designated to provide information to persons seeking information under the RTI Act and as per instructions of DoPT.
6. **Reservation for Persons with Disabilities**

- “The Persons with Disabilities (Equal Opportunities, Protection of Rights and Full Participation) Act, 1995”, is an effort to ensure equal opportunities for persons with disabilities and their full participation in nation building.

- The New Media Wing has taken all requisite measures for implementation of reservation of PWDs, all relevant policy decisions and instructions issued by DoPT from time to time are being followed

ELECTRONIC MEDIA MONITORING CENTRE

Television channels play a significant role in the communication sector with a vast reach catering to people of varied ages, culture and background and therefore involves content of diverse nature. To protect consumers from undesirable content being aired by television channels, a norm followed by almost all leading democracies in the world, in India, the Electronic Media Monitoring Centre (EMMC) is entrusted with the task of monitoring the content being aired by TV channels for any violation of Programme and Advertising Codes under the Cable Television Network (Regulation) Act, 1995. One of the youngest and futuristic media units, EMMC is set-up with advanced technologies to monitor, record and analyse broadcast content.

The need to monitor content arises in response to complaints against invasion of raunchy reality shows, talk shows, ribald news, documentaries and soap operas in television. Similarly, television influences the lives of young children in a big way, who are exposed to violence and anomalous culture through television at home. CCTV and mobile recorded videos of real-life violence also gets aired frequently and gets played repeatedly on news channels. Not only children, even adult audience find such content disturbing. Many a times, the identities of women and children who are victims of harassment are disclosed during coverage of such issues. The trauma which can be created by wide telecast of such details is a matter of concern.

16. BECIL’S PARTICIPATION IN 15TH ASIA MEDIA SUMMIT AND OTHER PROGRAMMES

The Minister of State for Youth Affairs and Sports (I/C) and Information & Broadcasting, Col. Rajyavardhan Rathore in a group photograph at the concluding session of the 15th Asia Media Summit, in New Delhi on May 11, 2018.

Activities Under Broadcasting Sector
Similarly, advertisement a key part of Indian television industry influences decisions to buy a product. In view of deceptive or misleading advertisements and advertisements of unhealthy products like tobacco and liquor, the Government of India has always endeavored to curb or restrict advertisements of such products by bringing in appropriate legislations, orders and directives. Ministry of Information & Broadcasting has cautioned that advertisements should not dwell on a product’s seemingly miraculous properties that cannot be proven, in consonance with Rule 7(5) of the Advertising Code of the Cable Television Networks Rules, 1994 enshrined under the Cable Television Networks (Regulation) Act, 1995.

EMMC has the technical facility to record and monitor the content of 900 channels, beaming over the Indian Territory, so that any violations of Programme and Advertising Codes framed under the Cable Television Network (Regulation) Act, 1995 could be checked. Currently all the permitted channels are monitored by EMMC. Apart from Cable Television Networks (Regulation) Act, 1995 and Rules framed thereunder which identifies several codes which must be adhered to by all broadcasting entities, the revised up-linking guidelines and down linking guidelines for channels beamed in India also require monitoring of content for possible violations and remedial measures thereto. EMMC puts out reports on alleged violations along with recorded clips to the Scrutiny Committee, which examines the purported violations and forwards its findings to the Inter-Ministerial Committee and other bodies for action.

EMMC identifies topical matters of immense public importance and reports them to the Ministry for evaluation and for taking appropriate action. It also prepares and submits special reports to the Ministry on topics desired by the Government. EMMC also monitors Community Radio Stations (CRS) as and when instructed by the Ministry.

**Some of the major achievements of EMMC:**

EMMC performed the following significant tasks:

- Monitoring of Assembly Elections: EMMC monitored the electronic media coverage of election management-related news during Assembly elections in Karnataka, Chhattisgarh, Madhya Pradesh, Mizoram, Rajasthan and Telangana during 2018. SMS alerts on major happenings during the day of polling and one day prior to polling were also sent to the Election Commission of India.
EMMC also prepared Comparative analyses of the wide coverage given by various news channels to various programmes and events like the special broadcast of PM’s radio broadcast ‘Mann Ki Baat’.

Playing pivotal role in the Crisis Management Plan of the Union Government: SMS alerts of EMMC are linked to the Control Room of the Ministry of Home Affairs through a dedicated RAX line. HoD, EMMC, is designated as Nodal Officer for the Crisis Management Measures to upgrade the efficacy of Government’s Control and Response System.

Content Analysis Report: EMMC also provided comparative analyses of the coverage given by various news channels to various programmes and events.

Social-Cultural Activities: EMMC organised various social-cultural programmes in the office during 2018-19. A series of events viz. Yoga Day celebrations, Hindi Pakhwada, Constitutional day celebrations etc. Speech and essay writing competitions were held as part of observing ‘Swachhata Hi Seva’ in September 2018 and Vigilance Awareness Week in October 2018. Competitions were held among non-Hindi speaking employees also. Communal Harmony week was also vigorously observed in November 2018.
Opening Ceremony of International Film Festival of India (IFFI), 2018.
ACTIVITIES UNDER FILMS SECTOR

FILMS DIVISION

In the last 100 years of Indian Cinema, a lot of historical material suitable for the film museum has been destroyed, damaged or simply not taken care of properly owing to a lack of proper and relevant restoration and preservation facilities. Hence, the need for an institution that will collate, preserve, archive and put on display films, film information, equipment and memorabilia for now and posterity was felt by the Ministry of Information & Broadcasting and a decision of establishing National Museum of Indian Cinema (NMIC) was taken. The NMIC has been constructed in the Films Division Complex, Mumbai. Shri Narendra Modi, Hon’ble Prime Minister of India inaugurated NMIC on 19.01.2019.

The Film Museum will not only provide a storehouse of information to the layman, but it will also help film makers, film students, enthusiasts and critics to know the development of cinema as a medium of artistic expression not only in the country but in all parts of the world. Till now, as there is no Film Museum in India other than NMIC.

Films Division over the last 68 years has been motivating Indian public to participate in nation building activities. The aims and objectives of Films Division are to educate and motivate masses in implementation of national programmes and to project the image of the land and the heritage of the country to Indian and foreign audiences. Films Division produces documentaries, short and animation films and news magazines catering to cinema theatres and to non-theatrical circuits like units of the Directorate of Field Publicity, Doordarshan, Educational Institutions, Film Societies and voluntary organizations. National Museum of Indian Cinemas (NMIC) is the newest addition to the Films Division Complex. Construction and setting up of display galleries
in the Museum has been completed by NBCC and National Council of Science Museums (NCSM) respectively.

CHILDREN’S FILM SOCIETY, INDIA

Introduction / Overview

Children’s Film Society, India (CFSI) was established in May 1955 under the aegis of the Ministry of Information & Broadcasting, Government of India, on the recommendations of Film Inquiry Committee (1949) at the instance of the then Prime Minister, Pt. Jawaharlal Nehru whose concern for children requires no amplification. The organization is registered under the Societies Registration Act XXI of 1860 with the main objective of providing children and young people with ‘value based’ entertainment through the medium of films.

The Chairman, who is an eminent personality in the field of cinema, heads the Society. The Chairman is also the head of the Executive Council and the General Body, members of which are nominated by the Government of India. The Chief Executive Officer, who has under him all heads of Department, handles the day-to-day functions of Administration, Production, Marketing and Accounts Dept.

The headquarters of CFSI is located at Mumbai with branch offices at New Delhi and Chennai.

**NATIONAL FILM ARCHIVE OF INDIA**

**Overview**

The need for preserving film as art and historical document has been recognized all over the world. The task of preserving cinema in all its varied expressions and forms is best entrusted to a national organization having adequate resources, a permanent set-up and the confidence of the local film industry. Thus, the National Film Archive of India was established as an independent media unit under the Ministry of Information and Broadcasting. The National Film Archive of India is the outcome of the Government’s realization that films are as valuable as books and other historical documents and that the country’s film heritage needs to be preserved for the posterity.

In addition to the primary charter of acquiring and preserving the heritage of Indian Cinema, it is also one of the declared objectives of the Archive to ensure that the Cultural presence of the Indian Cinema is made more visible across the globe.

Moving image heritage of every Society is important and is very much part of its cultural heritage. The preservation of moving image heritage is accorded top priority in most countries. The support being extended by International organizations like UNESCO for safeguarding moving image heritage, member countries is a testimony to the importance of the activity. In India NFAI is the only organization entrusted with the task of acquiring and preserving India’s rich and varied cinematic heritage.

Thus, the National Film Archive of India was established as a media unit under the Ministry of Information and Broadcasting in February, 1964 with the following aims and objectives:

1. To trace, acquire and preserve for posterity the heritage of National cinema and build up a representative collection of World Cinema;
2. To classify and document data related to film, undertake and encourage research on cinema and publish and distribute them;
3. To act as a centre for dissemination of film culture in the country and to ensure the cultural presence of Indian cinema abroad.

**Film Acquisition Policy of NFAI**

- Films which are awarded prizes and certificates of merit in the State Awards for Films in India and in International Film Festivals.
- Films shown in the Indian Panorama section of International Film Festivals.
- All films which have been popular at box office and seen by large audiences in India and abroad.
- Film adaptations of well-known literary works both Indian and foreign.
- Films shot in Indian and foreign locales and made either by Indian or foreign nationals.
- All films financed/produced by NFDC and other Government organizations.
- Representative examples of good children’s films.
- Actuality material recorded in news coverage done by Indian and foreign production set ups.
- Documentaries of historical importance made by Government and private agencies.

**Jayakar Bungalow:-**

“Jayakar Bungalow” in the premises of NFAI’s main campus at Law College Road is a structure classified as heritage structure by the Pune Municipal Corporation. It is the building in which the Barrister Mukul R. Jayakar used to stay. Barrister Mukul Jaykar was a renowned educationist and legal luminary was the first Vice-Chancellor of Pune University and made immense contributions to the rich heritage of Pune. The building has a decent solid structure in stone with wooden staircase and windows.

From its modest beginnings in 1964 when it was housed in small sheds with make-shift vaults in the premises of the Film Institute of India, Pune, NFAI office shifted to Jaykar Bungalow in May, 1974 with its staff started working in Jaykar
Bungalow. The Jayakar Bungalow was acquired by NFAI along with two acre of land in March, 1981 from Indian Law Society. In Jaykar Bungalow, NFAI had its office till January, 1994 when it moved into a new building in the same premises, where film vaults designed according to international film preservation standards, a reasonably well-equipped preservation department, a well-stocked book and periodical library and a cataloguing, research and documentation centre which contains a precious collection of cinema posters, stills and other ancillary material are also housed. The archive has 3 Cinema auditoriums for the public screening of films from its collection.

The Jayakar Bungalow is historically important for the country due to its heritage value and therefore needed to be preserved in good condition for posterity. The Government of India has allocated Rs. 9 crore and it is proposed to utilize this Jayakar Bungalow by setting up digital library. The scheme would involve suitable preservation work of the building and setting up of the required infrastructure for digital library.

Important Acquisitions in recent past:-

A major highlight of the year was the addition of negatives of 21 Films of iconic RK Studio.

**CENTRAL BOARD OF FILM CERTIFICATION**

**INTRODUCTION**

1. The production and exhibition of films occupy an important place in the field of culture as those...
are most widely appreciated and democratic form of arts. Films play a significant role in shaping public opinion, imparting knowledge and understanding of culture and traditions of people across various regions. Production of feature films in the country is mostly in the private sector.

2. Our Constitution guarantees freedom of speech and expression as a fundamental right but subjects it to reasonable restrictions. These restrictions are placed in the interest of the “sovereignty and integrity of India, security of the State, friendly relations with foreign States, public order, decency and morality and in relation to contempt of Court, defamation or incitement to any offence.” Keeping in view these provisions of the Constitution, the basic principles for the guidance of the Board in certifying films for public exhibition in India are laid down in the Cinematograph Act 1952. Further, directions (guidelines) have been issued by the Central Government under section 5B (2) of the Act setting out the principles in further detail for determining the suitability of films for public exhibition.

3. The Board of Film Censors, which has been re-named as the Central Board of Film Certification from 1-6-1983 has been set up by the Central Government under Section 3 of the Cinematograph Act 1952 for the purpose of sanctioning films for public exhibition. The present Board consists of a Chairperson and 12 non-official members, appointed by the Central Government. The Board is nominated from time to time with subsequent notifications for appointment of Board Members.

4. The Board functions with its headquarters at Mumbai and nine regional offices at Mumbai, Chennai, Kolkata, Bengaluru, Hyderabad, Thiruvananthapuram, Delhi, Cuttack and Guwahati. The regional offices are headed by Regional Officers/ Addl. Regional Officer and are assisted by Advisory Panels in the examination of films. The members of the Board and the Advisory Panels represent a cross-section of the society and include people from all walks of lives like educationists, social workers, housewives, film personalities, doctors, journalists etc.

5. Films considered suitable for unrestricted public exhibition are granted “U” certificates. Films which are suitable for unrestricted public exhibition but contain some material which require parental guidance for children below 12 years, are granted “UA” certificates, with a caution to parents to that effect. Films which are found unsuitable for exhibition to non-adults are granted “A” certificates. Those considered unsuitable for the general public, but suitable for exhibition to specialized audiences such as doctors etc. are granted “S” certificates. Films considered unsuitable for public exhibition are not granted certificates.

CERTIFICATION OF FILMS

6. India continued to be one of the major film producing countries in the world. A steady increase was observed in the figures of Indian feature films certified over the years.

During the period April, 2018 to December, 2018, the Board issued a total 17014 certificates out of which ‘Nil’ certificates were issued to celluloid films, 6122 certificates to video films and 10892 certificates were issued to digital films.

DIGITAL

A total of 10892 certificates were issued to Digital films during period April, 2018 to December, 2018. Out of these, 1843 certificates were issued to Indian Feature Films, 221 to Foreign Feature films, 8423 to Indian short films and 405 to Foreign short films.

VIDEO

Similarly, out of 6122 certificates, 591 certificates were issued to Indian Feature films, 485 to Foreign Feature films, 4849 to Indian Short films and 197 to Foreign short films.

CELLULOID

In Celluloid format, ‘Nil’ certificates were issued.

A statement indicating certificate-wise and category-wise details of films certified during the period April 2018 to December 2018 is at Annexure I.
7. **Annexure II and III** states region-wise and thematic classification data of Indian Feature Celluloid films. **Annexure IV** states region-wise and language-wise data of Indian Feature Digital films. Hindi language continued to be highest produced language followed by Kannada, Telugu, Malayalam, Tamil and so on. **Annexure V** states thematic classification of Indian Feature Digital films, **Annexure VI** explains Region-wise and Country-wise information of Foreign Feature Digital films and **Annexure VII** contains thematic classification data of Foreign Feature Digital films.

**BOARD MEETING/ REGIONAL OFFICERS’ MEETING**

8. During the period, One Board Meeting-cum-workshop was held. The details are as below :
   
i) The 145th Board Meeting-cum-workshop was held at Mumbai on 21st September, 2018 at Hotel Trident, BKC. The Board meeting was presided over by Shri Prasoon Joshi, Chairman, CBFC.
   
i) Regional Officers’ Meeting was held on 21st September, 2018 at Hotel Trident, BKC, Mumbai.

**IMPORTANT EVENTS**

9. i) Workshop for the Advisory Panel Members, Mumbai was held on 20th September, 2018 at Hotel Trident, BKC, Mumbai. The workshop was presided over by Shri Prasoon Joshi, Chairman, CBFC. The workshop was also attended by the Board Members of CBFC.

**COMPLAINTS**

10. CBFC continued to receive complaints over certification of films from the public. The complaints mainly dealt with the subject of sex, religion, violence on screen etc. Most of these complaints were general in nature, which were duly taken into consideration on the basis of their merit, in the process of certification.

**CENSORSHIP VIOLATIONS**

11. During April 2018 to December 2018, there
were some reports of censorship violation at the stage of exhibition of films. However, most of these cases of violations were related to interpolation in films. The censorship violations indulged in by sections of the film industry are broadly of five types viz.

a) Insertion of the portions deleted by CBFC in films during public exhibition.

b) Insertion of portion not shown to the Board in a certified film,

c) Insertion of excerpts (bits) in a certified film.

d) Exhibition of uncensored films, with forged certificates, and

e) Exhibition of films without censor certificates.

The cases of interpolation in films are usually detected at various places and if detected, these were sent to competent authorities for necessary action. During the period, there was one case of interpolation at Mumbai region and the film was titled ‘Saint Nerry Marathi Medium’ (Marathi). The said film was being exhibited with forged CBFC certificate. The case was reported to Mumbai Police and is presently under investigation by the authorities.

CERTIFICATION FEES

12. An amount of Rs. 10,12,28,930/- was collected towards certification fees.

IMPORTANT COMMUNICATION

14. i) An Important Communication No. 15 dated 25th May, 2018 was issued regarding duration of display of CBFC certificate.

ii) A communication dated 26-11-2018 was issued regarding insertion of new health spot (anti smoking and anti tobacco) in films having visuals of smoking.

**NATIONAL FILM DEVELOPMENT CORPORATION LIMITED**

Incorporated in the year 1975, the National Film Development Corporation Ltd. was set up by the Government of India with the primary objective of planning, promoting and organizing an integrated and efficient development of the Indian film industry in accordance with the national economic policy and objectives laid down by the Central Government from time to time. NFDC was reincorporated in the year 1980 by merging the Film Finance Corporation (FFC) and Indian Motion Picture Export Corporation (IMPEC) with NFDC. Since inception, NFDC has funded/produced over 300 films in more than 21 regional languages, many of which have earned wide acclaim and won national/international awards.

NFDC also provides 360 degrees of integrated marketing solutions for Government Agencies and produces advertisements, documentaries, short films, TV series, web advertisements, radio series and thematic musical anthems.

During the year under review, NFDC continue to enhance its forte across various verticals of the Media & Entertainment Industry covering production and distribution of films under the brand Cinemas of India, production of advertisement, short and corporate films for various government agencies, film exhibition, restoration, Film Bazaar, training in digital non-linear editing, cinematography, subtitling etc.

As a film development agency, NFDC is responsible for facilitating growth in areas/segments of the film industry that not only have a cultural bearing but also in areas which cannot be taken by private enterprises due to commercial exigencies, thereby facilitating a balanced growth of the Industry. However, even while its role in the Indian film industry is largely developmental, as a Public-Sector Enterprise, NFDC also has a corporate mandate and is responsible for generating a healthy balance sheet.

**PRODUCTION**

The Film Production Department produces/co-produces feature films that reflect the diversity in Indian Cinema, under the 11th and 12th Five Year Plan Scheme of the Ministry of Information and Broadcasting, titled “Production of films in various Indian languages”. Under the said Scheme, NFDC produces & co-produces films under its extant guidelines for film production, whereby it encourages debutant filmmakers by undertaking 100% production of their first feature film and co-production of good quality films in partnership with private players both from India and abroad.

- The Production Department’s mandate is to support and drive NFDC’s mission to create artistic movies with a view to foster excellence in cinema and promote Indian culture through the Cinemas of India. Thus with a view to encourage production of good quality and socially relevant films in various Indian languages an MoU has been signed on 01.08.2016 by NFDC for implementing the Ministry of I&B’s 12th Plan Scheme and subsequent schemes for “Production of films in various Indian languages". NFDC has received the Ministry’s in-principle approval to commence the activities for film production under the said scheme vide its letter dated 6th November 2018. Accordingly, the call for entries has been launched on 08.12.2018 on NFDC website and press advertisement.

- The feature film *Beyond the Known World*, coproduced by NFDC under the 12th Five Year Plan Scheme, is the first official Indo-New Zealand co-production, directed by Pan Nalin, is under post-production. This coproduction illustrates NFDC’s endeavor to support, through production and collaboration, a community of versatile and emerging filmmakers who embody diversity, innovation, and uniqueness.
• The co-production of the film “Angrezi Mein Kehte Hain” was a unique experiment in gap financing by NFDC. It was released theatrically on pan India basis on 18th May 2018 and had a digital premier on Amazon.

**DISTRIBUTION**

NFDC’s distribution department is responsible for release of a film across traditional platforms (Theatrical, Television, Home Video and Airlines) and fast-emerging platforms (Video-on-demand, DTH and Mobile).

• **Theatrical distribution**

NFDC will have a look at deserving projects that may feature as part of the annual film market Film Bazaar programs as these projects are in various stages of development and in need of financial or artistic assistance, theatrical support, film festivals, distribution etc. The department has identified certain projects that may be in alignment with the production mandate of the organization.

• **Video on Demand Platform: cinemasofindia.com**

Launched in 2012, NFDC’s official VOD platform streams NFDC and acquired titles all year around on subscription basis. In the coming year, New Titles will see a well marketed VOD Release. The focus for the VOD platform is Institutional Subscriptions offered to institutes world over wherein subscribers will get access to the films from anywhere in the world for a fee for institutions and universities.

• **Syndication**

Television - NFDC’s partnerships with partner channels/broadcasters (Zee, Star and others) for showcasing/broadcasting NFDC films will be maintained.

Digital/DTH - NFDC titles are available on all leading platforms such as Netflix, Amazon Prime Video, Hotstar, Jio Cinema and there are plans to strengthen relationships with existing players and forge new relationships with other emerging/established platforms.

• **Home Video**

NFDC will renew its agreement with Shemaroo Entertainment, one of India’s leading M&E company, for continued association on NFDC titles. Previously, 98+ titles were released in collaboration with Shemaroo.

• **International Film Markets and Sales**

Distribution department continues its representation at all major film markets across the globe and build brand NFDC across all renowned markets such as Venice, Cannes, AFM, EFM, HKTDC etc. and build great relationships with A-list festival programmers, International sales agents/distributors and journalists of repute. NFDC envisions collaborating with International distributors, channels, Television firms & digital platforms of repute to monetize its titles on, TV, VOD and others.

**PREVIEW THEATRE**

NFDC gives on hire its 81 seaters Preview Theatre at Mumbai and 100 seaters Preview Theatre at Chennai, for exhibition of films to various government/non-government clients. The theatres are equipped with latest technology to show films in analog and digital platforms, including 3D projection facilities. The recent film festival conducted at Tagore Film Centre includes Russian, Japanese and Korean Film Festivals. In December 2018, Chennai International Film Festival is being associated with the Indo Cine Appreciation Foundation (ICAF). NFDC is associating with film societies/embassies to conduct film festivals on a regular basis.

• **Art House Theatre and Film Culture Centre, Bandra**

Intended as India’s first ever Cinematheque NFDC’s Art House Theatre and Film Culture Centre is proposed as a centre for the Arts & the Community of Cinema converge. It is proposed to bring together viewing, research & academics and conservation of cinema across multiple spaces in Art House Theatre and Film Culture Centre, Bandra, Mumbai.
FESTIVALS AND OUTREACH

- Facilitation of Screenings of NFDC films at multiple events throughout the year including, Courtilsane Film Festival, Ghent Belgium, Essay International Film Festival, London, Indian Habitat Centre, IIT Madras, Kiran Nadar Museum of Art, Bihar State Film Development & Finance Corporation, Kerala Literature Festival, collaborations with 1018mb.com.

OVERSEAS PROMOTION AND MARKETING

The Overseas division works towards building the presence of Indian Cinema at International Film Festivals & Markets. With International Film community’s ever-increasing interest in Indian Cinema, the division primarily focuses on promoting and showcasing Cinemas of India and Indian talent at International Film Festivals & Markets. The division has also fostered partnerships with private and government film institutions from across the world. During the year under report, NFDC participated in Cannes Film Festival, France, American Film Market, and USA.

FILM BAZAAR

- Film Bazaar 2018 was organized by NFDC in Goa during the period from 20-24 November 2018 alongside International Film Festival of India. The Film Bazaar is a platform exclusively created to encourage collaboration between the International and South Asian film fraternity. This is a converging point for film buyers and sellers from all over the world; the Bazaar also aims at facilitating the sales of world cinema in the South Asian region. Film Bazaar 2018 witnessed participation from 28 countries as against 18 countries in its first Film Bazaar held in 2007.

- The Film Bazaar has now become a focal point for South Asian filmmakers to present their stories to the international & domestic film fraternities. In addition, the event has become a must attend in the annual calendars of International sales agents, producers, distributors; film festival programmers and film funds. Last but not least, it is also becoming an event where Industry professionals are coming to learn about the future trends in the business and also to identify and partner with the next big film/filmmaker.

- The year 2018 saw a very exciting line-up of projects submitted for the Co-production Market, and Work-in-Progress Labs from filmmakers/producers in USA, Germany, Bangladesh, Sri Lanka, Australia, China.

- Five films were awarded at Film Bazaar. Three films were given the Prasad Post Production and Moviefuff Appreciation Award (DI+DCP Award) - Nimtoh (Invitation) directed by Saurav Rai, Rukunhi Koina (The Holy Bride) directed by Jadab Mahanta, Ajeeb Budheee Aurat (Strange Old Lady) directed by Kislay, while two films won the Facebook award - Eb Allay Ooo! directed by Prateek Vats and Aamis (Ravening) by Bhaskar Hazarika.

TRAINING AND DEVELOPMENT

- NFDC set up a Training & Development Department in 2012, which has been devised to address the gap in the area of mid-career training opportunities in the film sector. It has been established under the brand NFDC Labs to deliver a key output for the Indian film community: training for professional filmmakers, providing workshops and master classes in core disciplines – directing, writing, editing, cinematography and producing.

NFDC LABS

NFDC in 2012 set up a brand name NFDC Labs, to deliver a key output for the Indian film community: training for professional filmmakers, providing workshops and master classes in core disciplines – directing, writing, editing, cinematography and producing to address the gap in the area of mid-career training opportunities in the film sector.

- Script development labs focus on story, screenplay and character development to assist writers enhance their screenwriting technique with the help of national and International
SKILL DEVELOPMENT TRAINING

- Under the Skill India Mission the training division in the Chennai Regional Office is conducting various media related training programme for the unemployed youth in the southern states where it has imparted short term training and vocational courses to more than 14000 youth in the sphere of Animation, Camera, Editing, Multimedia, Photography and Audio Engineering. It is estimated that around 70% of youth who have undergone this training programme have since found employment.

- Skill training is also provided to SC/STs and socially backward classes, inclusion of women, minorities, and differently abled persons by creating adequate employment opportunities in the Media and Entertainment industry. Students in state higher educational institutions are provided the vocational training in media through Rashtriya Uchchatar Shiksha Abhiyan (RUSA), a Centrally Sponsored Scheme.

- Under the state sponsored scheme, NFDC have imparted the skill development training in media for 1593 candidates for the financial year 2018-19 (Up to November 2018).

MEDIA CAMPAIGN

NFDC has been re-notified as an agency to carry out audio-visual media campaigns of Ministries/Departments from 2015. NFDC’s continuous effort and timely services has turned many of the ministries /departments to avail its services for their media publicity campaigns.

- Digitalization of Media Operations:

NFDC has implemented a Media Operation application in order to ensure transparency, efficiency and effective compliance of media planning and media related activities in accordance with the electronic media policy.

The entire planning, billing and payment processes are integrated through this media software to provide complete error free solution. This has helped eliminated the manual process of issuing of release orders, bill verification, payments etc. and has become simple, faster and efficient in delivery to the client ministries and the electronic media agencies. This will ensure timely payment to the media agencies provided the funds from the client ministries are received in time.

Recently, NFDC has entered into an agreement with BARC to maximize the impact of the Client’s advertising budgets through the use of a range of media platform and also for conducting third party verification of broadcast of TV spots.

FILM FACILITATION OFFICE (FFO)

Since its inception in November 2015, the FFO has been working towards promoting and facilitating film shootings by foreign filmmakers in India, with its services now extended to Indian filmmakers as well. It has been proactively engaging with all Nodal officers at the State as well as Central level through collaborations with key stakeholder Central Government Ministries/Departments - Ministry of Home Affairs, Ministry of External Affairs, Ministry of Defence, Ministry of Tourism, Ministry of Railways, Ministry of Civil Aviation, Border Security Force, Central Board of Excise and Customs, Airports Authority of India, among others, thus, playing an active role in helping the Government machinery to create a film friendly eco-system and policies.

- Launch of the FFO Web Portal

As part of its mandate and in an endeavour to reach out to the filming fraternity across the globe, the FFO set up its web portal, that was launched by the Hon’ble Minister of State for Information & Broadcasting, Col. Rajyavardhan Rathore, on 20th November 2018 at the inaugural ceremony of the 49th International Film Festival of India (IFFI).

The portal not only enables online submission of applications for international filmmakers, but also enlists India’s co-production treaties and guidelines of key central government Ministries/ departments. In addition to this, the portal also showcases a locations directory, database of the talent available in the Indian film industry, its filming hubs, and integrates with other such portals.
developed by State governments. The FFO portal has been designed and developed with a view to be a single point for all filming related information in the country, leading to greater ease of navigation, and thereby, easing filming in the country.

- **Focused two-day Workshop on ‘Ease of Filming’ in India**

  FFO organized a two-day workshop on 21st-22nd November 2018, on ‘Ease of Filming’, at the Film Bazaar 2018. The workshops witnessed participation of key industry stakeholders and nodal officers from 11 States - Andhra Pradesh, Delhi, Gujarat, Karnataka, Lakshadweep, Rajasthan, Telangana, Uttar Pradesh, and Uttarakhand as well as Assam and Odisha, who came specially to participate in the workshop.

- **Participation in Global Exhibition on Services**

  The FFO participated in Global Exhibition on Services (GES) as part of the Ministry of Information & Broadcasting’s pavilion from 15th to 18th May 2018 in Mumbai. GES, a global platform showcasing India’s services, saw the presence of a number of international delegations and participants from the global media and entertainment industry, which was a champion sector at the GES. In an endeavour to promote filming in India, the FFO showcased a ‘Film on the Multiplier Effect of Filming in the Country’, as well as disseminated information regarding India’s co-production treaties and incentives offered by Indian States to the visiting domestic and international delegates. A session on ‘India’s Entertainment Industry – A Global Powerhouse’ was conducted wherein Shri G.C. Aron, Director (Films), Ministry of I&B shared the government’s initiatives of easing filming in India which is being implemented through FFO.

- **Meetings with key Central Ministries**

  Over the past few months, the FFO met with Nodal officers of the following stakeholder Ministries, to collect data and information for the FFO web portal as well as deliberate on the issues faced by filmmakers while filming in their jurisdiction, so as to ease the process of filming.

- **FFO at AFCI’s Cineposium 2018**

  The FFO attended Association of Film Commissioners (AFCI)’s annual three-day key industry workshop called Cineposium, from September 20 – 22, 2018 in Los Angeles, USA, that consisted of a series of interactive and educational seminars with the industry wherein the sessions intended to impart solutions to the challenges faced by the film fraternity in an ever-changing industry, including those related to film shoots. The visit also gave the FFO an opportunity to meet with various global majors out of the USA like Warner Brothers, HBO, CAA, Paramount Studios, Entertainment Partners, Final Draft, Kodak, and discuss the web portal and Film in India initiative of the Government of India with them.

- **Engagement with State Nodal officers**

  In an endeavour to gather State and Locations information from the States and mobilize them to ease filming at the ground level, the State FFO officials met with various Nodal officers, especially North-Eastern States like Manipur, Meghalaya, Tripura, Assam, Nagaland, and Southern States of Hyderabad and Telangana. Additionally, FFO has been engaging continuously with Lakshadweep towards creating favorable filming guidelines and promoting various locations therein.

- **Participation in Film Bazaar 2018**

  FFO organized participation of 9 States of Andhra Pradesh, Delhi, Gujarat, Karnataka, Lakshadweep, Rajasthan, Telangana, Uttar Pradesh, and Uttarakhand at the Film Bazaar with their respective Film Offices with a view to showcase their locations to various filmmakers from India and abroad. A session showcasing the FFO web portal to the industry was conducted at the Knowledge Series as well.
FFO further facilitated directors and producers including Shoojit Sircar, Ramesh Sippy, Richa Chaddha, Sheel Kumar, Ronnie Lahiri, Sanjay Suri, Bhuvan Lall, Canadian filmmaker Pierre Gill, CEO of Producers Guild of India Kulmeet Makkar, international Line Producer Dileep Singh Rathore, MD of MPA (India Office), Uday Singh, in meetings with the nodal officers of various State film offices.

- **Promotion at International Film Festivals**

The FFO has been promoting Indian locations, its incentives and Co-production treaties etc., at various global platforms such as the Cannes Film Festival (8-19 May 2018), Toronto International Film Festival (6-16 September 2018) and Videocitta Film Festival (19 - 28 October 2018 at Rome, Italy).

- **Most Film Friendly State Award 2017**

An eminent jury chaired by acclaimed filmmaker Shri Ramesh Sippy, Shri Nagraj Manjule, Shri Raja Krishna Menon, Shri Vivek Agnihotri, and Shri Uday Singh, MD, Motion Picture Association (India Office), recommended the recipient of the ‘Most Film Friendly State Award 2017; given under the aegis of the National Film Awards. Subsequent to the detailed analysis and discussions of the applications received from 16 States, the Jury unanimously conferred the award for the “Most Film Friendly State” to Madhya Pradesh and Uttarakhand was given a Special Mention Certificate.

**COMMEMORATION OF 150th BIRTH ANNIVERSARY OF MAHATMA GANDHI**

As part of the 150th Birth Anniversary of Mahatma Gandhi, NFDC, Chennai is arranging screening of the film GANDHI/TAMIL to students at Schools and our Tagore Film Centre, from October, 2018 for 2(two) years, to spread the message of Gandhi Philosophy on truth and non-violence among students.

NFDC is planning to bring out special edition reworked DVD’s of iconic feature film Gandhi directed by Richard Attenborough. These DVD’s will earmark the 150th birth anniversary of Mahatma Gandhi and will be distributed and retailed for the occasion.

A key initiative undertaken by Ministry of Information & Broadcasting to celebrate the 150 years of Gandhiji, it is NFDC’s endeavor to encourage the youth of India to participate in this Short Film Competition. A Short Film competition that invites young amateur filmmakers (School/College Students) to make Short Films based on “Be the change which you want to see in the world” to showcase the relevance of Mahatma Gandhi’s messages even today in the 21st century, on the www.mygov.in platform. The competition was held between 2nd Oct & 31st Dec 2018. https://www.mygov.in/task/be-change-which-you-want-see-world-short-film-competition/

**CINE ARTISTES WELFARE FUND OF INDIA**

The Cine Artiste Welfare Fund of India (CAWFI) is a Trust managed by NFDC since 1991. Lord Richard Attenborough, who made the movie Gandhi, set up a corpus fund using 5% of the profits earned by the film to extend financial assistance to needy cine artistes of yesteryears. The main objective of the Trust is to give financial assistance to the old cine artistes above 50 years who have fallen on bad days and no one to support them. Presently an amount of Rs.3000/- given as monthly assistance for cine artistes.

Total beneficiaries for the year 2018-19 is 300 pensioners.

Skill Development training in media was given under the CAWFI Scheme to the dependents of the CAWFI Pensioners. So far 68 candidates have received the training with the stipend of Rs.3000/-

USE OF HINDI AS OFFICIAL LANGUAGE

Hindi is the Official Language of the Union of India. There is a well-considered policy of the Government to accelerate the progressive use of Hindi in Official work. This Ministry has been emphasizing on the use of Hindi as per the Official Language Policy of the Government of India. The Official Language Implementation Committee (OLIC) in the Main Secretariat of the Ministry monitors the progressive use of Hindi in the Main Secretariat as well as in its attached and subordinate offices. The meetings of Official Language Implementation Committee are held regularly to monitor the status of implementation of the Official Language Policy in the Ministry and its media units/organizations and ways and means to augment the use of Hindi in official work and achieve targets under the annual programme as fixed by the Department of Official Language.

2. To provide necessary assistance in translation, implementation and monitoring of the Official Language Policy of the Government of India, Main Secretariat of the Ministry has an approved strength of one Director (OL), one Deputy Director (OL), two Assistant Directors (OL), two Senior Hindi Translators and two Junior Hindi Translators.

3. In order to ensure issuance of all papers/documents under Section 3(3) of the Official Languages Act in bilingual form and that letters received in Hindi and signed in Hindi are invariably replied to in Hindi only, check-points were strengthened. In addition, quarterly progress reports received from different sections and media units were reviewed and remedial actions were taken/suggestions were made in order to ensure better compliance of the Official Language Policy.

4. This year the meeting of Hindi Advisory Committee was organised on 20.04.2018 under the chairmanship of former Honourable Minister of Information and Broadcasting (HMIB), Smt. Smriti Zubin Irani to increase the use of Hindi in the official work of this Ministry. During the meeting, the then HMIB directed to form a Sub-Committee including DD News, DG: AIR, DG: DD and Publication Division so that all historical, social, cultural and literary programmes made by these media units could be brought on one forum so as to ensure that these programmes could be put up before the public in Hindi to increase the reach of Hindi in letter and spirit.

5. This year 11th World Hindi Conference was organised by GOI and GOM in Mauritius. As per Ministry’s policy to propagate Hindi world-wide, Joint Director (OL) from the Main Secretariat, Director, DD News & Joint Director, Publication Division were deputed to participate in this conference as delegates who contributed immensely in various academic sessions of the conference.

6. For promoting the use of Hindi in official work, “Hindi Fortnight” was organized in the Ministry during 14-28 September 2018. During this period, Essay writing, Poetry Recitation, Noting/Drafting, Dictation, Translation, Typing, Stenography and Debate competitions were organized in which 71 officials participated.

7. Two incentive schemes for original noting-drafting and dictation by the senior officers as per the directions of Dept. of Official Language, Ministry of Home Affairs are also operative. Last year a new incentive scheme was started for the Media units and sections of the Ministry. In this scheme, prizes/trophies are proposed to be awarded to the winning Media Heads and sections of the Ministry on the basis of their annual performance in the usage of Hindi in their official work. In order to facilitate the officials in use of Hindi in official work attached & subordinate offices also organized OLIC meetings, Hindi workshops, Hindi Fortnight & various other meetings in their respective organizations.

8. The Second Sub-Committee of the Committee of the Parliament on Official Language has inspected 17 offices under this Ministry during the year. The suggestions made by the Committee were noted and remedial actions initiated for better implementation of the Official Language Policy.

GRIEVANCE REDRESSAL MECHANISM

The Grievance petitions received in the Ministry are registered and processed in the computerized Centralized Public Grievance Redress and Monitoring System (CPGRAMS). All petitions received are acknowledged according to norms and the acknowledgement letter contains registration number of the grievance, expected time of disposal and the details of the contact person. The grievance petitions are sent to the concerned media units/offices/divisions to redress the grievance, with the direction to send a suitable reply to the petitioner, as per rules. These petitions are monitored on regular basis, by sending reminders to the concerned offices/divisions and by convening review meetings etc. In all the media units, attached/ subordinate offices, autonomous bodies and public sector undertakings working under the administrative control of the Ministry, normally an officer not below Junior Administrative Grade is designated as Public Grievance Officer of that Unit. In important and urgent nature of cases, senior officers of the concerned media units/offices hold discussions for quick disposal of the cases. The position regarding final disposal of petitions is also intimated to the petitioners by post or through CPGRAMS.

The guidelines regarding redressal of public grievances/activating machinery for redressal of public grievances received from Department of Administrative Reforms and Public Grievances etc. are circulated to all media units/autonomous bodies etc. functioning under the aegis of this Ministry. Disposal of grievances is also monitored at the highest level in this Ministry as well as by Hon’ble Prime Minister in monthly PRAGATI Meetings.

The Right to Information (RTI) Act, 2005 provides freedom to every citizen to secure access to information under the control of public authorities, consistent with public interest, in order to promote openness, transparency and accountability in administration and in relation to matters connected therewith or incidental thereto. Right to information means the right to information accessible under this Act, which is held by or under the control of any public authority and includes the right to-

1. Inspection of work, documents, records;
2. Taking notes, extracts or certified copies of documents or records;
3. Taking certified samples of material;
4. Obtaining information in the form of CDs or in any other electronic mode or through printouts where such information is stored in a computer or in any other device.

Implementation of RTI Act in the Main Secretariat:

The RTI Cell of the Ministry was established on 4th July, 1997 in pursuance of the decision of the Government to make administration more transparent and responsive.

All Applications, appeals and decisions of the Central Information Commission (CIC) under RTI Act, 2005 related to the Ministry, its attached offices, subordinate offices, PSUs and autonomous bodies are received in the RTI Cell. The Ministry of I&B has designated 27 CPIOs and 13 Appellate Authorities (AA) to provide information and to take decision on the appeals filed. List of CPIOs and Appellate Authorities are available in this Ministry’s website i.e. https://www.mib.gov.in.

The year-wise RTI applications & appeals received and action taken are reflected below:

1234 applications and 152 appeals have been received during the period from 01.01.2018 to 09.11.2018 at RTI Cell and all the applicants have been replied suitably. A web portal accessed at ‘https://rtionline.gov.in’ was launched in April 2013. MIB received 683 online applications and 92 appeals. RTI applications received physically through Dak are also uploaded on RTI web portal. An amount of Rs. 10459/- has been received as application fee/ information charges/ inspection charges for the period from 01.01.2018 to 09.11.2018. Apart from this, RTI Cell also attends to all RTI queries received from visitors of different states of the country.

The RTI Cell provides the following services to the clients/ customers of the Organization:

(a) Information regarding services provided and programmes, schemes supported by the organization and the relevant rules and procedures through brochures, folders;
(b) Facilitating the customer/ client to obtain the services of the Organisation optimally, timely, efficiently and in a transparent manner and providing forms etc of public usage;
(c) Information regarding the standards of quality of service, time norms etc evolved by the organization with reference to the services/ schemes/ functioning of the organization; and
(d) An Information Manual under RTI Act, 2005 has been revised by Ministry of Information & Broadcasting.

Mechanism to deal with RTI applications

All applications received under RTI Act are scrutinized and RTI applications which do not concern this Ministry are transferred to the CPIO of the concerned Ministry and the remaining applications are forwarded to the concerned CPIOs in the Ministry.
As a mechanism to follow up the pending application, colour coded reminders are sent to CPIOs on blue and pink papers after 15 and 25 days respectively so that there may not be any lapse in providing information to the applicant within the prescribed period of 30 days.

RTI applications and appeals received through online RTI portal are forwarded online to concerned CPIOs / AAs of the Ministry. All the CPIOs and AAs have been provided username and passwords to check status of the applications / appeals and send online replies.

**Implementation of Section 4 of the RTI Act, 2005**

The Ministry has already completed the obligations under Section 4(b)(i) and 4(b)(ii) which deals with suo-moto disclosure of all information held by the Public Authority and uploading the same in the public domain through its website. RTI applications, appeals and their replies are uploaded on the website by the Ministry. Quarterly Report giving the figures of applications/ appeals received, rejected, transferred is uploaded on the CIC’s website regularly.

**Implementation of RTI Act in the Attached/ Subordinate offices of the Ministry**

CPIOs and Appellate Authorities have been appointed by all the attached/ subordinate/ PSUs and autonomous bodies under this Ministry. They are working in accordance with the instructions issued in this regard by DoPT from time to time.

IRLA (Individual Running Ledger Accounting System):-

Pay & Accounts Office (IRLA) came into existence along with other departmentalized PAOs of other Ministries. The idea of IRLA system (Individual Running Ledger Accounts for Group – A officers) originated to keep all service and payment detail in a centralized system so that officers of Media Units of the Ministry of Information and Broadcasting and Prasar Bharati, who have an all India transfer liability can draw their Salary conveniently. Pay & Accounts Office (IRLA) is maintaining service and salary records of Media Units of the Ministry of Information and Broadcasting and offices of Prasar Bharati (Doordarshan & All India Radio) located in various cities all over the country. PAO (IRLA) has been on-boarded on Digital Platform with launch of a new website (https://iis.mib.gov.in/irla/) in July, 2018, developed in consultation with the NIC cell of M/o I&B. It facilitates Group-A officers in getting online services viz. salary slip, Income tax Form-16 and GPF statement etc. It is also being considered to add more online services on this website in the coming time.

Banking Arrangements:-

State Bank of India is the accredited bank for PAOs and its field offices in the Ministry of Information & Broadcasting. Cheques issued by the PAOs/CDDOs are presented to the nominated branch of the accredited bank for payment. The receipts are also remitted to the accredited banks by the respective PAOs/CDDOs apart from Non-Tax-Receipt Portal (NTRP). Any change in accredited bank requires specific approval of Controller General of Accounts, Department of Expenditure, Ministry of Finance.

Principal Accounts Office has 14(Fourteen) Pay & Accounts Offices, including of 06 PAOs attached with Prasar Bharati. Five PAOs are located in New Delhi, two each in Mumbai, Chennai, Kolkata and one each in Nagpur, Lucknow and Guwahati. All payments pertaining to the Department/Ministry are made through PAOs/CDDOs attached with respective PAOs. Drawing and Disbursing Officers present their claims/bills to the designated PAOs/CDDOs, who issue cheques/releases e-payment after exercising the necessary scrutiny as per provisions contained in Civil Accounts Manual, Receipt and Payment Rules and other orders issued by Govt. from time to time.

Computerization of Accounts:-

The process of computerization of accounts in the Departmentalized Accounting Organization of M/o Information and Broadcasting started with computerization of accounting function by the O/o Controller General of Accounts, Ministry of Finance. The software titled CONTACT had been used in the Pr. Accounts Offices for consolidation of monthly accounts. In this Ministry all PAOs used voucher level computerization IMPROVE. From the month of November, 2008 onwards the monthly account has been submitted to the O/o CGA after PAO wise adjustment of Put through Statement with online acceptance by the Principal Accounts Office. Window based applications like Microsoft Word and Excel are also used for preparation of Head-wise Appropriation accounts, Material of
Union Government Finance Account (Civil) and monthly expenditure and receipt statements for submission to Ministry and for other MIS purposes.

**COMPACT (PAO 2000):**

A multi user software for use at the Pay & Accounts Office level was inducted to replace the existing IMPROVE Software. This software was developed with a view to computerizing the work in all the Pay & Account Offices. This software had the following features:

1. Pre-check (Integrated payment and accounting functions and Automatic Cheque printing)
2. Electronic Bank Reconciliation
3. General Provident Fund
4. Compilation of Accounts
5. Settlement of Pension Cases
6. Expenditure Vs. Budget Control

**Initiatives on e-payment**

The e-payment system in all Pay & Accounts Offices of Ministry of Information & Broadcasting had been successfully implemented from 2011 onwards.

**e-Payment System**

Since, the IT Act, 2000 recognizes the digitally signed documents or electronic records digitally authenticated by means of an electronic method or procedure in accordance with the provisions of section 3 of the Act, the Controller General of Accounts had developed a facility in COMPACT for electronic payment (e-payment) through digitally signed electronic advices. This had replaced the existing system of payment through cheque while leveraging the COMPACT application running in all Pay & Accounts Offices in all Ministries/Departments of Central Government.

The e-payment system developed was a fully secured web based system of electronic payment services which introduces transparency in government payment system. Payment of dues from the government under this system were made by credit of money directly in to the bank account of payee through a digitally signed e-advises generated from COMPACT through the ‘Government e-payment Gateway (GePG)’ on a secured communication channel. Necessary functional and security certification were obtained from STQC Directorate for its roll out. The system was implemented in all Central Government Civil Ministries/Departments in a phased manner.

GePG has further been upgraded to PFMS system, which is an integrated Financial Management system of Controller General of Accounts, for sanction preparation, bill processing, payment, receipt management, Direct Benefit Transfer, fund flow management and financial reporting.

**Registration of Digital Signatures:** The Pay & Accounts Officer obtains digital signature from the NIC Certifying Authority. The digital signatures obtained from the NIC Certifying Authority are stored in a USB Token called i-Key. The PAO registers the digital signatures with PFMS portal through the Principal Accounts Office of the concerned Ministry/Department. The concerned banks download the PAOs digital signatures from the PFMS portal. Digital signatures of the authorized signatory of the concerned banks are also uploaded on PFMS portal for authentication of e-payment scrolls provided to PAOs by the banks.

**Submission of Bill:** The Drawing and Disbursing Officers (DDOs) submit bills for e-payment along with mandate form and details of payee viz. IFSC Code of Bank Branch, A/C Number, Name, Address, etc., to the Pay & Accounts Officer (PAO). A token number is generated from COMPACT and communicated to DDO.

**Bill Processing:** The bills are processed in the Pay & Accounts office in COMPACT System.

**Digital Signatures:** Once the bill is passed by the PAO, it is digitally signed using the secure I-Key and e-payment authorization is generated by the system.

**Uploading authorization on PFMS:** The e-payment authorization file (e-advice) is uploaded on the PFMS in a secure environment. Concerned banks downloads the e-advises from PFMS and after necessary verification of digital signature etc, the bank would credit the beneficiaries’ account using CBS/NEFT/RTGS as applicable.

**e-Scrolls:** A digitally signed electronic scroll is generated and uploaded by the bank on PFMS for all successful e-payments. e-Scrolls are downloaded by the PAOs and incorporated in the COMPACT system for reconciliation and other MIS purposes.
**Advantages of e-payment**

- Saving in time and effort due to online fund transfer using digitally signed unique e-authorisation ID.
- Secure mode of payment.
- Transparency in payment procedure.
- Elimination of physical cheques and their manual processing.
- Elimination of constraints of manual deposit of cheque by the payee into his bank account.
- Enhancement of overall payment processing efficiency.
- Online auto-reconciliation of payments.
- Efficient compilation of accounts.
- Complete audit trail of transactions at all level.

**PUBLIC FINANCIAL MANAGEMENT SYSTEM (PFMS)**

Public Financial Management System (PFMS) initially started as a Plan Scheme named CPSMS of the erstwhile planning commission in 2008-09 as a pilot in four states of Madhya Pradesh, Bihar, Punjab and Mizoram for four Flagship schemes e.g MGNREGS, NRHM, SSA and PMGSY. After the initials phase of establishing a network across Ministries / Departments, it has been decided to undertake National roll-out of CPSMS (PFMS) to link the financial networks of Central, State Governments and the agencies of State Governments. The scheme was included in 12th Plan initiatives of erstwhile Planning Commission and Ministry of Finance. Presently PFMS is the scheme of Department of Expenditure, Ministry of Finance and being implemented by O/o Controller General of Accounts across the country.

2. As per MoF, DoE, OMM 66 (29) PF-II/2016 dated 15/07/2016, Hon’ble Prime Minister has emphasized the need for improved financial management in implementation of Central Plan Schemes so as to facilitate Just-in-Time releases and monitor the usage of funds including information on its ultimate utilization. The Public Financial Management System (PFMS) is administered by the O/o Controller General of Accounts in the Department of Expenditure which is an end-to-end solution for processing payments, tracking, monitoring, accounting, reconciliation and reporting. It provides the scheme managers a unified platform for tracking releases and monitoring their last mile utilization.

3. In order to abide by the directions to implement Just-in-time releases and monitor the end usage of funds, it has been decided by Ministry of Finance to universalise the use of PFMS to cover all transactions/payments under the Central Sector Schemes. The complete monitoring of these schemes require mandatory registration of all Implementing Agencies (IAs) on PFMS and mandatory use of Expenditure, Advances & Transfer (EAT) module of the PFMS by all IAs. The Implementation Plan covers the complete universe of Central Sector Schemes, which inter-alia requires the following steps to be taken by each Ministry/Department:-

(i) All central schemes have to be mapped /configured and brought on the PFMS platform.

(ii) All Implementing Agencies (IAs) receiving and utilizing funds needs to be mandatorily registered on PFMS.

(iii) Usage of PFMS modules has to be made mandatory for all registered agencies for making payments, advances and transfers.

(iv) All Departmental Agencies incurring expenditure in respect of Central Sector Schemes must register and compulsorily use the PFMS Modules.
(v) All Grantee Institutions have to adopt PFMS modules for making Payments/Transfers/Advance from Grants received from the Central Govt. This will enable generation of on-line Utilization Certificates for claiming funds from the Central Government.

(vi) Ministry has to take an action for integrating their respective systems/applications with the PFMS.

**Modules to implement the Mandate**

Modules developed/under developed by PFMS for stakeholders as per the Union Cabinet approval and mandate are as under:

I. **Fund Flow Monitoring**
   - (a) Agency registration
   - (b) Expenditure management and fund utilization through PFMS EAT module

(d) Pension module
(e) GPF & HR module
(f) Receipts including GSTN
(g) Annual Financial Statements
(h) Cash Flow Management
(i) Interface with non-civil ministries

2. **Non-Tax Receipt Portal.**

**Other Departmental Initiatives**

To leverage the capabilities of PFMS, several other departments have approached PFMS for developing need base utilities for their departments as follows:-

   - (i) Interfaces for MHA (Foreigners Division)
     Monitoring of Agencies receiving fund under FCRA
   - (ii) CBDT PAN Validation
   - (iii) GSTN bank account validation

**Implementation Strategy**

An Action Plan has been prepared and approved by Ministry of Finance for phased implementation of Public Financial Management System (PFMS).

**Improved Financial Management through:**

- Just in Time (JIT) release of funds
- Monitoring of use of funds including ultimate utilization

**Strategy:**

- Universal roll-out of PFMS which inter alia includes
- Mandatory registration of all Implementing Agencies (IA) on PFMS and
- Mandatory use of Expenditure Advance & Transfer (EAT) Module of PFMS by all IAs.

I. **Implementation Strategy for Central Sector (CS) schemes/transaction**

Activities to be completed

- Mandatory registration and use of EAT module by IAs
- Mapping of all relevant information of Schemes
- Uploading of budget of each scheme on PFMS
- Identify implementation hierarchy of each scheme
- Integration of System Interface of specific schemes with PFMS e.g. NREGASoft, AwasSoft
- Deployment and training of trainers

**II. Implementation Strategy for Central Assistant to State Plan (CASP)**

Activities to be undertaken by states

- State Treasury Integration with PFMS
- Registration of all SIAs on PFMS (1st level and below)
- Mapping of state schemes with corresponding central schemes
- Configuration of State schemes on PFMS
  - Configuring State Schemes components
  - Identify and configure hierarchy of each state scheme
- Integration of PFMS with schemes specific software application
- Deployment and training of trainers
- Continuous support for implementation

At present, all fourteen (14) Pay & Accounts Offices of M/o Information & Broadcasting (including Six (06) PAOs attached with Prasar Bharati for GPF & Pension) are functioning successfully on PFMS. All payments are routed through PFMS and e-payments being directly credited into the beneficiary’s bank account.

**I. Employees Information System (EIS) Module of PFMS**

Employee Information System (EIS) is a Centralized; Integrated (with PFMS) Web based System/Package for Personnel Information and Payroll. It provides comprehensive structural facilities for Drawing and Disbursing Offices working for different Departments/Ministries of the Government of India.

It works on the concept of dual user i.e. ‘DDO Maker’ & ‘DDO Checker’ and both registered under the domain of Drawing & Disbursing Officer. The DDO Maker’s work is to input the details and prepare all types of e-Pay bills and DDO Checker’s work is to verify and submit to PAO for further processing of payment.

EIS generates the salary e-Pay bill and the necessary schedules for GPF, Income Tax, and Interest bearing advances like HBA, MCA, and OMCA etc. EIS Module has been implemented in all Drawing & Disbursing Offices of Ministry of Information & Broadcasting.

**II. CDDO Module of PFMS**

In order to universalize the use of PFMS to cover all transactions/payments of the Central Government. Office of Controller General of Accounts, Ministry of Finance, Department of Expenditure has extended the functionality of making e-payment through digital signature to the Cheque Drawing & Disbursing Officers (CDDOs) in the field formations through CDDO Module of PFMS.

Using this module, CDDOs in the field formations have been empowered to disburse the funds in the Vendor / Beneficiary’s bank account through e-mode (NEFT/RTGS) with real time booking of expenditure in the Government Accounts (e-lekha) and PFMS.

CDDO module of PFMS has been rolled out in all twenty (20) Cheque Drawing and Disbursing Offices of Ministry of Information and Broadcasting.

**III. Non Tax Receipt Portal (NTRP) /Bharatkosh (https://bharatkosh.gov.in/)**

- The objective of Non-Tax Receipt Portal (NTRP) is to provide a one-stop window to Citizens/Corporate /Other users for making online payment of Non-Tax Revenue payable to Government of India (GoI).
- Non-Tax Revenue of Government of India comprise of a large bouquet of receipts, collected by individual departments/ministries. Primarily these receipts come from Dividends, Interest receipts, Spectrum charges, RTI application fee, purchase of forms/magazines by students and many other such payments by citizens / corporate/other users.
The online electronic payment in a completely secured IT environment, helps common users/citizen from the hassle of going to banks for making drafts and then to Government offices to deposit the instrument for availing the services. It also helps avoidable delays in the remittance of these instruments into Government account as well as eliminates undesirable practices in the delayed deposit of these instruments into bank accounts.

NTRP facilitates instant payment in a transparent environment using online payment technologies such as Internet Banking, Credit/Debit Cards.

NTR Portal has been functional in Ministry of Information and Broadcasting from 01st November, 2016.

The collection of Non-tax revenue of the Ministry in the current Financial Year (2018-19) for the period from 01.04.2018 to 31.10.2018 is `1259.52 crore and out of this, `1223.46 crores have been collected through Bharatkosh on NTR e-portal only.

IV. Expenditure, Advance and Transfer (EAT) Module of PFMS

Ministry of Finance, Department of Expenditure has mandated the use of EAT module of PFMS in the all Central Sector Schemes of the Government. It is mandatory for all the Grantee/Autonomous Bodies to use EAT module of PFMS for disbursement of Grant-in-Aid through e-mode (NEFT/RTGS/PPA) up to the last beneficiary.

The objective of Expenditure, Advance and Transfer (EAT) module of Public Financial Management System (PFMS) is to help Program Implementing Agencies (PIAs) in filing of expenditure, transferring funds, advances and its settlement.

All six (06) Autonomous Bodies of Ministry of Information & Broadcasting have been on-boarded on Expenditure Advance Transfer (EAT) module of PFMS.

V. Centralized online GPF Module roll out

GPF Module of PFMS provides unique employee ID to Central Government Employees thereby facilitating online application for GPF advances and withdrawals with online access to the employee’s current GPF balances. In the first phase, it is being implemented in PAOs whose all DDOs are using EIS Module of PFMS for generation of salary bills. On-boarding of this module is underway in Ministry of Information & Broadcasting.

VI. Merger / Integration of three Media Units DAVP, DFP and S&DD.

Consequent upon integration and merger of DAVP, S&DD and DFP into Bureau of Outreach Communication (BOC) and Regional Outreach Bureau (ROBs), Pay & Accounts Office (DAVP etc.) New Delhi has been re-designated as PAO (BOC etc.), New Delhi w.e.f 1.04.2018 and field offices (DDOs) of erstwhile DAVP, S&DD & DFP has been subsumed and re-designated in 23 Regional Outreach Bureaux (ROBs- 17 Cheque Drawing DDOs and 06 Non Cheque Drawing DDOs) with fresh delegation of Cheque Drawing powers in favour of 17 newly created and designated Cheque Drawing ROBs in terms of Rule -11 of Receipt & Payment Rules and Para 3.1 of Civil Accounts Manual.

VII. Creation of posts for 21 Senior Accounts Officer in newly created ROBs.

VIII. Organizing Pension Adalat

With the objective of prompt and quick redressal of pensioners’ grievances, within the framework of extant policy guidelines in the presence of all concerned stakeholders across the tables, viz. officials in-charge of Pay fixation & Pension processing, PPO issuing branch, Pay & Accounts Offices as well as senior officials of the concerned Banks, a notice was issued in advance to the pensioners intimating the time and venue of the Pension Adalat so that he or his representation could be present to plead his case.
Ministry of Information & Broadcasting has conducted Pension Adalats on 18th September, 2018 at different locations wherein thirty five (35) cases have been reported & considered and out of this, thirty one (31) cases have been resolved during Pension Adalat.

IX. Directory of PAOs & DDOs

Need for a revised directory of Drawing and Disbursing Offices has been felt after integration and merger of DFP, S&DD and DAVP into Bureau of Outreach & Communication (BOC) at HQ level and Regional Outreach Bureau (ROB) at integrated regional unit level. Therefore, Second edition of comprehensive directory of PAO/CDDO/NCDDO under M/o I&B has been published in September, 2018 for all the stakeholders.

X. Procurement through GeM Portal

Provisions relating to purchase of goods and services through Government e Marketplace (GeM) portal have been made in rule 149 of GFR 2017 by the GoI. As per the provisions of Rule 149 of GFR 2017 “The procurement of goods and services by the Ministries or departments will be mandatory for the Goods or Services available on GeM”.

XI. Promotion of Digital Payments

Ministry of Electronics & Information Technology (MeitY) has initiated four incentive schemes for promotion of digital payments namely BHIM cash back scheme for individuals, BHIM incentive scheme for merchants, BHIM Aadhaar Merchant incentive scheme and MDR waiver for Debit Card/ BHIM-UPI/ Aadhaar Pay transactions less than or equal to ₹ 2000 in value. Necessary instructions have been issued to all Grantee Institutions and PSUs of this Ministry including Joint Secretary in-charge of Broadcasting, Film and Information Sector to widely publicize these incentive schemes amongst all the stakeholders including subscribers, customers, license operators, students and general public for promoting digital payments.

XII. Constitution of Internal Audit committee

An Internal Audit Committee has been constituted in the MIB under the Chairmanship of AS&FA (I&B) with the mandate to review the performance and administration of internal audit function periodically for specifying the directions and risk areas under which internal audit function should move.

XIII. Revision of Pre-2016 pension cases

Consequent on implementation of 7th Central Pay Commission, approximately 25,682 pension cases have been finalized, settled and sent to Central Pension Accounting Office (CPAO) up to 10.09.2018.

It is also mentioned that CBS continued to broadcast their content even though they had already defaulted in payment for earlier broadcasts. Further, there was no effort on part of CBS to effectively pursue or recover the outstanding dues. CBS also failed to maintain updated records of the address and whereabouts of the defaulting agencies which shows their unenthusiastic approach to the matter.</td>
