<u>Procedure for financial assistance for promotion of Indian films selected for competition in Film Festivals and Indian Films which reach final stage of selection of Oscars – Academy Awards.</u>

#### Introduction

India is the largest producer of films in the world. Although a number of aesthetically rich and technically excellent films are made in the country, due to lack of promotion, these films fail to draw attention and fail to make a mark. The existing components in the Plan Scheme only envisages participating in film festivals by making entries of films selected under Indian Panorama or by supporting travel of a film maker whose film is selected. These existing measures are inadequate to promote promising Indian films in a proactive manner which includes supporting the promotion campaigns of these films in international arena.

- 2. In addition, selection of Indian film festival in international festival or being India's nominee to the Academy Awards is a matter of national prestige and also is an indication of the film's cinematic quality and talent of the film maker which are crucial in the development of growth of film industry from domestic and global perspective. The impact of participation of Indian films in international film festivals and events like Oscars is immense to the Indian film industry.
- 3. Keeping the above in view, it is proposed to work out a scheme to help film makers monetarily to promote their films once they are selected at International Film Festivals or events like Oscars.

#### Terms of Funding – Festivals

- 4. A list of various important international festivals and different categories of competition under each of these festivals is at **Annexure D-1**. The list also includes the Academy Awards. Depending on the importance of the festival and the profile of the category of award in the festival, the maximum amount of financial assistance has been worked out.
- 5. Applications can only be made for the promotion of a film selected in an official category /competition at an eligible festival, Academy Awards as identified in **Annexure D 1**. Either the Director or the Producer of such film, both being included in the description of a filmmaker, may make the application. Application should be submitted along with detailed synopsis of the film, in addition to other relevant details as sought in the application

form. Applicants should also be ready to screen the film for a Panel of Experts who would be recommending giving financial assistance to a film.

- 6. General applications submitted in respect of any other festivals or for the promotion of a film at an international market (e.g. at a market screening) or for the filmmakers to attend a particular international market will not be accepted.
- 7. Documents giving proof of official selection at the eligible festival or nomination to Academy Awards must be submitted and such screening must be a World/European/North American or an Asian premiere.
- 8. The strength of the film's international marketing strategy and how the event (i.e. the selection) will enhance the film's publicity, promotions and the sales or the release plan will be evaluated before making a decision.
- 9. It will also be mandatory for the filmmaker to disclose and indicate the amount of funds being brought in by the filmmakers for the specific purpose of promoting the film in the festival or for the general purpose of promoting the film internationally, including its utilization.

#### Process of recommendation for financial assistance

10. While films selected for competition in any sections of the festivals as mentioned at Annexure D-1 as well as nominated as India's entry for Academy Awards are eligible to apply seeking financial assistance, the decision for providing financial assistance would be based on the recommendation of a panel of experts which will be constituted by the Government. The Panel would examine various information provided by the film maker and also view the film prior to making their recommendations. Financial assistance to a film under this scheme would be subject to recommendation of Panel of Experts.
